INFORMATION MEMORANDUM

2 May 2008

pSivida Limited

ABN 78 009 232 026

Information Memorandum for a recommended scheme of arrangement between pSivida Limited and the holders of ordinary shares in pSivida Limited in relation to the proposed reincorporation of pSivida Limited.

Scheme Meeting to be held on 6 June 2008

Your directors unanimously recommend that you vote in favour of the proposed reincorporation.

The Independent Expert has concluded that the Scheme is in the best interests of Shareholders.

This Information Memorandum comprises:

- (a) the explanatory statement in relation to the Scheme;
- (b) the information memorandum for the listing of New pSivida, Inc. on ASX;
- (c) the notice of meeting regarding the Scheme, to be held on 6 June 2008;
- (d) the explanatory statement in relation to the EGM; and
- (e) the notice of meeting regarding the EGM, to be held on 6 June 2008.

IMPORTANT NOTICES/DISCLAIMERS

Date of Information Memorandum

This Information Memorandum is dated 2 May 2008. Copies of this Information Memorandum and proxy forms were sent to Shareholders on that date.

Purpose of Information Memorandum

This Information Memorandum's purpose is to provide Shareholders with an explanation of the terms of the Scheme and the proposed manner of its implementation, together with other information material to the decision whether to approve the Scheme. Shareholders will be asked to consider a resolution approving the Scheme at the Scheme Meeting.

This Information Memorandum provides information to Shareholders in relation to the EGM to approve the New pSivida ESOP.

This Information Memorandum contains the explanatory statement under Part 5.1 of the Corporations Act in relation to the Scheme. This Information Memorandum is also the information memorandum for the listing of New pSivida on ASX and for CDIs in respect of New pSivida Shares to be granted official quotation on the financial market operated by ASX.

Under US law, this Information Memorandum is also a solicitation by the Board, the cost of which is being borne by the Company. The Company's directors, officers and employees also may solicit proxies personally and by telephone, facsimile or other electronic means of communication. These persons will not receive any additional or special compensation for their solicitation services.

This Information Memorandum is not a disclosure document required by Chapter 6D of the Corporations Act. Section 708(17) provides that Chapter 6D of the Corporations Act does not apply in relation to arrangements under Part 5.1 of the Corporations Act approved at a meeting held as a result of an order under section 411(1). Instead, shareholders asked to vote on an arrangement at such a meeting must be provided with an explanatory statement, such as the explanatory statement referred to above and included in this Information Memorandum.

This Information Memorandum is prepared in accordance with Australian and US disclosure requirements and accounting standards. These requirements and standards may differ from those in other countries.

Role of the Court

The Court has ordered the convening of the Scheme Meeting pursuant to section 411(1) of the Corporations Act. The convening of the Scheme Meeting by the Court does not constitute endorsement by the Court of the Scheme, or any expression of opinion by the Court on the Scheme.

If Shareholders approve the Scheme at the Scheme Meeting, the Court will be asked to approve the Scheme at the Second Court Hearing. The Second Court Date is currently scheduled for 10 June 2008. Any change to this date will be announced through ASX and notified on the Company's website.

Role of ASIC and ASX

A copy of this Information Memorandum has been given to ASIC pursuant to section 411(2) of the Corporations Act, and has been registered with ASIC pursuant to section 412(6) of the Corporations Act. ASIC has been requested to provide a statement, in accordance with section 411(17)(b) of the Corporations Act, that ASIC has no objection to the Scheme. If ASIC provides this statement, then the statement will be produced to the Court at the time of the Second Court Date. Neither ASIC nor any of its officers takes any responsibility for the contents of this Information Memorandum.

Notice to Shareholders Resident in Singapore

Where this Information Memorandum is received in, or made to a person resident in, Singapore, (i) each Shareholder represents and warrants to the Company and New pSivida that, as at the date of this Information Memorandum, he or she is a person falling within either section 273 (“Offers made in certain circumstances”), section 274 (“Offers made to institutional investors”) or section 275 (“Offer made to accredited investors and certain other persons”) of the Securities and Futures Act (Chapter 289) of Singapore (“SFA”); and (ii) each Shareholder represents and undertakes to the Company and New pSivida that neither this document nor any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of New pSivida Shares will be distributed or circulated by him or her, nor will the New pSivida Shares be offered or sold, or made the subject of an invitation for subscription or purchase, whether directly or indirectly, in Singapore, other than pursuant to and in accordance with an exemption under Subdivision (4) of Division 1 of Part XIII (other than section 280), or other applicable division, of the SFA and to persons to whom the New pSivida Shares may be offered or sold under any such exemption.

Notice to Shareholders Resident in the United States

The New pSivida Shares to be issued pursuant to the Scheme have not been, and will not be, registered under the US Securities Act or the securities laws of any other state in the United States. The New pSivida Shares to be issued pursuant to the Scheme will be issued in reliance on the exemption from US Securities Act registration requirements provided in Section 3(a)(10) of the US Securities Act based on the Court’s approval of the Scheme, and will not be “restricted securities” within the meaning of the US Securities Act, except for New pSivida Shares held by affiliates of New pSivida at the time of issuance.

The New pSivida Shares to be issued pursuant to the Scheme have not been approved or disapproved by the SEC, or by any other securities regulatory authority of any state of the United States or of any international jurisdiction. Neither the SEC nor any other securities regulatory authority has approved or disapproved the New pSivida Shares or the adequacy or accuracy of this Information Memorandum. Any representation to the contrary is a criminal offence under applicable US law.

Notice to Shareholders Resident in Jurisdictions Outside Australia, Canada, France, Germany, Hong Kong, Ireland, Jersey, Malaysia, New Zealand, Singapore, Spain, Thailand, the United Kingdom and the United States

Investigating and complying with the potential securities law restrictions in every country in which the Company has Shareholders could be prohibitively costly. Therefore, Shareholders whose addresses recorded in the Share Register are outside of Australia, Canada, France, Germany, Hong Kong, Ireland, Jersey, Malaysia, New Zealand, Singapore, Spain, Thailand, the United Kingdom and the United States will not receive CDIs or New pSivida Shares under the Scheme, unless New pSivida is satisfied, before the Record Date and without being obliged to conduct any investigations into the matter, that such Shareholders lawfully can be issued CDIs or New pSivida Shares pursuant to the Scheme. Instead, such Ineligible Foreign Shareholders will receive the cash proceeds from the sale of their entitlements, net of any brokerage, taxes or other costs of sale (such amounts to be paid in AUD). The Nominee will receive CDIs on behalf of Ineligible Foreign Shareholders for sale and distribution of net proceeds to Ineligible Foreign Shareholders. As at 28 February 2008, Shares held by Ineligible Foreign Shareholders accounted for less than 0.1% of the Shares outstanding.

No Investment Advice

This Information Memorandum (other than the Independent Expert's Report) does not constitute financial product advice, and should not be relied upon as the basis for any investment decision in relation to the Scheme. Before making any investment decision in relation to the Scheme, you should consider, with or without the assistance of a professional adviser, whether that decision is appropriate in light of your particular investment needs, objectives and circumstances. If you have any doubt about what you should do, you should seek independent financial and tax advice before making any investment decision in relation to your Shares.

This Information Memorandum does not take into account your individual investment objectives, financial situation and needs. The information in this document should not be relied upon as the basis for any investment decision in relation to your Shares.

Responsibility Statement

The information contained in this Information Memorandum has been prepared by the Company and is the sole responsibility of the Company other than:

- (a) the Independent Expert's Report in relation to the Reincorporation (further discussed in section 4.3 and section 8 and set out in full in **Annexure H** of this Information Memorandum), which has been prepared by Pitcher Partners Corporate Pty Ltd, who take responsibility for that section;
- (b) the Australian tax consequences of the Reincorporation set forth in section 9.1 of this Information Memorandum, which is based on factual information provided by the Company and which has been prepared by Blake Dawson, who take responsibility for statements of law made, and the legal conclusions expressed, in that section; and
- (c) the US tax consequences of the Reincorporation set forth in section 9.2 of this Information Memorandum, which is based on factual information provided by the Company and which has been prepared by Ropes & Gray LLP, who takes responsibility for the statements of law made, and the legal conclusions expressed, in that section.

The information contained in this Information Memorandum for which Blake Dawson or Ropes & Gray LLP is responsible does not constitute "financial product advice" within the meaning of the Corporations Act. Neither the Blake Dawson partnership nor Ropes & Gray LLP which is providing this advice is licensed to provide financial product advice under the Corporations Act. To the extent that this Information Memorandum contains any information about a "financial product" within the meaning of the Corporations Act, taxation is only one of the matters that must be considered when making a decision about the relevant financial product. The material for which Blake Dawson or Ropes & Gray LLP is responsible does not take into account your individual investment objectives, financial situation or needs. Before making any investment decision in relation to the

Scheme, you should consider, with or without the assistance of a professional adviser, whether that decision is appropriate in light of your particular investment needs, objectives and circumstances. If you are in any doubt about what you should do, you should seek independent financial and tax advice before making any investment decision in relation to your Shares.

Neither the Company nor any of its Directors, officers or advisers (other than as referred to above) assumes any responsibility for the accuracy or completeness of any of the information in the Independent Expert's Report or taxation advice referred to above.

Forward Looking Statements

Certain statements in this Information Memorandum are about the future. Such forward looking statements involve a number of risks (both known and unknown), uncertainties and assumptions. Such forward looking statements may inaccurately predict the results, performance or achievements of the Company or New pSivida. Forward looking statements generally may be identified by the use of words such as "believe", "aim", "expect", "anticipate", "intend", "foresee", "likely", "should", "planned", "may", "estimate", "potential" or other similar words.

The operations and financial performance of the Company and New pSivida are subject to various risks and uncertainties that may be beyond the control of the Company and New pSivida. As a result, the anticipated results of operations and earnings of the Company and New pSivida following the Reincorporation, as well as the anticipated advantages of the Reincorporation, may differ significantly from those that are actually achieved in respect of timing, amount or nature, and may never be achieved.

The following are some of the factors that could cause actual results to differ materially from the forward looking statements: the scheme of arrangement for reincorporation of the Company, including whether or not it is implemented; the achievement of milestones and other contingent contractual payment events; failure to prove efficacy for BrachySil™; inability to raise capital; continued losses and lack of profitability; inability to develop or obtain regulatory approval for new products; inability to protect intellectual property or infringement of others' intellectual property; inability to obtain partners to develop and market products; termination of license agreements; competition; inability to pay any registration penalties; costs of international business operations; manufacturing problems; insufficient third-party reimbursement for products; failure to retain key personnel; product liability; inability to manage change; failure to comply with laws; failure to achieve and maintain effective internal control over financial reporting; amortization or impairment of intangibles; issues relating to Australian incorporation; potential inability to maintain the independent auditor; potential delisting from ASX or Nasdaq; possible dilution through exercise of outstanding warrants and stock options or future stock issuances; potential restrictions from capital raises; possible influence by Pfizer; and other factors that may be described in the Company's filings with the SEC.

None of the Company, New pSivida, their respective directors, officers and advisers, or any other person gives any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward looking statements in this Information Memorandum will actually occur. You, therefore, should not rely on these forward looking statements.

The forward looking statements in this Information Memorandum reflect the current views held by the Board as at the date of this Information Memorandum, unless otherwise stated. Subject to the Corporations Act, the ASX Listing Rules and other applicable law, the Company and New pSivida do not undertake to publicly update or revise any such statements after the date of this Information Memorandum, even if experience or future changes make it clear that any projected results expressed or implied in such statements will not be realised.

In particular, none of the Company, New pSivida or their respective directors, officers and advisers is responsible for any forward looking statement contained in the Independent Expert's Report.

No Offer Where Unlawful

This Information Memorandum does not constitute an offer to sell, nor an offer to buy, any securities in the Company or New pSivida in any jurisdiction in which such an offer would be illegal.

Privacy and Personal Information

The Company will need to collect personal information to implement the Scheme. The personal information may include the names, contact details and details of the holdings of Shareholders, together with contact details of individuals appointed by Shareholders as proxies, attorneys or body corporate representatives at the Scheme Meeting.

Shareholders who are individuals, and other individuals in respect of whom personal information is collected, have certain rights to access the personal information collected about them, and may contact the Company by email at brianl@psivida.com if they wish to exercise those rights.

The personal information collected may be disclosed to print and mail service providers, and to the Company's advisers to the extent necessary to effect the Scheme.

If the personal information outlined above is not collected from Shareholders, the Company may be hindered in, or prevented from, conducting a Scheme Meeting or implementing the Scheme effectively, or at all.

Shareholders who appoint an individual as their proxy, attorney or body corporate representative to vote at the Scheme Meeting should inform that individual of the matters outlined above.

You should also note that all persons are entitled, under section 173 of the Corporations Act, to inspect and copy the Share Register. This register contains personal information about the Company's Shareholders.

Defined Terms and Interpretations

Capitalised terms used in this Information Memorandum are defined in the Definitions and Interpretation in section 12. The Definitions and Interpretation also set out some rules of interpretation that apply to this Information Memorandum.

The documents reproduced in some of the Annexures in this Information Memorandum may also have their own defined terms, which are sometimes different from those set out in the Definitions and Interpretation.

Questions

If you have any questions about your Shares or any other matter in this Information Memorandum, please call the Company's information line:

LETTER FROM THE CHAIRMAN OF THE COMPANY

pSivida Limited
Level 16
190 Queen Street
Melbourne VIC 3000

2 May 2008

Dear fellow shareholders,

It is with great pleasure that I share with you the company's proposal to "reincorporate" in the United States, with a primary listing on the Nasdaq Stock Market and continued listings on the Australian Stock Exchange and the Frankfurt Stock Exchange. The reincorporation is designed to make our company a more attractive investment to our shareholders by increasing shareholder liquidity through the enlarged potential scope and depth of the company's shareholders, while maintaining strong ties with our Australian investor base.

During the past thirty months, we have been implementing our previously articulated strategy of concentrating operations in the USA. As a result, we have achieved significant strategic milestones that have dramatically improved our financial and strategic position:

- We acquired Control Delivery Systems, a US corporation, including its ophthalmic products and technologies.
- Pfizer became our largest stockholder and collaborative partner to develop ophthalmic products.
- Medidur™ FA for DME entered Phase III pivotal trials completely funded by our US collaborative partner, Alimera Sciences.
- We reported favourable results of Phase IIa trials for BrachySil™ for pancreatic cancer and will begin a Phase IIb trial shortly.
- We sold non-core businesses, restructured our organisation and located most of our operations in the US.
- Through our Pfizer and revised Alimera Sciences collaborations, we have significantly strengthened our financial position.

Our proposed reincorporation is the next key step in our strategy of building a global drug delivery company. We believe the proposed reincorporation will provide the following key potential advantages for our shareholders:

- Focus growth and development where the company has achieved its recent significant business successes.
- Enhance US-based demand for the company's securities.
- Continue strong connection with the Australian investor community.
- Reduce ongoing compliance costs.
- Continue engagement of Deloitte Touche Tohmatsu, the company's independent auditor.
- Eliminate depositary fees paid by ADS holders without creating depositary fees paid by CDI holders.

Following the proposed reincorporation, directors, executive officers, assets and operations of the company are expected to remain the same and shareholders will have the same proportionate investment in the company. CDIs and shares of common stock of the new US company will be issued in exchange for ordinary shares and ADSs. However, each CDI and share of the new US company will represent 40 of our current shares or 4 of our current ADSs (as each ADS represents 10 shares).

[Table of Contents](#)

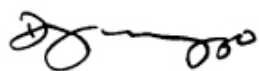

The proposed reincorporation requires approval by shareholders and the Australian Federal Court. There is a more complete explanation of the proposed reincorporation and its potential advantages and disadvantages to shareholders in this Information Memorandum.

The Board of Directors has unanimously concluded that the proposed reincorporation is in the best interests of shareholders and has unanimously recommended a vote in favour of approval. An Australia-based independent expert engaged to evaluate the proposed reincorporation has concluded that the proposed transaction is in the best interests of shareholders. Our independent auditor also has indicated that, primarily because the company is incorporated in Australia whilst most of its assets and operations are located in the United States and because the company lost its status as a foreign private issuer under US securities laws, the independent auditor will seek to resign unless the reincorporation is approved. A meeting to approve the proposed reincorporation will be held at 1.00 pm (AEST) on 6 June 2008 at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower, 111 Little Collins Street, Melbourne Victoria.

Along with the reincorporation, we are also proposing a new ESOP (Employee Incentive Plan) which is in a form typical for US public companies and which provides important US tax benefits for the company that are not provided in the company's existing ESOP. The new ESOP will be implemented and replace the current ESOP only if the proposed reincorporation is approved. The Board believes that an ESOP is an important tool to attract, motivate and retain key employees. A meeting to approve the new ESOP will be held on 6 June 2008 at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower, 111 Little Collins Street, Melbourne Victoria, at 1.30 pm, or as soon after that time as the Scheme Meeting concludes.

The Board strongly believes that it is in the best interests of shareholders to reincorporate in the United States. I ask that you carefully consider the Board's proposal, as described in detail in this Information Memorandum, and vote to support the next phase of our company's strategy for success.

Yours sincerely,

Dr. David J. Mazzo
Chairman
pSivida Limited

1. OVERVIEW OF THE REINCORPORATION

This summary highlights selected information that is described in greater detail elsewhere in this Information Memorandum. This summary does not contain all of the important information contained in this Information Memorandum. Shareholders should carefully read the entire Information Memorandum, and the other documents referred to or accompanying this Information Memorandum, before making a decision to vote on the Reincorporation.

1.1 The Reincorporation

(a) Overview

It is proposed that the Company change its “domicile” from Western Australia, Australia to Delaware, United States whilst maintaining listings on ASX, Nasdaq and the Frankfurt Stock Exchange. This will be achieved by the Reincorporation.

If the Reincorporation is implemented, it will result in:

- (i) the transfer of all Shares by order of the Court to New pSivida, a new company incorporated in Delaware, United States, in exchange for which New pSivida will issue:
 - (A) CDIs to Eligible Scheme Participants other than the ADS Depositary;
 - (B) New pSivida Shares to the ADS Depositary for distribution to ADS Holders; and
 - (C) CDIs to the Nominee for sale and distribution of the proceeds, net of any brokerage, taxes and other costs of sale, to Ineligible Foreign Shareholders.

As at 28 February 2008, Shares held by Ineligible Foreign Shareholders accounted for less than 0.1% of the Shares outstanding.

One CDI or New pSivida Share will be issued for every 40 Shares held by an Eligible Scheme Participant or Ineligible Foreign Shareholder at the Record Date. Cash will be paid for any fractional shares otherwise issuable, as set out more fully in section 7.1;

- (ii) the transfer of all assets and liabilities of the Company (including the Options and the shares in Subsidiaries held by the Company) by order of the Court to New pSivida, so that the assets of the Company are transferred to, and vest in, New pSivida and the liabilities of the Company are transferred to, and become the liabilities of, New pSivida under sections 413(1)(a) and 413(2) of the Corporations Act;
- (iii) following the transfer of assets and liabilities from the Company to New pSivida, the deregistration of the Company without a winding up, by order of the Court under section 413(1)(d) of the Corporations Act;
- (iv) New pSivida listing on ASX, and CDIs trading on ASX;
- (v) New pSivida Shares listing and trading on Nasdaq; and
- (vi) New pSivida securities listing and trading on the Frankfurt Stock Exchange.

(b) Potential Advantages of the Reincorporation

The Board believes that the Reincorporation is an important step in enabling the Company to achieve its business objectives. Potential advantages of the Reincorporation include:

- focus growth and development where the Company has achieved its recent business successes;
- enhance US-based demand for the Company’s securities;

- continue strong connection with Australian investor community;
- reduce ongoing compliance costs;
- continue engagement of Deloitte Touche Tohmatsu, the Company's independent auditor; and
- eliminate ADS Depositary fees for ADS holders without comparable fees for CDI holders.

The potential advantages of the Reincorporation are set out more fully in section 4.4. The Board believes that the potential advantages of the Reincorporation outweigh the potential disadvantages of the Reincorporation.

Accordingly, the Board believes that the Reincorporation is in the Company's and the Shareholders' best interests and unanimously recommends that Shareholders vote in favour of the resolution to approve the Reincorporation.

All Directors who hold or control the right to vote Shares intend to vote in favour of the resolution to approve the Reincorporation.

(c) Potential Disadvantages of the Reincorporation

Before voting on the Reincorporation, the Board advises you to consider the potential disadvantages of the Reincorporation and certain other considerations, as set out more fully in sections 4.5 and 4.6. Potential disadvantages of the Reincorporation include:

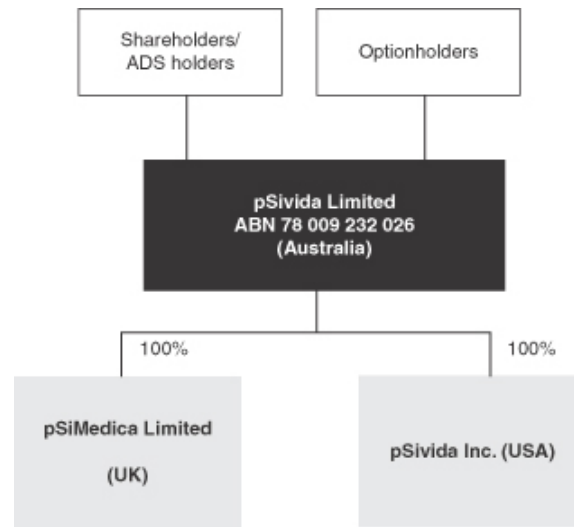

- enforcement of applicable corporate laws for Australian resident Shareholders;
- differences between Australian and US corporations and securities laws;
- reduced demand for Company securities in the Australian market; and
- potential for change in the market value of New pSivida.

(d) The Reincorporation

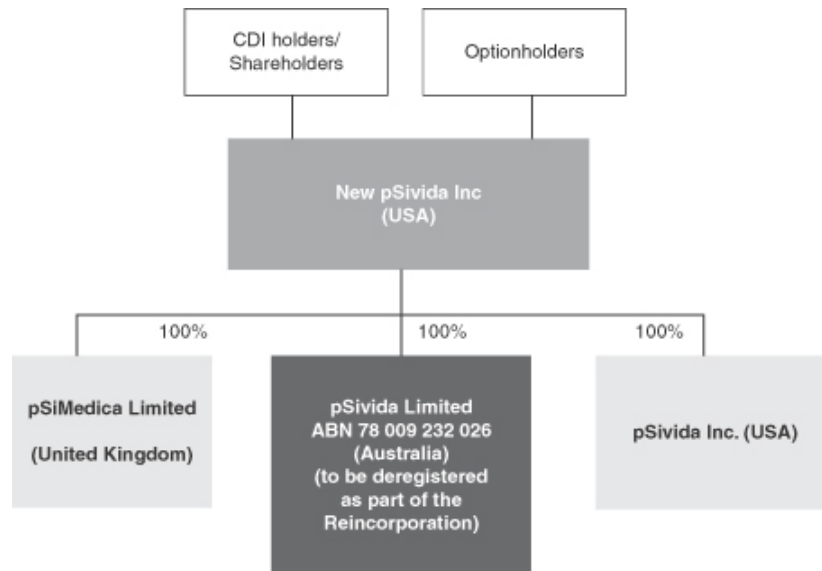

The Reincorporation involves the establishment of a new corporate structure for the Company, under which New pSivida (a new company incorporated in Delaware, United States for the purpose of the Reincorporation) will become the holder of all of the Shares and the Company will be deregistered without a winding up.

Set out below is a simple diagram illustrating the structure of the pSivida group before and after the Reincorporation.¹

Before

After

¹ pSivida Limited also has two directly held dormant or inactive subsidiaries named pSiNutria Limited (Australia) and pSivida UK Limited (UK), and two indirectly held dormant or inactive subsidiaries named pSiOncology Pte Limited (Singapore) and pSiNutria UK Limited (UK). pSivida Limited's interests in these subsidiaries will be transferred to New pSivida pursuant to the Reincorporation.

The Reincorporation is to be implemented by the Company through a reconstruction scheme of arrangement under Part 5.1 of the Corporations Act. Under the Scheme, all of the Shares will be transferred to New pSivida by order of the Court. All of the assets and liabilities of the Company (including the Options and the shares held by the Company in the Subsidiaries) will be transferred by order of the Court to New pSivida, so that the assets of the Company are transferred to, and vest in, New pSivida and the liabilities of the Company are transferred to, and become the liabilities of, New pSivida.

New pSivida will seek a listing on ASX, and the official quotation and trading of its CDIs on ASX, a listing of New pSivida Shares on Nasdaq and a listing of New pSivida securities on the Frankfurt Stock Exchange.

The Reincorporation is conditional on Shareholder approval, approval of the Court and the satisfaction or waiver of a number of other conditions, in particular the listing of New pSivida on ASX and the listing of New pSivida Shares on Nasdaq. Refer to section 10.1(a) for further details on the conditions to implementation of the Reincorporation.

An Independent Expert's Report on the Reincorporation has been prepared by Pitcher Partners Corporate Pty Ltd. The Independent Expert has concluded that the Scheme is in the best interests of Shareholders. The Independent Expert's Report is further discussed in section 4.3 and section 8 and set out in full in **Annexure H** of this Information Memorandum.

1.2 What Shareholders will Receive in the Reincorporation

Under the Scheme, Eligible Scheme Participants other than the ADS Depository will receive CDIs representing New pSivida Shares. The ADS Depository will receive New pSivida Shares for distribution to holders of ADSs. The Nominee will receive CDIs on behalf of Ineligible Foreign Shareholders for sale and distribution of net proceeds to Ineligible Foreign Shareholders. One New pSivida Share or CDI will be issued for every 40 Shares held by an Eligible Scheme Participant or Ineligible Foreign Shareholder at the Record Date, and cash will be paid for fractional Shares otherwise issuable. Further details on the transfer of Shares and the issue of CDIs and New pSivida Shares are set forth in section 7.1.

Shareholders will be able to trade New pSivida Shares on ASX in Australia (by way of CDIs), on Nasdaq in the United States (by way of common stock) and on the Frankfurt Stock Exchange.

(a) Share exchange ratio

The share exchange ratio is designed so that New pSivida's number of shares outstanding is appropriate for New pSivida's size and stage of business development. The Company currently has approximately 730 million Shares on issue. The Company has been advised that this is an unusually high number of Shares for a company like the Company to have on issue. The share exchange ratio in the Reincorporation will have the effect of adjusting the number of shares on issue in New pSivida to what the Board has been advised is a more appropriate number of issued shares, whilst still maintaining the proportionate value of each Shareholder's investment in the Company, subject to fractional share adjustments. The share exchange ratio is also expected to assist in meeting the required minimum share bid price for Nasdaq and ASX, although the Board cannot predict what the actual trading price of New pSivida Shares or CDIs will be.

Eligible Scheme Participants who would otherwise receive fractional CDIs or New pSivida Shares as a result of the 1 to 40 share exchange ratio will instead receive the cash value of such fractional CDIs or New pSivida Shares.

(b) Ineligible Foreign Shareholders

Investigating and complying with the potential securities law restrictions in every country in which the Company has Shareholders could be prohibitively costly. Therefore, Shareholders whose addresses recorded in the Share Register are outside of Australia, Canada, France, Germany, Hong Kong, Ireland, Jersey, Malaysia, New Zealand, Singapore, Spain, Thailand, the United Kingdom and the United States will not receive CDIs or New pSivida Shares under the Scheme, unless New pSivida is satisfied, before the Record Date and without being obliged to conduct any investigations into the matter, that such Shareholders lawfully can be issued CDIs or New pSivida Shares pursuant to the Scheme. Instead, such Ineligible Foreign Shareholders will receive the cash proceeds from the sale of their entitlements, net of any brokerage, taxes or other costs of sale (such amounts to be paid in AUD). The Nominee will receive CDIs on behalf of Ineligible Foreign Shareholders for sale and distribution of net proceeds to Ineligible Foreign Shareholders. As at 28 February 2008, Shares held by Ineligible Foreign Shareholders accounted for less than 0.1% of the Shares outstanding.

1.3 Tax Consequences

(a) Australian tax consequences

Based in part on factual information provided by the Company, including the financial information reported in section 5.3 of this Information Memorandum and subject to the further information on the tax implications for Shareholders as set out in section 9.1, the Company anticipates that the exchange of Shares for CDIs (or New pSivida Shares) is not likely to cause any Australian tax to be paid by Shareholders on any such exchange. Further information on the tax implications for Shareholders is set out in section 9.1.

A class ruling application has been lodged with the ATO seeking confirmation that the conditions for scrip for scrip rollover relief are satisfied and that rollover relief is available in relation to the transfer of Shares to New pSivida under the Scheme. Shareholders will be advised of the outcome of the final ruling.

Each individual's tax position is different and Shareholders are strongly urged to consult their tax advisers as to the specific tax consequences for them of the Scheme, including the applicability and effect of local and foreign income and other tax laws in their particular circumstances.

(b) US tax consequences

Based in part on factual information provided by the Company, including the financial information reported in section 5.3 of this Information Memorandum, the exchange of Shares or ADSs solely for CDIs or New pSivida Shares is not likely to cause US federal income tax to be paid by holders of Shares or ADSs as a result of such exchange. Certain holders of Shares or ADSs may be required to make an election with the IRS and comply with certain related notice requirements in order to avoid recognition of gain (if any) on the exchange of shares. Holders of Shares or ADSs receiving cash in lieu of fractional CDIs or New pSivida Shares may be taxed on this amount. Further information on the US tax implications for holders of Shares or ADSs is set out in section 9.2.

The Company will not request a ruling from the IRS with respect to the US tax aspects of the Reincorporation.

Each individual's tax position is different and Shareholders are strongly urged to consult their tax advisers as to the specific tax consequences for them of the Reincorporation, including the applicability and effect of local and foreign income and other tax laws in their particular circumstances.

1.4 Approval of the Reincorporation

The following approvals, among others set out in more detail in the Implementation Agreement, must be obtained in order to complete the Reincorporation:

(a) The Scheme must be approved at a meeting of Shareholders by:

- (i) unless the Court orders otherwise, a majority in number of the Shareholders present and voting on the resolution at the meeting either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative; and
- (ii) at least 75% of the total number of votes cast by Shareholders on the resolution either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative.

(b) The Scheme must also be approved by the Court, which is scheduled to consider the Scheme at a hearing on 10 June 2008.

1.5 Recommendation of the Board

The Board believes that the Reincorporation is in the Company's and the Shareholders' best interests and unanimously recommends that Shareholders vote in favour of the resolution to approve the Reincorporation.

All Directors who hold or control the right to vote Shares intend to vote in favour of the resolution to approve the Reincorporation.

1.6 Independent Expert's Opinion

The Board appointed Pitcher Partners Corporate Pty Ltd to review the Reincorporation and to issue an Independent Expert's Report. The Independent Expert has concluded that the Scheme is in the best interests of Shareholders.

The Independent Expert was selected on the basis of its prior experience in preparing independent expert reports and its familiarity with the Company and the Company's industry. The Independent Expert's qualifications to serve as an independent expert include its status as a long-established firm of chartered accountants that has the professional qualifications required for, and many years of experience in, preparing independent expert reports. No material relationship has in the past two years existed, or is mutually understood to be contemplated, between the Independent Expert or any of its affiliates and the Company or any of its affiliates. No compensation has been or is expected to be received as a result of any such material relationship. The amount of consideration to be paid in the Reincorporation was determined by the Company.

The Independent Expert's Report is further discussed in section 4.3 and section 8 and set out in full in **Annexure H** to this Information Memorandum. The Independent Expert's Report also will be made available for inspection and copying at Level 16, 190 Queen Street, Melbourne VIC 3000 during regular business hours by the Company's security holders or their designated representatives.

This overview is only a summary of selected information relating to the Reincorporation. You are urged to read this Information Memorandum in its entirety and, if in any doubt, to seek advice from your professional adviser.

2. FREQUENTLY ASKED QUESTIONS ABOUT THE REINCORPORATION

This section sets out frequently asked questions that Shareholders may have in relation to the Reincorporation. The answers to these questions should be read in conjunction with this entire Information Memorandum.

Question	Answer
1. When will the Scheme Meeting be held?	The Scheme Meeting will be held at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower, 111 Little Collins Street, Melbourne Victoria, on 6 June 2008 at 1.00 pm (AEST).
2. What approval by Shareholders is required for the Scheme to proceed?	<p>The Scheme must be approved by:</p> <ul style="list-style-type: none">(a) unless the Court orders otherwise, a majority in number of the Shareholders present and voting on the resolution at the meeting either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative; and(b) at least 75% of the total number of votes cast by Shareholders on the resolution either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative. <p>Approval by the Court is also required.</p>
3. What is the effect of approving the Scheme?	<p>If the Scheme is approved by Shareholders and the Court, then the Reincorporation will be implemented, and the Company will “re-domicile” in the United States. Eligible Scheme Participants will receive one CDI or New pSivida Share for every 40 Shares, and cash for fractional Shares otherwise issuable.</p> <p>The Reincorporation involves the establishment of a new corporate structure for the Company by order of the Court, under which New pSivida (a new company incorporated in Delaware, United States for the purpose of the Reincorporation) will become the holder of all of the Shares and the Company will be deregistered without a winding up.</p> <p>All of the assets and liabilities of the Company (including the Options and the shares in Subsidiaries held by the Company) will be transferred by order of the Court to New pSivida, so that the assets of the Company are transferred to, and vest in, New pSivida and the liabilities of the Company are transferred to, and become the liabilities of, New pSivida. The Company will subsequently be deregistered without a winding up by order of the Court.</p> <p>It is a condition of the Reincorporation that New pSivida will be listed on ASX, that CDIs will be traded on ASX and that New pSivida Shares will be listed on Nasdaq.</p> <p>It is expected that New pSivida securities also will be listed on the Frankfurt Stock Exchange.</p>
4. What will happen to Options?	In the Reincorporation, all outstanding Options to acquire Shares or ADSs at the Record Date will by order of the Court be transferred to, and assumed by, New pSivida. The Options will thereupon

Question	Answer
	automatically become Options to acquire CDIs or New pSivida Shares. Following the Reincorporation, the Options will have substantially the same terms and conditions as they had prior to the Reincorporation, except that the number of CDIs or New pSivida Shares for which the Options will be exercisable and the exercise price of the Options will reflect the Reincorporation, including the Reincorporation's share exchange ratio. Further information about the Reincorporation's effect on Optionholders is set out in section 10.19.
5. How do I vote?	<p>A Scheme Meeting will be held to approve the Reincorporation.</p> <p>You may vote either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative. Your vote is very important. Please see the explanation of how to vote in section 3 of this Information Memorandum.</p>
6. Will I pay any Australian tax on the exchange of my Shares?	<p>Based in part on factual information provided by the Company, including the financial information reported in section 5.3 of this Information Memorandum and subject to the further information on the tax implications for Shareholders as set out in section 9.1, the Company anticipates that the exchange of Shares for CDIs or New pSivida Shares is not likely to cause any Australian tax to be paid by Shareholders on any such exchange. Further information on the tax implications for Shareholders is set out in section 9.1.</p> <p>A class ruling application has been lodged with the ATO seeking confirmation that the conditions for scrip for scrip rollover relief are satisfied, and that rollover relief is available in relation to the transfer of Shares to New pSivida under the Scheme. Shareholders will be advised of the outcome of the ruling process once the final ruling has been issued.</p> <p>Each individual's tax position is different, and Shareholders are strongly urged to consult their tax advisers as to the specific tax consequences to them of the Scheme, including the applicability and effect of local and foreign income and other tax laws in their particular circumstances.</p>
7. Will I pay any US federal tax on the exchange of my ADSs?	<p>Based in part on factual information provided by the Company, including the financial information reported in section 5.3 of this Information Memorandum, the exchange of ADSs solely for New pSivida Shares is not likely to cause US federal income tax to be paid by ADS Holders as a result of such exchange. Certain ADS Holders may be required to make an election with the IRS and comply with certain related notice requirements in order to avoid recognition of gain (if any) on the exchange of shares. ADS Holders receiving cash in lieu of fractional New pSivida Shares may be taxed on this amount. Further information on the US tax implications for ADS Holders is set out in section 9.2.</p> <p>The Company will not request a ruling from the IRS with respect to the US tax aspects of the Reincorporation.</p> <p>Each individual's tax position is different, and ADS Holders are strongly urged to consult their tax advisers as to the specific tax consequences to them of the Reincorporation, including the applicability and effect of local and foreign income and other tax laws in their particular circumstances.</p>

[Table of Contents](#)

Question	Answer
8. Will I have to pay brokerage fees or stamp duty?	<p>You will not have to pay brokerage or stamp duty in Australia or the United States in connection with the exchange of your Shares for CDIs (or New pSivida Shares).</p> <p>However, Ineligible Foreign Shareholders may pay brokerage fees on the sale of their entitlements as part of the Reincorporation.</p>
9. What are CDIs?	<p>The electronic transfer system used on ASX, known as CHESS, cannot be used directly for the transfer of securities of foreign companies. To enable companies such as New pSivida to have their securities cleared and settled electronically through CHESS, depositary instruments called CDIs are issued.</p> <p>CDIs confer beneficial interests in securities traded on ASX. CDI holders receive all of the economic benefits of actual ownership of the underlying shares.</p> <p>Each CDI will represent an interest in one underlying New pSivida Share.</p> <p>A more detailed description of CDIs is set out in Annexure D of this Information Memorandum.</p>
10. Is the Reincorporation subject to any conditions?	<p>The Reincorporation is subject to Shareholder and Court approval, as well as to a number of regulatory and other approvals, including ASX listing and Nasdaq listing. These are set out in more detail in the Implementation Agreement, and are summarised in section 10.1.</p>
11. What happens if I do not vote, or vote against the Scheme, and the approvals are obtained?	<p>If the necessary approvals for the Reincorporation are obtained, the Reincorporation will be implemented and Eligible Scheme Participants will be issued CDIs (or New pSivida Shares) in consideration for their Shares. This will occur regardless of whether you voted for or against the Scheme, or did not vote.</p>
12. Are there differences between my Shares and the New pSivida Shares to be issued to me?	<p>Yes. While the rights of New pSivida Shares will reflect the rights of the existing Shares, they are shares in a US company governed by US federal law, Delaware law and the laws applicable to Australian registered foreign companies. There are a number of important differences between US/Delaware law and Australian law. A summary description of these differences is set out in Annexure E of this Information Memorandum.</p>
13. Will there be changes to the operations or strategy of the Company as a result of the Reincorporation?	<p>Immediately following the Reincorporation, New pSivida will have the same assets and liabilities as the Company had immediately prior to the Reincorporation. The Board expects very few changes to its operations as a result of the Reincorporation. The Board also does not expect any change in strategy as a result of the Reincorporation.</p>
14. Why is New pSivida incorporated in Delaware?	<p>More than 50% of all US publicly listed companies are incorporated in the State of Delaware.</p>

Table of Contents

Question	Answer
15. Where will New pSivida's annual meetings be held in the future?	New pSivida intends initially to hold its annual meeting in Australia, but New pSivida in the future may hold annual meetings in Australia, the United States or elsewhere.
16. What happens at the Court hearings?	<p>In the First Court Hearing, the Court ordered that the Scheme Meeting be convened for the purposes of considering the Reincorporation, and approved the dispatch of this Information Memorandum to Shareholders. If the Scheme is approved by Shareholders, at the Second Court Hearing the Court will be asked to approve the Scheme.</p> <p>If Shareholders wish to oppose Court approval of the Scheme at the Second Court Hearing, they may appear before the Court by filing with the Court, and serving on the Company, a notice of appearance in the prescribed form, together with any affidavit on which such opposing Shareholders wish to rely at the hearing. The notice of appearance and affidavit must be served on the Company at least one Business Day before the Second Court Date. The Second Court Date is currently scheduled for 10 June 2008. Any change to this date will be announced through ASX and will also be notified on the Company's website.</p>
17. When will I receive my CDIs or New pSivida Shares?	If the Reincorporation is approved by Shareholders and the Court, it is expected that implementation of the Reincorporation will take place approximately two weeks after the Scheme Meeting. The CDIs and New pSivida Shares will be issued on the Implementation Date, and holding statements and transmittal letters will be mailed as soon as possible thereafter.
18. When can I trade in my CDIs or New pSivida Shares?	<p>CDI holding statements and transmittal letters are expected to be dispatched to Shareholders on 26 June 2008. However, CDIs may be traded on ASX on a deferred settlement basis on or about 12 June 2008, which is the first Business Day following cessation of trading in Shares. CDIs will commence trading on ASX under normal conditions on 20 June 2008. Should you wish to trade in your CDIs before the issue of holding statements, you will do so at your own risk. The proceeds from the sale of securities sold on a deferred delivery basis will not be received until after the deferred delivery basis has ended.</p> <p>New pSivida Shares are expected to begin trading on Nasdaq on a when- issued basis on or about 11 or 12 June 2008.</p>
19. Who can help answer my questions about the Reincorporation?	<p>If you have any questions about the Reincorporation, please consult your legal, financial or other professional adviser. Additionally, you can call the Company's information line on:</p> <p>Australia (Toll Free): 1800 003 463</p> <p>Outside Australia: +1-888-892-2088</p> <p>For additional copies of this Information Memorandum, please visit the Company's website at www.psivida.com.</p>

3. HOW TO VOTE

3.1 Entitlement to Vote

The record date for the Scheme Meeting and the EGM will be 1.00 pm (AEST) on 4 June 2008. Only Shareholders whose names appear in the Share Register on this record date will be entitled to vote at the Scheme Meeting and the EGM, and at any postponements or adjournments of those meetings.

Nasdaq Marketplace Rule 4350(f) states that the quorum for any shareholders meeting must be at least 33 1/3% of outstanding shares of a company's common voting stock. As at the date of this Information Memorandum, there are 730,518,775 fully paid Shares outstanding and entitled to vote, and Shareholders as a class, therefore, are entitled to an aggregate of 730,518,775 votes. Accordingly, Shareholders holding at least 243,506,258 Shares must attend (either in person or by proxy, power of attorney or body corporate representative) each of the Scheme Meeting and the EGM in order for there to be a quorum at each of the Scheme Meeting and the EGM, respectively.

The following sections 3.2 to 3.8 detail the voting entitlements and procedures applicable to Shareholders under the Corporations Act.

3.2 Procedure for Voting

(a) Scheme Meeting

All votes at the Scheme Meeting will be taken by poll.

Shareholders may vote at the Scheme Meeting in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative. The Scheme Meeting Notice, which contains additional information in relation to the Scheme Meeting, is set out in **Annexure F**.

(b) EGM

All votes at the EGM will be counted by a show of hands unless a poll is demanded. A poll may be demanded by (a) the Chairman of the EGM, (b) at least five Shareholders entitled to vote on the relevant resolution or (c) Shareholders entitled to cast at least 5% of the votes on the relevant resolution either before or upon declaration of the result of a vote taken by a show of hands.

Shareholders may vote at the EGM in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative. The Notice of EGM, which contains additional information in relation to the EGM, is set out in **Annexure G**.

3.3 Voting in Person

(a) Scheme Meeting

To vote in person at the Scheme Meeting, Shareholders must attend the Scheme Meeting to be held at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower, 111 Little Collins Street, Melbourne Victoria, on 6 June 2008 at 1.00 pm (AEST).

(b) EGM

To vote in person at the EGM, Shareholders must attend the EGM to be held at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower, 111 Little Collins Street, Melbourne Victoria, on 6 June 2008 at 1.30 pm (AEST), or as soon after that time as the Scheme Meeting concludes.

3.4 Voting by Proxy

(a) Scheme Meeting

Shareholders who are unable to attend and vote at the Scheme Meeting are entitled to appoint a proxy (or where they hold two or more Shares may appoint no more than two proxies). To appoint a proxy, Shareholders are required to complete and return the Scheme Meeting proxy form. A proxy need not be a Shareholder.

The proxy form for the Scheme Meeting accompanies this Information Memorandum.

(b) EGM

Shareholders who are unable to attend and vote at the EGM are entitled to appoint a proxy (or where they hold two or more Shares may appoint no more than two proxies). To appoint a proxy, Shareholders are required to complete and return the EGM proxy form. A proxy need not be a Shareholder.

The proxy form for the EGM accompanies this Information Memorandum.

(c) Completed proxy forms

Each completed proxy form (including any power of attorney under which it is signed) for the Scheme Meeting and the EGM must be completed and lodged as follows:

(i) delivered to the Company's registry at:

pSivida Limited
C/- Computershare Investor Services Pty Limited
Level 2, 45 St Georges Terrace
Perth, Western Australia 6000
Australia; or

(ii) posted to:

pSivida Limited
C/- Computershare Investor Services Pty Limited
GPO Box 242
Melbourne, Victoria 3001
Australia; or

(iii) faxed to the Company's registry at Computershare Investor Services Pty Limited at facsimile number +61 8 9323 2033.

Validly completed proxy forms must be received at an address above no later than 1.00 pm (AEST) on 4 June 2008. In the case of proxy forms completed by an individual or a corporation under a power of attorney, the original or a certified copy of the power of attorney under which the proxy form is signed must also be received at an address above no later than 1.00 pm (AEST) on 4 June 2008.

Proxy forms received after this time will be invalid.

A proxy will be admitted to the Scheme Meeting or the EGM and given a voting card at point of entry upon disclosure of acceptable evidence of his or her name and address.

The sending of a proxy form will not preclude a Shareholder from attending and voting at the Scheme Meeting or the EGM. A Shareholder may revoke his or her proxy at any time prior to the voting of that proxy by a written revocation received by Mr Winton Willesee at the registered office of the Company at least 48 hours before the Scheme Meeting, by properly executing and delivering a later-dated proxy or by attending the relevant meeting, requesting a return of the proxy and voting in person.

If a validly appointed proxy is directed how to vote on the resolutions, the proxy must vote in accordance with those instructions. If no direction to vote is given, the proxy may vote as he or she sees fit.

If the Chairman of the Scheme Meeting and the EGM is appointed as proxy, he or she must vote on a poll and must vote as instructed. If the proxy is not the Chairman, the proxy need not vote on a poll, but, if the proxy does so, he or she must vote as instructed.

If a Shareholder appoints two proxies without specifying the proportion or number of votes that each proxy may exercise, then on a vote by poll each proxy may exercise half of that Shareholder's votes. If a Shareholder appoints two proxies, then on a vote by show of hands neither proxy may vote.

3.5 Voting by Attorney

(a) Scheme Meeting

A Shareholder may appoint an attorney to vote at the Scheme Meeting.

(b) EGM

A Shareholder may appoint an attorney to vote at the EGM.

(c) Documents

An attorney will be admitted to the Scheme Meeting or the EGM and given a voting card at point of entry upon disclosure of acceptable evidence of his or her name and address.

An attorney should bring an original or certified copy of the power of attorney by which a Shareholder has appointed the attorney to vote at the Scheme Meeting or the EGM.

3.6 Voting by Body Corporate Representative

(a) Scheme Meeting

A body corporate who is a Shareholder, or who has been appointed a proxy of a Shareholder, may appoint a person to act as its body corporate representative at the Scheme Meeting.

(b) EGM

A body corporate who is a Shareholder, or who has been appointed a proxy of a Shareholder, may appoint a person to act as its body corporate representative at the EGM.

(c) Documents

The appointment must comply with section 250D of the Corporations Act. A pro-forma certificate of appointment of body corporate representative is available from the Company's registry.

A body corporate representative will be admitted to the Scheme Meeting or the EGM and given a voting card at point of entry upon disclosure of acceptable evidence of his or her appointment, name and address, and the identity of his or her appointer.

3.7 Voting Entitlement

Each Shareholder who is registered on the Share Register at 1.00 pm (AEST) on 4 June 2008 is entitled to attend and vote in person, by proxy, attorney or (in the case of corporate shareholders) a body corporate representative at the Scheme Meeting and at the EGM.

Each Shareholder is entitled to one vote for each fully paid Share held.

If a Share is jointly held, only one of the Shareholders is entitled to vote. If more than one Shareholder votes a jointly held Share, only the vote of the Shareholder whose name appears first on the Share Register will be counted.

3.8 Shareholder Approvals

(a) Scheme Meeting

The Reincorporation must be approved at a meeting of the holders of Shares by:

- (i) unless the Court orders otherwise, a majority in number of the Shareholders present and voting on the resolution at the meeting either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative (the **Head Count Test**); and

- (ii) at least 75% of the total number of votes cast by Shareholders on the resolution either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative (the **Voting Test**).

The Reincorporation must also be approved by the Court, which is scheduled to consider the Reincorporation at a hearing on 10 June 2008.

If you are a Shareholder on the Record Date (expected to be 18 June 2008) and the Scheme is approved by the Shareholders and the Court, your Shares will be transferred by order of the Court under the Scheme, the Company will become a wholly owned subsidiary of New pSivida and you will receive the Scheme Consideration. This will occur whether you voted for or against the Scheme, or chose not to vote.

(b) EGM

The resolution to approve the New pSivida ESOP must be approved by a majority of votes cast, either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative, by Shareholders entitled to vote on the matter.

The resolution to approve the New pSivida ESOP is also conditional upon approval of the Scheme. If the Scheme is not approved, then the New pSivida ESOP will not be implemented.

The Reincorporation is not conditional on the resolution to approve the New pSivida ESOP being passed at the EGM.

(c) Statutory majority – voting entitlements

ADS Holders have the underlying ordinary shares from their ADS holding held by the ADS Depository on their behalf. As a result, under the Corporations Act, all the ADS Holders will cumulatively be counted as one Shareholder for the purposes of the Head Count Test.

ADS Holders will be entitled to direct the ADS Depository to vote the number of Shares underlying their respective ADSs at the Scheme Meeting for the purposes of the Voting Test and at the EGM, in accordance with the terms of the Deposit Agreement.

4. ASSESSMENT OF THE REINCORPORATION

4.1 Introduction

This section sets out the Board's recommendations in respect of the Reincorporation, the Independent Expert's opinion on the Reincorporation, the potential advantages of the Reincorporation, the potential disadvantages of the Reincorporation and other considerations concerning the Reincorporation. Further information on the Reincorporation's tax implications for Shareholders is set out in section 9.

4.2 Directors' Recommendation and Reasons

The Board believes that the Reincorporation is in the best interests of the Company, and, in particular, that the Scheme is in the best interests of Shareholders.

The Board has formed its conclusion and made its recommendation on the basis that the potential advantages of the Reincorporation (as described in section 4.4) outweigh the potential disadvantages of the Reincorporation (as described in section 4.5) and other considerations concerning the Reincorporation (as described in section 4.6).

The Board has also considered the report of the Independent Expert, which was retained to determine whether the Reincorporation is in the best interests of the Shareholders. The Independent Expert's Report is further discussed in section 4.3 and section 8 and set out in full in **Annexure H** of this Information Memorandum.

The Board believes that the Reincorporation is in the Company's and the Shareholders' best interests and unanimously recommends that Shareholders vote in favour of the resolution to approve the Reincorporation.

All Directors who hold or control the right to vote Shares intend to vote in favour of the resolution to approve the Reincorporation.

Details of the Shares and Options held by or on behalf of the Directors appear in section 10.13.

4.3 Independent Expert's Opinion

The Board appointed Pitcher Partners Corporate Pty Ltd as the Independent Expert to review the Reincorporation.

The Independent Expert has concluded that the Scheme is in the best interests of Shareholders. A copy of the Independent Expert's Report is set out in full in **Annexure H** of this Information Memorandum.

4.4 Potential Advantages of the Reincorporation

The Board believes the Reincorporation to be an important step in achieving the Company's strategic goals. These strategic goals are set out in section 5.2(c). In considering the potential advantages of the Reincorporation, the Board has considered the Company's ability to achieve its strategic goals whilst remaining an Australian incorporated company, and has determined that the Reincorporation will better position the Company to realise its strategic goals. Potential advantages of the Reincorporation include:

- (a) focus growth and development where the Company has achieved its recent business successes;
- (b) enhance US-based demand for the Company's securities;
- (c) continue strong connection with Australian investor community;
- (d) reduce ongoing compliance costs;
- (e) continue engagement of Deloitte Touche Tohmatsu, the Company's independent auditor; and
- (f) eliminate depositary fees paid by ADS Holders without creating depositary fees paid by CDI holders.

The potential advantages of the Reincorporation outlined above are described in more detail below.

(a) Focus growth and development where the Company has achieved its recent business successes

In 2005, the Company began implementing its strategy of concentrating its presence in the United States to better access business opportunities in the world's largest healthcare market and to create a more attractive investment to shareholders. Through this strategy, the Company has achieved significant strategic milestones that have dramatically improved its financial and strategic position. The Company acquired CDS, including its ophthalmic products and technologies. Pfizer became the Company's collaborative partner to develop ophthalmic products using the Durasert™ technology in a transaction that will bring the Company up to US\$153.5 million in development and sales related milestones, royalties on the sale of any products developed and research and development funding. Pfizer also became the Company's largest stockholder with a US\$11.5 million investment. The Company amended its collaboration with Alimera Sciences, a US corporation, for a 20% share of future profits of Medidur™ FA for DME and additional consideration of up to US\$78 million, including an up-front payment of US\$12 million. The Company advanced BrachySil™ for pancreatic cancer, reporting favourable Phase IIa trial results, and will begin a Phase IIb dose ranging trial shortly. The Company sold non-core businesses, restructured its operations and located most of its operations in the United States.

By executing on its strategy, the Company has significantly strengthened its financial and strategic position. The Company has two commercialized products, Vitrasert and Retisert, one product candidate (Medidur FA for DME) in Phase III trials funded by Alimera Sciences, one product candidate (BrachySil for pancreatic cancer) in Phase II trials and a collaboration funded by Pfizer for potential ophthalmic products using the Durasert technology. The next step in the Company's strategy is the reincorporation of the Company in the United States.

(b) Enhance US-based demand for the Company's securities

New pSivida's primary listing after completion of the Reincorporation will be on Nasdaq in the United States. The US capital market is the largest in the world in terms of market capitalization and trading volume, and the Company listed its ADSs on Nasdaq to seek to capture this opportunity to maximize value for shareholders. While the Company has maintained this secondary listing on Nasdaq for its ADSs, the Company believes that listing common shares on Nasdaq rather than ADSs should result in increased demand for, and liquidity of, Company securities in the US markets. ADSs are a less favorable investment option for US holders than common shares because ADS holders must pay depository fees to the ADS Depository, while holders of common shares and CDIs do not have to pay depository fees. In addition, certain US investors may only be able, and many US investors prefer, to invest directly in US companies. Primary listing on Nasdaq should also provide the Company with opportunities for increased analyst coverage, potentially resulting in increased exposure and interest in the Company.

(c) Continue strong connection with Australian investor community

The Australian investment community is very important to the success of the Company. The Company, therefore, has structured the Reincorporation to permit the Company to continue to maintain strong connections with the Australian investor community and minimize the Reincorporation's impact on those investors. New pSivida will list on ASX, and its CDIs will trade on ASX. Following the Reincorporation, Australian investors will be able to trade CDIs in substantially the same way as they currently trade their shares in the Company. The Company plans to continue to base its investor relations functions in Australia following the Reincorporation.

(d) Reduce ongoing compliance costs

Because the Company is presently incorporated in Western Australia, the Company must prepare financial statements in accordance with AIFRS. However, because of the Company's substantial presence in the United States, the Company also must prepare financial statements in accordance with US GAAP. Preparation of two different sets of financial statements is costly. Following the Reincorporation, the Company would only have to prepare one set of financial statements in

accordance with US GAAP. The Company believes, therefore, that the Reincorporation would reduce the Company's audit and audit related service fees for financial statements and ongoing compliance by approximately US\$650,000 for financial year 2009 as compared to what such fees would otherwise be if the Reincorporation is not implemented.

The Reincorporation would also simplify the Company's other regulatory compliance obligations. Australian law and US securities law each currently treat the Company as a domestic company. Although New pSivida will remain subject to laws applicable to Australian registered foreign companies and will continue to be listed on ASX and the Frankfurt Stock Exchange, New pSivida will be treated as a domestic company in only one jurisdiction following the Reincorporation. This will align the Company's regulatory structure in the United States where substantially all of its operations are located.

(e) Continue engagement of Deloitte Touche Tohmatsu, the Company's independent auditor

The successful implementation of the Reincorporation should enable New pSivida to retain the Company's independent auditor. Primarily because the Company is incorporated in Australia whilst most of its assets and operations are located in the United States and because the Company is now required to file annual audited and interim unaudited financial reports in the United States in compliance with US auditing standards in addition to in compliance with Australian securities regulation, the Company's independent auditor has indicated that, unless the Reincorporation is approved, it will seek ASIC's consent to resign as the Company's Australian statutory auditor at the 2008 annual general meeting and could earlier cease its role with respect to the Company's US reporting and auditing requirements.

If the Company is not reincorporated and its independent auditor resigns, the Company believes that it would be difficult to engage a replacement independent auditor because any potential replacement independent auditor would likely assess the Company as a client in substantially the same manner as Deloitte Touche Tohmatsu. In particular, the Company believes that it would be difficult to engage a replacement independent auditor because: (i) the Company is currently required to have its financial statements audited both in accordance with AIFRS presented in A\$ and in accordance with US GAAP presented in US\$; (ii) substantially all of the Company's assets and operations are located outside of Australia while the Company is incorporated in Australia; and (iii) the Company is regulated as a domestic issuer under both Australian and US securities laws and under ASX and NASDAQ rules. Under applicable laws and listing requirements, the Company's annual financial statements must be audited, and its interim unaudited financial statements must be reviewed, by an independent auditor. Therefore, unless the Reincorporation is approved, the Company could be unable to meet these requirements, beginning with its financial statements for the quarter ending 30 September 2008. If the Company cannot issue its financial statements on a timely basis, the Company will violate regulatory requirements and ultimately be de-listed from ASX, NASDAQ and the Frankfurt Stock Exchange, and will breach contractual agreements related to its outstanding registration statements for the issuance and resale of securities, resulting in potentially significant cash penalties.

(f) Eliminate depositary fees paid by ADS Holders without creating depositary fees paid by CDI holders

Following the Reincorporation, New pSivida Shares rather than Company ADSs will be listed on Nasdaq. As a result, holders will no longer be required to pay ADS depositary fees, including annual maintenance fees and transfer fees. Fees incurred by ADS holders totalled approximately US\$900,000 for the two years ended February 2008. CDI holders will not be required to pay depositary fees in respect of their CDIs.

Shareholders may also refer to the discussion of these potential advantages contained in the Independent Expert's Report set out in **Annexure H** of this Information Memorandum

4.5 Potential Disadvantages of the Reincorporation

Although the Scheme is recommended by the Board, and the Independent Expert has concluded that the Scheme is in the best interests of Shareholders, there are potential disadvantages that may result from the Reincorporation.

(a) Enforcement of applicable corporate laws for Australian resident Shareholders

At present, Australian resident Shareholders may take action to enforce provisions of the Company's constitution or Australian corporations law as they relate to the Company in Australian courts. After the Reincorporation, the applicable corporate law governing New pSivida's corporate actions will be Delaware law. New pSivida will submit to the jurisdiction of the Australian courts as a result of having become a registered foreign company under the Corporations Act, but there is no guarantee that an Australian court will be willing, or regard itself as properly placed, to hear actions under Delaware law.

(b) Differences between Australian and US corporations and securities laws

Annexure E sets out a comparison of the law for corporations in Australia, where the Company is incorporated, to the law for corporations in Delaware and the US, where New pSivida is incorporated. Some of the differences could be viewed as advantageous to Shareholders, while others could be viewed as disadvantageous to Shareholders. In particular, the Company, as a domestic Australian listed company, is subject to the takeover provisions of the Corporations Act that are designed to protect minority shareholders on a change of control and to restrict the Board's ability to take defensive steps that could impact competition for control of the Company. Delaware law provides different protections. Delaware law also allows New pSivida's board of directors to implement takeover defenses that the Company is not permitted to implement under Australian law.

The Company notes that the Independent Expert has considered the comparison between US and Australian regulatory regimes as set out in Annexure E and this is set out in section 4 and 5 of the Independent Expert Report. The Independent Expert commented as follows: "Whilst we note, based on our consultation with our legal advisers, that US corporate regulatory requirements offer a different level of protection (arguably a lesser level of protection) to minority shareholders when compared to that afforded to them by Australian laws, in our view it is not possible to quantify the disadvantage. In our opinion it is too difficult to quantify the full effect of the jurisdictional disadvantages due to the varying nature of each transaction and the individual shareholder's circumstances."

(c) Demand for Company securities in the Australian market

New pSivida will list on ASX, and Australian investors will have the opportunity to continue to invest in New pSivida and trade CDIs on ASX. However, it is possible that the need to invest in CDIs in order to trade on ASX, or in a US company, may result in reduced demand for, and liquidity of, Company securities in the Australian market. The differences between holding a CDI and holding the underlying share are summarised in **Annexure D**.

(d) Market value of New pSivida

The Board has been advised that the share exchange ratio will result in a more appropriate number of outstanding shares, which it expects will benefit the Company and Shareholders in the long term. In addition, the Board had adopted an exchange ratio designed to meet the minimum price requirements of Nasdaq and ASX and maintain the Company's listings on those exchanges. The Board believes those listings are critical to shareholders, brokers and other investment professionals. However, the Board is unable to predict the trading value of a New pSivida Share or CDI following the Reincorporation, and, as a result, the corresponding market value of New pSivida. See section 10.22 for further information regarding compliance with Nasdaq listing requirements.

4.6 Other Considerations

Shareholders may also wish to consider the following considerations concerning the Reincorporation outlined below.

(a) Annual general meeting location

New pSivida intends initially to hold its annual meeting in Australia, but New pSivida in the future may hold annual meetings in Australia, the United States or elsewhere.

(b) Corporate governance regime

The Reincorporation will not have any material effect on the Company's corporate governance regime. The Board and its various committees of Directors, the charters of the Board and its committees and the Company's corporate policies as a whole already comply with the requirements of the ASX Listing Rules, the Nasdaq Marketplace Rules and US securities laws. New pSivida expects to continue to apply the Company's corporate governance policies and procedures in all material respects following the Reincorporation.

(c) Franked Dividends; Withholding on Dividends

The Company has never declared or paid any cash dividends on Shares, and the Board does not anticipate that New pSivida will pay any cash dividends in the foreseeable future. Further, any dividends paid by the Company would likely be derived from foreign income and, therefore, franking credits may not have been available in Australia. However, the Reincorporation will eliminate the possibility that Australian shareholders could receive dividends as franked. If a dividend were declared following the Reincorporation, shareholders not resident in the US may be subject to US withholding tax on the dividend to the extent it is not either (a) reduced pursuant to a tax treaty between the US and such shareholder's country of residence or (b) eligible for foreign tax credit in such shareholder's country of residence.

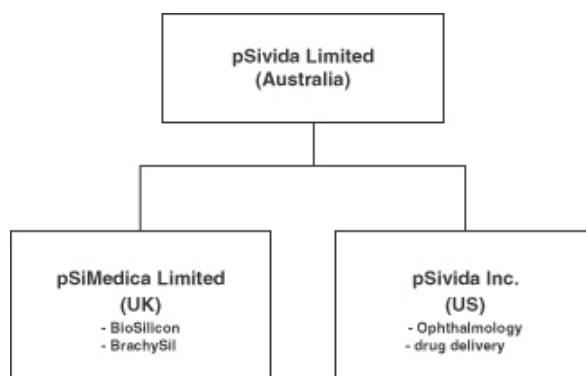

4.7 No Brokerage or Stamp Duty

Shareholders will not incur any brokerage or stamp duty in Australian or the United States in connection with the Reincorporation, except that Ineligible Foreign Shareholders may pay brokerage fees on the sale of their entitlements as part of the Reincorporation.

5. PROFILE OF THE COMPANY

5.1 Background

The Company is a global drug delivery company committed to the development of controlled therapeutic delivery products in the healthcare sector. The Company currently has active subsidiaries incorporated in the United Kingdom and the United States. The corporate structure of the Company, exclusive of inactive subsidiaries, is diagrammed below.²

[FLOW CHART]

The Company's technologies, operations and strategies are each discussed in more detail below. The Company's most significant recent business developments are also discussed in section 5.2.

5.2 The Company's Business

(a) Company products and technologies

The Company focuses on developing pharmaceutical products for targeted and controlled drug delivery. The Company has two commercial products, Vitrasert® for CMV retinitis and Retisert® for posterior uveitis, two product candidates currently in advanced clinical trials, Medidur FA for DME and BrachySil for pancreatic cancer, and additional product candidates in preclinical trials. The Company's products and product candidates are based on its three proprietary technology groups – Durasert™, BioSilicon™ and CODRUG™.

(i) Products and product candidates

The Company has two FDA-approved and commercialized products, both of which are licensed to Bausch & Lomb. Vitrasert is approved for treatment of AIDS-associated cytomegalovirus infections in the eye. Retisert is approved for treatment of posterior uveitis, a leading cause of vision loss.

The Company has a Medidur FA product candidate designed to treat DME, one of the leading causes of blindness. Medidur FA for DME is licensed to and being developed by Alimera Sciences, and is currently in Phase III clinical trials. Medidur FA also is in pre-clinical studies for other back of the eye diseases. Under the terms of the Company's amended and restated license and collaboration agreement with Alimera Sciences, the Company will receive a 20% share in future profits of Medidur FA for DME as well as consideration of up to approximately US\$78 million. Consideration to the Company includes a recently received payment of US\$12 million, a US\$25 million milestone payment pending FDA approval of Medidur FA for DME, additional payments of up to approximately US\$21 million through September 2012, and assumption of the Company's research and development funding

² pSivida Limited also has two directly held dormant or inactive subsidiaries named pSiNutria Limited (Australia) and pSivida UK Limited (UK), and two indirectly held dormant or inactive subsidiaries named pSiOncology Pte Limited (Singapore) and pSiNutria UK Limited (UK).

obligations, currently estimated at approximately US\$20 million. Alimera Sciences will also pay to the Company 20% of royalties received by Alimera Sciences pursuant to any third-party agreements relating to the commercialization of the licensed products (after deducting certain commercialization costs) and 33 1/3% of all non-royalty consideration received by Alimera Sciences from such third parties (after deducting certain fair market value amounts, if any, paid for equity securities of Alimera Sciences and certain reasonable out-of-pocket expenses incurred with respect to securing the third-party arrangement).

Other ophthalmic applications of the Company's Durasert technology are being developed pursuant to a worldwide license and development agreement with Pfizer. Under the terms of this license and development agreement, the Company will receive up to US\$153.5 million in development and sales related milestones, royalties on the sale of any products developed and research and development funding. Pfizer also invested US\$11.5 million in Company equity, and is now the Company's largest Shareholder.

The Company also has a BrachySil product candidate designed to treat pancreatic cancer. BrachySil recently completed a Phase IIa clinical trial and is expected to begin a Phase IIb dose ranging clinical trial shortly. BrachySil may also be developed for other solid tumour indications. This product candidate is not yet partnered.

(ii) Technologies

The Company's proprietary Durasert technology uses a drug core with one or more surrounding polymer layers. Drugs are released from the core into a specific target site at a pre-determined, controlled rate for periods ranging from days to years. FDA-approved products Vitrasert and Retisert, product candidate Medidur FA for DME and the potential products being developed under the Company's worldwide license and development agreement with Pfizer all utilise the Durasert technology.

The Company's proprietary BioSilicon technology uses elemental silicon that can be processed to create a "honeycomb" structure of pores, with these pores capable of being formed into a diverse array of shapes and sizes and being filled with various therapeutic agents. The size and shape of the pores determines the rate at which drug is released, and the rate at which BioSilicon dissolves in the body. BioSilicon is biocompatible (is not injurious to and does not cause immunological rejection within the body) and can be made biodegradable in vivo (in animals and humans) and in vitro (in solution). Product candidate BrachySil employs the BioSilicon technology. The Company also has begun research and development of BioSilicon products for use in other applications.

The Company's proprietary CODRUG technology allows simultaneous release of two or more identical or different drugs from the same product at the same controlled rate over a predetermined time period, via virtually any delivery method. The Company has synthesized a library of approximately several hundred CODRUG compounds.

BioSilicon™, BrachySil™, CODRUG™, Durasert™ (formerly known as AEON) and Medidur™ are the Company's trademarks. Retisert® and Vitrasert® are Bausch & Lomb's trademarks.

(b) Company operations

The Company is a public limited liability company incorporated in Australia and subject to the Australian Corporations Act, the ASX Listing Rules, the US securities laws and the Nasdaq Marketplace Rules.

The Company was originally incorporated on 29 April 1987 under the name "Sumich Group Ltd." The Company was subsequently listed on ASX on 18 May 2001 under symbol "PSD". The Company's securities also trade on the Frankfurt Stock Exchange under symbol "PSI" and on Nasdaq under symbol "PSDV." The Company's Australian company number is ACN 009 232 026, the Company's Australian business number is ABN 78 009 232 026 and the Company's SEC filing number is 000-51122. The Company's registered office is located at Level 37, 101 Collins Street, Melbourne VIC

3000, and the Company's telephone number is +61 8 9227 8327. The Company has operations in each of Australia, the United Kingdom and the United States.

In Australia, the Company maintains its registered office at the address listed in the paragraph above. However, the Company no longer has any research operations in Australia, has substantially scaled back its Australian administrative operations and has changed its functional currency from Australian dollars to US dollars. The Company has one full-time employee and one part-time consultant on a fixed term contract engaged in Australia. The Board intends that both will continue their current responsibilities following the Reincorporation.

In the United Kingdom, the Company maintains offices and laboratory space for its pSiMedica subsidiary, which concentrates on developing the BioSilicon technology. The Company's registered address and operational headquarters in the United Kingdom is: C/- pSiMedica Limited, Malvern Hills Science Park, Geraldine Road, Malvern, Worcestershire WR14 3SZ, United Kingdom, telephone number +44 1684 585 300. The Company expects that its United Kingdom operations will remain materially unchanged as a result of the Reincorporation. The Company employs six employees in the United Kingdom. There is no intention for any of these employees to have their employment with the Company terminated as a result of the Reincorporation.

In the United States, the Company maintains executive offices, laboratory space and clean room space for its pSivida Inc. subsidiary, which focuses on developing the Durasert and CODRUG technologies. The Company's registered address in the United States is C/- Corporation Service Company, 2711 Centerville Road, Suite 400, Wilmington, DE 19808, United States, telephone number +1 302 636 5401. The Company's operational headquarters in the United States are C/- pSivida Inc., 400 Pleasant Street, Watertown, MA 02472, United States, telephone number +1 617 926 5000. Following the Reincorporation, the Board intends that the Company will relocate its corporate headquarters to this location. The Company employs sixteen employees in the United States. There is no intention for any of these employees to have their employment with the Company terminated as a result of the Reincorporation.

(c) Company strategies

The Company's objective is to continue to build a global drug delivery company committed to the development of controlled therapeutic delivery products in the healthcare sector. The Company intends to develop and commercialize additional products utilizing its Durasert, BioSilicon and CODRUG technologies, either alone or with development partners.

The Board intends that the Company will develop additional Durasert products based on its prior successful development with Bausch & Lomb of the Vitrasert and Retisert products. The Company currently has in Phase III clinical trials the Durasert technology product candidate Medidur FA for DME, which is licensed to Alimera Sciences. The Company also has a worldwide license and development agreement with Pfizer, under which Pfizer may develop additional ophthalmic products using the Durasert technology. The Company has undertaken other preclinical studies of Durasert.

The Board intends that the Company will develop products using its BioSilicon technology. The Company's lead BioSilicon technology product candidate, BrachySil, is in Phase II clinical trials for the treatment of pancreatic cancer. The Company has also conducted preclinical studies of BioSilicon for other diseases.

The Board intends that the Company will continue to seek collaborative partners to assist in developing and commercialising products utilising the Company's technologies. As the Company has no experience in sales, marketing and distribution of healthcare products, and has no marketing or sales staff, the Company currently depends upon collaborative partners to market such commercialised products.

(d) Company business developments

The Company's key business developments since 1 July 2007, the beginning of its 2008 financial year, are provided in chronological order below.

- On 5 July 2007 and 13 July 2007, in separate closings, the Company completed a sale of 14,402,000 units at a price of A\$1.46 (US\$1.25) per unit for gross proceeds of A\$21.0 million (US\$18.0 million). Each unit consisted of (i) one ADS, representing ten Shares and (ii) one warrant to purchase 0.40 ADS, with a warrant exercise price of A\$1.93 (US\$1.65). Of the total offering, 5,200,000 units were purchased by Pfizer in accordance with the terms of the Collaborative Research and License Agreement dated 3 April 2007. In addition, the Company simultaneously completed a sale of ordinary shares and warrants to an Australian investor at the equivalent price of A\$0.146 (US\$0.125) per unit under equivalent terms and conditions to those noted above. Each unit consisted of (i) one Share and (ii) one warrant to purchase 0.40 Share. This sale of 20,547,945 units resulted in additional gross proceeds of A\$3.0 million (approximately US\$2.6 million). Aggregate share issue costs totalled A\$2.6 million (approximately US\$2.2 million);
- On 3 August 2007, the Company announced the appointment of Dr Katherine Woodthorpe as an Australian-based Non-executive Director;
- On 13 August 2007, the Company announced completion of the recruitment phase of its Phase IIa clinical trial of BrachySil for the treatment of pancreatic cancer;
- On 22 August 2007, the Company and Alimera Sciences jointly announced the commencement of enrolment for the first human pharmacokinetic (PK) study of flucinolone acetonide (FA) in the companies' Medidur FA for DME product candidate;
- On 27 August 2007, the Company announced that, following the closing of its July 2007 sale of units, the Company was no longer a Foreign Private Issuer and was subject to all reporting requirements of the US Exchange Act and other rules applicable to US domestic issuers, effective as of the first quarter of the Company's financial year ending 30 June 2008;
- On 8 October 2007, the Company and Alimera Sciences jointly announced the completion of enrolment for the Phase III clinical trial of Medidur FA for DME;
- On 17 October 2007, the Company announced that an independent Data Safety Monitoring Board had completed its review of safety and efficacy data currently available and had recommended that the Phase III clinical trial of Medidur FA for DME continue under the current protocol, without change;
- On 31 December 2007, the Company announced receipt of notification from the Nasdaq Listing Qualifications Department that, for the previous 30 consecutive business days, the bid price of the Company's ADSs had closed below the minimum US\$1.00 per share required for continued listing on Nasdaq. This notification did not affect the Company's Nasdaq listing at that time;
- On 21 January 2008, the Company announced that it had sold and licensed intellectual property, and sold other assets related to nutraceuticals and food science applications of BioSilicon, to Intrinsic, a UK-based company;
- On 28 January 2008, the Company announced the results of the Phase IIa clinical trial of BrachySil for the treatment of pancreatic cancer;
- On 17 March 2008, the Company announced that it had entered into an amended and restated license and collaboration agreement with Alimera Sciences relating to Medidur FA for DME, under which agreement the Company decreased its share in future profits of Medidur FA for DME from 50% to 20% in exchange for consideration of up to approximately US\$78 million. Alimera Sciences will also pay to the Company 20% of royalties received by Alimera Sciences pursuant to

any third-party agreements relating to the commercialization of the licensed products (after deducting certain commercialization costs) and 33 1/3% of all non-royalty consideration received by Alimera Sciences from such third parties (after deducting certain fair market value amounts, if any, paid for equity securities of Alimera Sciences and certain reasonable out-of-pocket expenses incurred with respect to securing the third-party arrangement);

- On 25 March 2008, the Company announced that an independent Data Safety Monitoring Board had completed its review of the safety and efficacy data currently available and had recommended that the Phase III clinical trial of Medidur FA for DME continue under the current protocol, without change; and
- On 27 March 2008, the Company announced the appointment of Mr Winton Willesee as the Australian Company Secretary. Mr Willesee replaces Mr Aaron Finlay, who transitioned to a part-time consulting role on 29 February 2008.
- On 15 April 2008, the Company announced that all the Company's shares subject to Opes Prime margin lending facilities (approximately 14 million ordinary shares) had been sold in an orderly fashion.
- On 18 April 2008, the Company announced that it proposes to reincorporate in the United States, subject to shareholder and Court approval.

5.3 The Company's Financial Statements

The Company published its audited consolidated financial statements for the financial year ended 30 June 2007 in its Australian Annual Report released to the ASX on 26 October 2007.

Shareholders may obtain copies of the Company's Australian Annual Report for the financial year ended 30 June 2007 either through the ASX website at www.asx.com.au (ASX code: PSD) or through the Company's website at www.psvida.com. (b) Discussion and analysis of selected financial information

All financial information in this section is prepared in accordance with AIFRS and reported in A\$ on a consolidated basis.

Revenue

Revenue decreased by approximately A\$1.9 million, or 87%, to A\$266,000 for the six months ended 31 December 2007 from A\$2.1 million for the six months ended 31 December 2006. The decrease was primarily attributable to a A\$1.1 million reduction of revenue related to the Company's collaboration and evaluation agreements for certain of the Company's drug delivery technologies, and to a A\$590,000 decrease in royalty income earned from Bausch & Lomb on its sales of Retisert. In connection with an advance royalty agreement entered into with Bausch & Lomb in June 2005, 100% of the royalties otherwise payable to the Company were retained by Bausch & Lomb for the six months ended 31 December 2007.

Royalties otherwise payable to the Company from Bausch & Lomb for the six months ended 31 December 2007 were approximately A\$1,200,000, which represented a 2% year over year increase from A\$1,180,000 paid or otherwise payable to the Company for the six months ended 31 December 2006 and a 5% decrease from A\$1,262,000 paid or otherwise payable to the Company for the six months ended 30 June 2007. These historical trends were negatively impacted by the relative strengthening of the Australian dollar relative to the US dollar.

Other Income

Other income increased by A\$824,000, or 692%, to A\$943,000 for the six months ended 31 December 2007 from A\$119,000 for the six months ended 31 December 2006. The increase was primarily attributable to the following factors:

- (i) a A\$357,000 increase in interest income due to (A) interest earned on cash equivalent balances resulting from the July 2007 share issue and (B) interest accrued on the A\$1.7 million note receivable due April 2008 (the principal and interest of which has not yet been paid as of the date of this Information Memorandum and is overdue) in connection with the April 2007 sale of the Company's former subsidiary, AION Diagnostics, Inc.; and
- (ii) A\$467,000 of current period income attributable to a revenue sharing arrangement with the provider of the Company's ADS Program.

Research and Development – Impairment of Intangible Assets

Impairment of intangible assets totaled A\$83.4 million for the six months ended 31 December 2006. The impairment write-downs consisted of A\$50.9 million attributable to the Company's Retisert patents and A\$32.5 million related to the patents and licenses of the Company's pSiMedica subsidiary and its BrachySil product candidate. As more fully discussed in Note 10 of the Australian Annual Report for financial year 2007, these write-downs were the result of identifiable triggering events that required the Company to assess the recoverability of the carrying value of these intangible assets at 31 December 2006. No asset impairment write-downs were required for the six months ended 31 December 2007.

Research and Development – Other

Research and development decreased by approximately A\$6.2 million, or 43%, to approximately A\$8.2 million for the six months ended 31 December 2007, from approximately A\$14.5 million for the six months ended 31 December 2006. This decrease was primarily attributable to the following factors, including the effect of a stronger Australian dollar relative to the US dollar and Pound Sterling currencies:

- (i) a decrease of approximately A\$5.9 million in amortization of intangible assets due to the effects of the A\$94.4 million of impairment write-downs during the year ended 30 June 2007 related to the Company's Retisert and BrachySil intangible assets; and
- (ii) a decrease of approximately A\$2.6 million in the Company's UK- and Singapore-based operating expenses as a result of (A) personnel cost reductions in the United Kingdom, which were implemented as cost reduction measures, and (B) reduced depreciation expense related to a clean room facility that was fully depreciated at 30 June 2007; partially offset by
- (iii) an increase of approximately A\$1.8 million for shared development costs related to the Phase III clinical trial of the Medidur FA for DME product candidate.

Selling, General and Administrative

Selling, general and administrative costs decreased by approximately A\$4.4 million, or 43%, to approximately A\$5.8 million for the six months ended 31 December 2007 from approximately A\$10.2 million for the six months ended 31 December 2006. This decrease was primarily attributable to the following factors, including the effect of a stronger Australian dollar relative to the US dollar:

- (i) a decrease of approximately A\$700,000 of personnel and related costs related to the Company's Australian operations, resulting from the ongoing consolidation of functions in Boston, Massachusetts;
- (ii) a decrease of approximately A\$850,000 of share-based payment expenses, primarily related to reduced amortization of non-vested ADSs issued in connection with the December 2005 acquisition of CDS, which were substantially vested prior to 30 June 2007;
- (iii) a decrease of approximately A\$800,000 related to prior year operating expenses of the Company's former AION Diagnostics, Inc. subsidiary, which was sold in April 2007;
- (iv) a decrease of approximately A\$950,000 in legal, audit and consulting fees; and
- (v) a decrease of approximately A\$280,000 related to fees incurred in the prior year period for financing transaction alternatives that were not consummated; partially offset by
- (vi) approximately A\$230,000 of current period costs incurred for market development research for certain product candidates.

Change in Fair Value of Derivative

Change in fair value of derivative represented income of approximately A\$6.9 million for the six months ended 31 December 2007 compared to income of approximately A\$2.7 million for the six months ended 31 December 2006.

For the six months ended 31 December 2007, the change in fair value of derivative liabilities was related to warrants issued in financing transactions that were denominated in A\$ (which was different from the Company's US\$ functional currency), and resulted in income of approximately A\$6.9 million primarily due to a decrease in the market price of Shares during that period. These derivative liabilities will be subject to future revaluation through expiration, or earlier exercise, of the underlying Options. Several factors, primarily decreases or increases in the Company's share price, will impact income or expense amounts, respectively, to be recorded in future periods.

For the six months ended 31 December 2006, the change in fair value of derivative liabilities was related to the embedded conversion features of the Company's convertible notes, and resulted in income of approximately A\$2.7 million primarily due to a decrease in the market price of Shares. There was no derivative liability associated with convertible notes during the six months ended 31 December 2007 due to the repayment in full of the Company's convertible notes prior to 30 June 2007.

Interest and Finance Costs

Interest and finance costs decreased by approximately A\$7.9 million, or 96%, to A\$347,000 for the six months ended 31 December 2007, from approximately A\$8.2 million for the six months ended 31 December 2006. Interest and finance costs during the six months ended 31 December 2006 consisted predominantly of:

- (i) approximately A\$967,000 of interest expense and approximately A\$3.7 million of amortization of debt discount and issue costs in connection with convertible notes which were subsequently redeemed prior to 30 June 2007; and
- (ii) approximately A\$3.2 million of registration rights delay penalties.

As of 30 June 2007, all required registration statements had been filed with and declared effective by the SEC.

In addition, during the six months ended 31 December 2007 and 2006, the Company accrued approximately A\$347,000 and A\$343,000, respectively, of interest expense on the portion of shared Medidur FA for DME product candidate development costs that the Company elected not to pay.

Loss on Extinguishment of Debt

Loss on extinguishment of debt totaled approximately A\$16.0 million for the six months ended 31 December 2006. In September 2006, the Company amended the terms of the convertible promissory note issued to Sandell in November 2005. The terms of the amendment agreement met the criteria that required the original note to be accounted for as an extinguishment of debt and the amended note to be accounted for as the issuance of a new convertible debt instrument. The terms of the amendment included consideration issued to Sandell of (i) warrants to purchase 5.7 million ADSs (valued at A\$11.6 million using the Binomial Tree Model) and (ii) the payment of approximately A\$1.3 million in cash. The calculation of the loss on extinguishment included the cash and non-cash consideration issued to Sandell. In December 2006, the Company entered into a second amendment agreement in connection with the Sandell convertible note. The terms of the second amendment agreement met the criteria that required the previously amended note to be accounted for as an extinguishment of debt and the second amended note to be accounted for as the issuance of a new convertible debt instrument. The terms of the amendment included the issuance to Sandell of additional warrants to purchase 1.5 million ADSs (valued at A\$2.2 million using the Binomial Tree Model). The calculation of the loss on extinguishment included the value of this non-cash consideration issued to Sandell.

Deferred Income Tax Benefit

Deferred income tax benefit decreased to A\$35,000 for the six months ended 31 December 2007, from approximately A\$26.4 million for the six months ended 31 December 2006. The primary reason for the smaller benefit in the current period is that since 30 June 2007 valuation allowances have been required to offset essentially all tax benefits associated with net operating loss carryforwards created during the current period, which was not the case for the earlier period. The limitation on the ability to record deferred tax assets since 30 June 2007 was primarily attributable to the significant impairment write-downs (and resulting decrease in the deferred tax liabilities) recorded in the year ended 30 June 2007 related to the Company's Retisert and BrachySil intangible assets.

(c) Beneficial ownership

The tables below set out information regarding beneficial ownership of the Shares, including Shares held by means of ADSs, as at 15 March 2008 by (a) any person or entity who, to the Company's knowledge, owns 5% or more of the Shares and (b) the Executives and the Directors. Unless otherwise indicated, the address for each of the beneficial owners listed is C/- pSivida Limited, Level 16, 190 Queen Street, Melbourne VIC 3000, Australia, telephone +61 8 9227 8327, facsimile +61 8 9227 6838.

Beneficial ownership is determined in accordance with the rules of the SEC, and generally includes voting or investment power with respect to securities. Shares relating to Options currently exercisable or exercisable within 60 days of 15 March 2008 are deemed outstanding for purposes of computing the percentage ownership of the person holding such securities, but are not deemed outstanding for purposes of computing the percentage ownership of any other person.

Except as indicated, and subject to community property laws where applicable, the persons named in the tables below have sole voting and investment power with respect to all of the Shares shown as beneficially owned by them.

Mr Leedman holds a Bachelor of Economics and a Master of Business Administration from the University of Western Australia.

The directors of New pSivida immediately after the Reincorporation will be identical to the Directors immediately before the Reincorporation. The executive officers of New pSivida immediately after the Reincorporation will be identical to the Executives immediately prior to the Reincorporation.

5.5 Material Change in the Company's Financial Position since the Last Annual Published Accounts (30 June 2007)

A summary statement of the Company's financial position for the financial years ended 30 June 2007 and 2006 is set out above in section 5.3.

The summary statement of financial position does not reflect a material change in financial position occasioned by the Company and Alimera Sciences amending their license and collaboration agreement. On 14 March 2008, the Company entered into an amended and restated license and collaboration agreement with Alimera Sciences relating to Medidur FA for DME, pursuant to which the Company decreased its share in future profits of Medidur FA for DME from 50% to 20% in exchange for consideration of up to approximately US\$78 million. Alimera Sciences will also pay to the Company 20% of royalties received by

Table of Contents

Alimera Sciences pursuant to any third-party agreements relating to the commercialization of the licensed products (after deducting certain commercialization costs) and 33 1/3% of all non-royalty consideration received by Alimera Sciences from such third parties (after deducting certain fair market value amounts, if any, paid for equity securities of Alimera Sciences and certain reasonable out-of-pocket expenses incurred with respect to securing the third-party arrangement).

Within the knowledge of the Board, except as otherwise disclosed in the preceding paragraph and elsewhere in this Information Memorandum, there has been no material change to the Company's financial position since 30 June 2007, the date of the Company's last published balance sheet put before Shareholders in general meeting or sent to Shareholders.

5.6 The Company's Issued Securities

As at the date of this Information Memorandum, the Company's issued securities comprise:

- (a) 730,518,775 Shares; and
- (b) 466,210,932 Options.

The Company is under no obligation to issue further Shares before commencement of the Scheme Meeting, other than Shares issued upon the exercise of certain Options. There are no arrears in dividends or defaults in principal or interest with respect to any of the Company's outstanding securities.

(a) Shares

The Company's trading volume on ASX for the financial year ended 30 June 2007 was approximately 332,036,000 Shares. The Company's trading volume on the Frankfurt Stock Exchange for the financial year ended 30 June 2007 was approximately 65,737,000 Shares (composed of the trading of Shares and the trading of ADSs, each of which represents 10 Shares). The Company's trading volume on Nasdaq for the financial year ended 30 June 2007 was approximately 270,173,000 Shares (composed of the trading of ADSs, each of which represents 10 Shares).

(b) Options

The Options entitle Optionholders to subscribe for Shares or ADSs. The issued Options include Options to purchase 177,686,442 Shares and Options to purchase 28,852,449 ADSs (the equivalent of 288,524,490 Shares).

5.7 Continuously Disclosing Entity

As a company listed on the stock market operated by ASX and a "continuously disclosing entity" under the Corporations Act, the Company is subject to regular reporting and disclosure obligations. Broadly, these reporting and disclosure obligations require the Company to announce price sensitive information as soon as the Company becomes aware of that information, subject to exceptions for certain confidential information. The announcements made by the Company to ASX are available on the ASX website at: www.asx.com.au.

Further announcements concerning developments at the Company will continue to be made available on the ASX website after the date of this Information Memorandum. Continuous disclosure documents and reports lodged in relation to the Company can also be obtained from any office of ASIC.

The Company is also subject to reporting and disclosure obligations under the Nasdaq Marketplace Rules. The Company must publicly disclose (subject to certain exceptions) any material information that would reasonably be expected to affect the value of Company securities or influence investor decisions, and must also provide Nasdaq with advance notification of such public disclosures.

6. PROFILE OF NEW pSIVIDA

6.1 Background

New pSivida is a wholly-owned subsidiary of the Company incorporated in the United States under the laws of the State of Delaware on 20 March 2008. The rights of New pSivida security holders are primarily governed by Delaware law, US federal law and New pSivida's certificate of incorporation and bylaws.

6.2 New pSivida's Business

The Company incorporated New pSivida for the purpose of re-domiciling the Company in the United States under the Reincorporation. Accordingly, New pSivida has not conducted any business other than entering into the agreements and performing the acts summarised in this Information Memorandum. If the Reincorporation is approved, then New pSivida's business will consist entirely of the business of the Company, which will become New pSivida's wholly-owned subsidiary prior to deregistration without a winding up.

In order to carry on business in Australia and be listed on ASX, New pSivida has been registered as a foreign company under the Corporations Act. New pSivida's registration number is 130 843 177. Travinto Nominees Pty Limited was appointed as the Australian local agent of New pSivida on 24 April 2008. The registered address of Travinto Nominees Pty Limited in Australia is Level 35, Grosvenor Place, 225 George Street, Sydney NSW 2000.

As a registered foreign company, New pSivida is required to file its annual accounts with ASIC and to comply with various other notification requirements of ASIC, such as notifying ASIC of the appointment or resignation of directors or changes to constituent documents. As a "continuously disclosing entity" for the purposes of the Corporations Act, New pSivida is also required to comply with the continuous disclosure provisions contained in the Corporations Act and the Listing Rules.

New pSivida will remain subject to the ASX Listing Rules, as it will be listed on ASX as part of the Reincorporation.

6.3 New pSivida's Directors and Executive Officers

New pSivida's board of directors immediately after the Reincorporation will be identical to the Board immediately prior to the Reincorporation.

New pSivida's executive officers immediately after the Reincorporation will be identical to the Company's Executives immediately prior to the Reincorporation.

6.4 New pSivida's Issued Securities

Currently, New pSivida has on issue only one share of common stock held by the Company. This share was issued for par value. Under US Law, this share will automatically become treasury stock, and no longer be outstanding, upon implementation of the Reincorporation.

Under the Reincorporation, New pSivida will issue New pSivida Shares. Shareholders will have their Shares transferred to New pSivida by order of the Court, and in exchange will receive these New pSivida Shares.

There are certain important differences between the rights attaching to the Company's securities and the rights attaching to New pSivida's securities. There are also a number of significant differences between the laws governing the Company's securities and the laws governing New pSivida's securities. The New pSivida securities, and the differences between Company securities and New pSivida securities, are discussed below and in more detail in the table in **Annexure E**.

(a) New pSivida Shares

New pSivida Shares will have the same rights as the Shares, including as to voting, dividends and return of capital, except that New pSivida Shares will have different per share values and shareholder

rights enforcement provisions than those of the Shares. New pSivida will have a smaller number of shares on issue than the number of Shares currently on issue in the Company, so that the number of shares outstanding is more appropriately calibrated to a company of New pSivida's size and stage of business development.

(i) Different per share values

CDIs and New pSivida Shares will be issued on a 1 to 40 basis with Shares. This means that each Eligible Scheme Participant will receive only one CDI or New pSivida Share for every 40 Shares held as at the Record Date. Although each Eligible Scheme Participant will receive a smaller number of CDIs or New pSivida Shares than he or she holds in the Company as of the Record Date, each Eligible Scheme Participant will receive CDIs or New pSivida Shares which represent the same proportion of the total issued capital as the Shares or ADSs held in the Company as at the Record Date, (subject to fractional share adjustments).

Eligible Scheme Participants who would otherwise receive fractional CDIs or New pSivida Shares as a result of the 1 to 40 share exchange ratio will instead receive the cash value of such fractional CDIs or New pSivida Shares, as set out more fully in section 7.1.

(ii) Different shareholder rights enforcement provisions

New pSivida Shares will have shareholder rights governed by different corporate documents and different laws than those governing Shares. The primary corporate documents governing New pSivida shareholder rights will be New pSivida's certificate of incorporation and bylaws rather than the Company's constitution. The primary laws governing New pSivida shareholder rights will be the laws of the State of Delaware and US federal law, rather than Australian law. For further details on the differences between New pSivida's and the Company's governing documents and governing laws, please see **Annexure E** to this Information Memorandum.

New pSivida will remain subject to some provisions of the Corporations Act based on its status as a registered foreign company under the Corporations Act. However, New pSivida will not remain subject to many provisions of the Corporations Act to which the Company is currently subject. New pSivida will remain subject to the ASX Listing Rules as it will be listed on ASX as part of the Reincorporation.

New pSivida will remain subject to the jurisdiction of Australian courts as a result of New pSivida's status as a registered foreign company under the Corporations Act. However, it is not clear that an Australian court would accept jurisdiction to hear shareholder actions, since New pSivida is a US company; shareholder actions may need to be brought in the Delaware or US federal courts.

(b) New pSivida CDIs

Eligible Scheme Participants (other than the ADS Depositary who will be issued New pSivida Shares) will be issued CDIs as part of the Reincorporation. Each CDI will represent an interest in one underlying New pSivida Share, carrying all the rights and entitlements described above.

CDI holders will receive all the economic benefit of actual ownership of the underlying New pSivida Shares, although the legal title to the Shares will be held by the Depositary on behalf of the CDI holders.

There are no ASX or ASTC fees charged to holders of CDIs. The CDI holders will not be required to pay fees to the Depositary for buying, holding or selling the CDIs. CDI holders may be subject to Depositary fees if they choose to transfer their CDIs quoted on the ASX for New pSivida Shares listed on Nasdaq.

Further information on CDIs is set out in **Annexure D**.

(c) Options

In the Reincorporation, all outstanding Options to acquire Shares or ADSs at the Record Date will by order of the Court be transferred to, and assumed by, New pSivida. The Options will thereupon automatically become options to acquire CDIs or New pSivida Shares. Following the Reincorporation, the Options will have substantially the same terms and conditions as they had prior to the Reincorporation, except that they will be equitably adjusted to reflect the Reincorporation, including the Reincorporation's 1 to 40 share exchange ratio.

(i) Number of Options

For every 40 Shares or 4 ADSs into which an Option could be exercised prior to the Reincorporation, such Option may be exercised into 1 CDI or New pSivida Share after the Reincorporation. After eliminating fractional entitlements to the extent possible, any remaining fractional entitlements will be handled in accordance with the relevant Option's provisions.

(ii) Exercise prices of Options

An Option's exercise price will be 40 times higher (in the case of an Option for Shares) or 4 times higher (in the case of an Option for ADSs) than its exercise price prior to the Reincorporation.

6.5 Intentions of New pSivida

New pSivida presently intends for its business to consist entirely of the business of the Company, as detailed in section 6.2 of this Information Memorandum.

6.6 Pro Forma Financial Statements

Immediately following the Reincorporation, New pSivida will have the same assets and liabilities as the Company had immediately before the Reincorporation. As a result, the pro forma financial position of the Company immediately following the Reincorporation will be the same as the financial position of the Company immediately prior to the Reincorporation. Refer to section 5.3 for information about the financial position of the Company.

7. IMPLEMENTATION OF THE REINCORPORATION

7.1 The Reincorporation

The Reincorporation involves the establishment of a new corporate structure for the Company, under which New pSivida (a new company incorporated in Delaware, United States) will become the ultimate parent company of the Company and its direct and indirect subsidiaries, and the Company will be deregistered without a winding up.

Under the Scheme, Shareholders will have all of their Shares transferred to New pSivida by order of the Court, and in exchange will receive CDIs representing New pSivida Shares (except for the ADS Depositary, which will receive New pSivida Shares for distribution to ADS Holders).

(a) Scheme of arrangement

The Reincorporation will be effected by way of a Court-approved scheme of arrangement under Part 5.1 of the Corporations Act.

The detailed steps involved in implementing the Scheme, including the conditions to the Scheme, are set out in section 10.

(b) Issue of CDIs or New pSivida Shares

As a result of the Scheme, an Eligible Scheme Participant who holds Shares that trade on ASX will receive one CDI (or, in the case of the ADS Depositary, one New pSivida Share) for every 40 Shares held. Each CDI will represent an interest in one underlying New pSivida Share.

As a result of the Scheme, ADS Holders will receive one New pSivida Share for every 4 ADSs held. Each ADS represents 10 Shares.

(c) Fractional entitlements

Eligible Scheme Participants who would otherwise receive fractional CDIs or New pSivida Shares as a result of the share exchange ratio will instead receive the cash value of such fractional CDIs or New pSivida Shares. The cash value received for fractional CDIs or New pSivida Shares will be the product of (i) the fraction held multiplied by (ii) the closing price per share of Shares on ASX on the date immediately prior to the Effective Date.

With regard to Options, after eliminating fractional entitlements to the extent possible, any remaining fractional entitlements will be handled in accordance with the relevant Options' contractual provisions.

(d) Shareholders in jurisdictions outside Australia and the United States

Investigating and complying with the potential securities law restrictions in every country in which the Company has Shareholders could be prohibitively costly. Therefore, Shareholders whose addresses recorded in the Share Register are outside of Australia, Canada, France, Germany, Hong Kong, Ireland, Jersey, Malaysia, New Zealand, Singapore, Spain, Thailand, the United Kingdom and the United States will not receive CDIs or New pSivida Shares under the Scheme, unless New pSivida is satisfied, before the Record Date and without being obliged to conduct any investigations into the matter, that such Shareholders lawfully can be issued CDIs or New pSivida Shares pursuant to the Scheme.

Instead, CDIs representing the New pSivida Shares that would otherwise have been issued to such Shareholders will be issued to a nominee appointed by New pSivida. In respect of Shares held by Ineligible Foreign Shareholders on the Record Date, New pSivida will issue to the Nominee for sale on behalf of the Ineligible Foreign Shareholders one CDI for every 40 Shares held by such Ineligible Foreign Shareholders as at the Record Date. New pSivida will cause the Nominee to sell those CDIs at such price and on such terms as the Nominee determines. The Nominee will then distribute the proceeds to the Ineligible Foreign Shareholders (calculated on an averaged basis so that all Ineligible Foreign Shareholders receive the same price per CDI, subject to rounding to the nearest whole cent)

after deduction of any brokerage, taxes or other costs of sale (such amounts to be paid in AUD). As at 28 February 2008, Shares held by Ineligible Foreign Shareholders accounted for less than 0.1% of the Shares outstanding.

New pSivida has been appointed as the agent for the Ineligible Foreign Shareholders to receive any notice (including a Financial Services Guide and any update of that document) that the Nominee or any other financial services provider is required to provide under the Corporations Act in connection with the service described above. Any notice received by New pSivida as agent for such Ineligible Foreign Shareholders will be made available on New pSivida's website at www.psivida.com. The notice will also be posted to any of those Ineligible Foreign Shareholders who request this in writing.

(e) Approvals

The following approvals, among others, must be obtained in order to complete the Reincorporation:

- (i) The Scheme must be approved at a meeting of the holders of Shares by:
 - (A) unless the Court orders otherwise, a majority in number of the Shareholders present and voting on the resolution at the meeting either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative; and
 - (B) at least 75% of the total number of votes cast by Shareholders on the resolution either in person or by proxy, attorney or (in the case of corporate shareholders) a body corporate representative.
- (ii) The Scheme must also be approved by the Court, which is scheduled to consider the Scheme at a hearing on 10 June 2008.

(f) Board of Directors

The board of directors of New pSivida immediately after the Reincorporation will be identical to the Board immediately prior to the Reincorporation.

Information about the current Board and the proposed board of directors of New pSivida can be found in sections 5 and 6 of this Information Memorandum.

7.2 CDIs

The electronic transfer system used on ASX, known as CHESS, cannot be used directly for the transfer of securities of foreign companies. To enable companies such as New pSivida to have their securities cleared and settled electronically through CHESS, depositary instruments called CDIs are issued.

CDIs confer beneficial ownership in foreign securities, with legal title to the securities being held by a depositary, CHESS Depositary Nominees Pty Limited (CDN), a subsidiary of ASX. CDI holders receive all of the economic benefits of actual ownership of the underlying shares. A more detailed description of CDIs and a summary of the rights and entitlements of CDI holders is set out in **Annexure D** of this Information Memorandum.

Holders of CDIs who wish to attend, address and vote at New pSivida general meetings will be able to do so. Under the ASX Listing Rules, an issuer of CDIs must allow CDI holders to attend any meeting of holders of the underlying securities unless the laws of the jurisdiction in which that issuer is established prevent the CDI holders from attending the meeting.

In order to vote, the CDI holders have the following choices:

- (i) instructing CDN, as legal owner, to vote the New pSivida Shares underlying their CDIs in a particular manner—the instruction form must be completed and returned to the New pSivida stock registry prior to the meeting;

Table of Contents

- (ii) informing New pSivida that they wish to nominate themselves or another person to be appointed as CDN's proxy for the purpose of attending and voting at a general meeting; or
- (iii) converting their CDIs into a holding of New pSivida Shares, and voting these at the meeting (however, if thereafter they wish to sell their investment on ASX, it would be necessary first to convert New pSivida Shares back to CDIs) — this must be undertaken prior to the record date for the meeting.

As holders of CDIs will not appear on the New pSivida stock register as the legal holders of New pSivida Shares, they will not be entitled to vote at New pSivida shareholder meetings unless one of the above steps is undertaken.

The details on how to convert CDIs to New pSivida Shares are set out in Annexure D of this Information Memorandum. Proxy forms and details of the alternatives outlined above will be included in each future notice of meeting sent to CDI holders by New pSivida.

7.3 ADSs

ADSs are depositary instruments that allow foreign companies to have their securities traded in the United States. ADSs confer beneficial ownership in underlying foreign securities on ADS holders, while conferring legal title to those underlying foreign securities on a depositary. The Company's ordinary shares trade on Nasdaq through ADSs, with each ADS representing 10 ordinary shares.

ADS Holders will be entitled to vote the number of ordinary shares underlying their respective ADSs at the Scheme Meeting in accordance with the terms of the deposit agreement pertaining to the ADSs.

7.4 Tax Ruling

Information on the tax implications for Shareholders is set out in section 9. However, all Shareholders should consider the tax consequences of the Reincorporation, if implemented, in light of their particular circumstances in the jurisdictions in which they are subject to taxation.

A class ruling application has been lodged with the ATO seeking confirmation that the conditions for scrip for scrip rollover relief are satisfied, and that rollover relief is available in relation to the transfer of Shares to New pSivida under the Scheme. Shareholders will be advised of the outcome of the final ruling.

The Company will not request a ruling from the IRS with respect to the US tax aspects of the Reincorporation.

8. INDEPENDENT EXPERT'S REPORT

The Independent Expert's Report is discussed in section 4.3 and set out in full in **Annexure H** of this Information Memorandum

9. TAXATION IMPLICATIONS OF THE REINCORPORATION

9.1 Australian Tax Implications of the Reincorporation

(a) Important notice

The purpose of this section is to provide an overview of the key Australian tax issues arising from the Reincorporation.

The issues highlighted in this section may be relevant for both corporate and individual Shareholders, resident and non-resident Shareholders, and Australian superannuation funds. However, this section does not provide a comprehensive analysis of the key Australian tax issues which are discussed here. It is merely intended to provide a very broad overview of some of the key relevant tax issues to Shareholders, and should not be relied upon as professional advice.

Each Shareholder will face specific circumstances which may not necessarily be addressed in this section. It is therefore recommended that Shareholders each seek their own professional advice on the key Australian tax implications of agreeing to the proposed Scheme.

Any comments in this section regarding income tax treatment do not apply to Optionholders who acquired their Options through an employee share scheme to which Division 13A of Part III of the Tax Acts applies. In addition any comments regarding income tax treatment do not relate to other types of Options.

Any conversions between Australian and foreign currencies occurring in respect of the Reincorporation may be relevant in the calculation of your assessable income for Australian tax purposes. You should seek further professional advice on whether this is a relevant consideration in your specific circumstances.

(b) Transfer of Shares by Australian resident Shareholders

(i) Shares held by individuals on capital account

Provided your Shares are assets acquired after 19 September 1985 (post CGT assets) you may potentially derive a capital gain from the transfer of Shares if the market value of New pSivida Shares received is greater than the cost base of the Shares. If the reduced cost base of the Shares is more than the market value, a capital loss will arise from the transfer of Shares.

If you have a net capital gain in a given year of income, that amount will be included in your assessable income. If you have a net capital loss in a given year of income, you may carry forward that amount to reduce taxable capital gains derived in future years of income.

If you have a net capital gain, you may potentially (depending on your specific circumstances) be able to reduce your CGT liability through the following ways:

- You should be able to claim scrip for scrip rollover relief (subject to certain conditions being met). Broadly this means that the capital gains from the transfer of Shares will be disregarded until the New pSivida Shares are eventually disposed of. The Australian Taxation Office is expected to issue a class ruling which sets out the operation of the scrip for scrip rollover relief provisions in the present case.
- If the scrip for scrip rollover applies, you can work out the cost base of your New pSivida Shares by (among other things) reasonably attributing to it the cost base of your original interest for which it was exchanged and for which you obtained the roll-over.
- If the scrip for scrip rollover is not chosen, you may be eligible for a 50% discount on the amount of any capital gains net of capital losses and net capital losses on the disposal of New pSivida Shares if such disposal took place at least twelve months after the acquisition of those Shares. This means very broadly that only half of your capital gains (net of capital losses) will be assessable capital gains.

You should seek further professional advice on the CGT implications of transfers of Shares held on capital account.

(ii) Shares held by individuals on revenue account

Gains from the transfer of Shares may be taxable as ordinary income and losses from the transfer of Shares may be deductible if you are in the business of trading in shares or otherwise hold the Shares on revenue account. If you hold the Shares on revenue account, you may be able to utilise your prior year tax losses to reduce the amount of ordinary income (if any) which is assessable in a given year of income. Losses (if any) from the transfer of Shares may be carried forward to be utilised against your income in future years of income.

However, you will not be able to claim scrip for scrip rollover relief in respect of any revenue gain, nor will you be eligible for the 50% discount on the amount of taxable capital gains reduced by any revenue gain. You will not be able to utilise your capital losses (if any) against any revenue gain.

(iii) Shares held by companies on capital account

The comments in subparagraph (b)(i) of this section should broadly apply to companies holding the Shares on capital account. However, the 50% discount will not be available to the companies.

(iv) Shares held by companies on revenue account

The comments in subparagraph (b)(ii) of this section should broadly apply to companies holding the Shares on revenue account.

(v) Shares held by Australian complying superannuation funds

The comments in subparagraph (b)(i) of this section should broadly apply to Australian complying superannuation funds holding the Shares on capital account. However, provided the Shares are held on capital account, the discount percentage for capital gains will be 33 1/3 % (and not 50%).

(c) Future dividends received by Australian resident shareholders

(i) Taxation of foreign dividends

Generally you will be subject to Australian income tax on any dividends you may be paid by New pSivida from time to time. However, if a corporate resident shareholder holds at least 10% of the total voting power in New pSivida, it may not be assessed on the dividends if certain conditions are satisfied.

(ii) Dividends subject to foreign tax

You may be liable to pay foreign tax (such as US withholding tax) in respect of any dividends you may receive from New pSivida from time to time.

From 1 July 2008, you may be entitled (provided certain conditions are satisfied) under the new foreign income tax offset rules to a non-refundable tax offset for foreign income tax paid on an amount included in assessable income. The offset can effectively reduce the potential Australian tax payable on the amount included in assessable income. Before 1 July 2008, you may be entitled to foreign tax credits on the amount of foreign tax that you paid (or that was paid on your behalf) in respect of assessable dividends.

(d) Future disposal of shares by Australian resident shareholders

(i) Shares held by individuals on capital account

You may potentially derive a capital gain from the future disposal of your New pSivida Shares. If the reduced cost base of the New pSivida Shares is more than the market value, a capital loss will arise from the transfer of New pSivida Shares.

If you have a net capital gain in a given year of income, that amount will be included in your assessable income. If you have a net capital loss in a given year of income, you may carry forward that amount to reduce taxable capital gains derived in future years of income.

If you have a net capital gain, you may potentially (depending on your specific circumstances) be able to reduce your capital gains tax (CGT) liability through a 50% discount on the amount of capital gains (net of capital losses and net capital losses). This means very broadly that only half of your capital gains will be assessable capital gains.

(ii) Shares held by individuals on revenue account

The comments in subparagraph (b)(ii) of this section should broadly apply to individuals holding the New pSivida Shares on revenue account.

(iii) Shares held by companies on capital account

The comments in subparagraph (d)(i) of this section should broadly apply to companies holding the New pSivida Shares on capital account. However, the 50% discount will not be available to the companies.

(iv) Shares held by companies on revenue account

The comments in subparagraph (b)(ii) of this section should broadly apply to companies holding the New pSivida Shares on revenue account.

(v) Shares held by Australian complying superannuation funds

The comments in subparagraph (d)(i) of this section should broadly apply to Australian complying superannuation funds holding the New pSivida Shares on capital account. However, provided the New pSivida Shares are held on capital account, the discount percentage for capital gains will be 33 1/3% (and not 50%).

(e) Non-resident Shareholders

The following comments apply to both individual and company Shareholders who are not Australian tax residents in a given year of income.

(i) Transfer of Shares held on capital account

Provided that the Shares are not “taxable Australian property”, you should generally not be subject to tax under Australia’s CGT rules on any capital gains from the disposal of your Shares held on capital account. Nor should you generally be able to claim any capital losses from the disposal of those same Shares.

Very broadly, shares can be treated as “taxable Australian property” if they represent a parcel of 10% or more of shares in a land-rich company held by a non-resident and its associates (subject to other conditions being met), or if the shares were used at any time in carrying on a business through an Australian permanent establishment (PE) of a non-Australian resident. You should seek further professional advice on how the Shares will be treated under Australia’s CGT rules.

(ii) Transfer of Shares held on revenue account

As with residents, Australian sourced gains from the transfer of Shares may be taxable as ordinary income and losses from the transfer of Shares may be deductible if you are in the business of trading in shares or otherwise hold the Shares on revenue account, or if you held the Shares as trading stock.

However, the Australian sourced gains may not be subject to tax in Australia if you are a resident of a country with which Australia has a tax treaty, and provided the gain is not attributable to your Australian PE.

You should seek further professional advice on how the gains from the Shares will be treated under these rules.

(iii) Future dividends

Generally, providing the profits out of which dividends are paid are not sourced in Australia, dividends received from New pSivida by non-resident shareholders from time to time should not be subject to Australian income tax.

(iv) Future disposal of New pSivida Shares on capital account

The comments in subparagraph (e)(i) should also apply here.

(v) Future disposal of New pSivida Shares on revenue account

The comments in subparagraph (e)(ii) should also apply here.

(f) The foreign investment fund rules

The Reincorporation may result in Australian shareholders holding interests in a foreign company that may be subject to Australia's foreign investment fund (FIF) rules. Very broadly, those shareholders may be taxed annually on an "accruals" basis on income deemed to have been earned by the foreign company.

Certain entities such as complying superannuation funds and investments may be subject to concessional treatment. You should seek further professional advice on how the FIF rules may apply in your own specific circumstances.

(g) Taxation of financial arrangements

A bill was introduced into Federal Parliament prior to the Federal election. If reintroduced into the new Parliament, it will propose new rules for the recognition of gains and losses arising from certain types of financial arrangements which in some circumstances include financial arrangements which are shares.

You should seek advice on the implications of the proposals if the new Government decides to adopt the reforms.

(h) Stamp duty and goods and services tax

You will not be required to pay any Australian Goods and Services Tax (GST) or stamp duty on the transfer of your Shares to New pSivida or the issue of New pSivida Shares.

If you are registered or required to be registered for GST in Australia you will need to consider the extent, if any, to which GST paid on acquisitions relating to the transfer, cancellation or issue of Shares cannot be recovered.

9.2 US Tax Implications of the Reincorporation

IRS Circular 230 Notice: To ensure compliance with requirements imposed by the IRS, you are hereby notified that the US tax advice contained herein (i) is written in connection with the promotion or marketing by the Company of the transactions or matters addressed herein and (ii) is not intended or written to be used, and cannot be used by any taxpayer, for the purpose of avoiding US tax penalties. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

The following is a summary of certain US federal income tax consequences of the Reincorporation generally applicable to US Participants and Non-US Participants (defined below), as well as certain US federal income tax consequences of the Reincorporation to the Company and New pSivida. This summary is based upon the currently existing provisions of the Code, existing and proposed Treasury Regulations promulgated thereunder, judicial decisions and published rulings and pronouncements of the IRS, all as in effect as of the date hereof and all of which are subject to change at any time, possibly with retroactive effect. This summary of certain US federal income tax consequences is based on factual information provided by the Company.

[Table of Contents](#)

This summary does not purport to deal with all aspects of US federal income taxation that may affect particular persons in light of their individual circumstances or that may affect persons subject to special treatment under US federal income tax law, including, without limitation:

- banks, insurance companies or other financial institutions;
- pension plans;
- regulated investment companies;
- tax-exempt organisations;
- partnerships or other pass-through entities or holders of interests therein;
- “controlled foreign corporations,” “passive foreign investment companies” and corporations that accumulate earnings to avoid US federal income tax;
- dealers in securities, options or foreign currencies;
- traders in securities or options that elect to use a mark-to-market method of accounting;
- persons who hold their Shares, ADSs, New pSivida Shares or CDIs as part of a hedge, wash sale, appreciated financial position, straddle, conversion transaction, “constructive sale” or other risk reduction transaction;
- persons holding (directly, indirectly, or constructively) or beneficially owning more than 5% of the Shares or more than 5% of the New pSivida Shares;
- persons that do not hold their Shares, ADSs, New pSivida Shares or CDIs as “capital assets” as defined in the Code;
- persons subject to the alternative minimum tax provisions of the Code;
- persons whose functional currency is not the US dollar; and
- certain US expatriates and former citizens or long-term residents of the United States.

The US federal income tax consequences of the Reincorporation are complex and are subject to uncertainties. The Company will not request a ruling from the IRS with respect to any of the tax aspects of the Reincorporation. Thus, no assurance can be given as to the interpretation that the IRS or a court would adopt. In addition, this summary does not consider the effect of any applicable non-income tax, US state or local tax or foreign tax laws, nor does it consider the tax consequences of other transactions effectuated before, after or concurrently with the Reincorporation (whether or not any such transaction is undertaken in connection with the Reincorporation). This discussion also does not apply to any person who receives New pSivida Shares other than in exchange for Shares pursuant to the Reincorporation (for example, in exchange for services or upon the exercise of options). Finally, the discussion below does not consider the tax consequences of the Reincorporation to holders of debt instruments or of options, warrants or other similar rights to acquire Shares or New pSivida Shares.

THE FOLLOWING SUMMARY OF CERTAIN US FEDERAL INCOME TAX CONSEQUENCES IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT A SUBSTITUTE FOR CAREFUL TAX PLANNING AND ADVICE. YOU ARE URGED TO CONSULT WITH YOUR TAX ADVISER AS TO THE SPECIFIC TAX CONSEQUENCES TO YOU OF THE REINCORPORATION IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES, INCLUDING TAX RETURN REPORTING REQUIREMENTS, THE APPLICABILITY AND EFFECT OF FEDERAL (INCLUDING US ESTATE), STATE, LOCAL, FOREIGN AND OTHER APPLICABLE TAX LAWS AND THE EFFECT OF ANY PROPOSED CHANGES IN THE TAX LAWS.

Generally, for US federal income tax purposes, a beneficial owner of ADSs will be treated as the owner of the Shares represented by such ADSs. The Company expects that a beneficial owner of CDIs will be similarly treated as the owner of the New pSivida Shares represented by such CDIs. Hereinafter in this section 9.2, reference to “Shares” includes ADSs that represent Shares, and reference to “New pSivida Shares” includes CDIs that represent New pSivida Shares, where appropriate.

For the purposes of this discussion, a US Participant is a beneficial owner of Shares that holds such Shares as “capital assets” as defined in the Code and is a US Person.

A Non-US Participant, for the purposes of this discussion, is a beneficial owner of Shares that holds such Shares as “capital assets” as defined in the Code but is not a US Participant and is not an Ineligible Foreign Shareholder. This summary does not address US federal tax considerations applicable to Ineligible Foreign Shareholders.

(a) US tax consequences for US Participants

(i) The Reincorporation

For US federal income tax purposes, the Company intends for the Reincorporation to be treated as a “reorganization” within the meaning of Section 368(a) of the Code. If, contrary to the Company’s position, the Reincorporation is not treated as a reorganization under Section 368(a) of the Code, US Participants generally would be subject to taxation on the disposition of their Shares according to the general tax treatment described in section 9.2(a)(ii) below with respect to the sale or other taxable disposition of New pSivida Shares.

If the Reincorporation qualifies as a reorganization under Section 368(a) of the Code, under Treasury Regulations that may apply to the Reincorporation, a US Participant will be required to recognize gain but not loss on the receipt of New pSivida Shares in exchange for their Shares of the Company, unless the conditions described in either of the next two paragraphs are satisfied.

If certain requirements are met, in lieu of the tax treatment in the preceding paragraph a US Participant may instead elect to include in income as a deemed dividend the “all earnings and profits amount” (as defined in Treasury Regulations Section 1.367(b)-2(d)) with respect to its Shares. In order to make this election, the Company must provide certain information to the US Participant to substantiate such “all earnings and profits amount.” In addition, the US Participant must comply with certain notice requirements under the Treasury Regulations, including rules concerning the timing and manner for making a valid election. The Company intends to provide a US Participant eligible to make such an election with information regarding its earnings and profits, or absence of any earnings and profits, to allow the US participant to make the election. The Company does not expect that it will have a positive “all earnings and profits amount.”

Alternatively, if the Shares exchanged by a US participant pursuant to the Reincorporation have a fair market value of less than US\$50,000, then, in general, no gain or loss will be recognized by the US Participant on the receipt of New pSivida Shares in exchange for their Shares of the Company; the aggregate tax basis of the New pSivida Shares received by the US Participant pursuant to the Reincorporation will be equal to the aggregate tax basis of the Shares surrendered in exchange therefor; and the US Participant’s holding period for the New pSivida Shares received pursuant to the Reincorporation will include the period for which such US Participant held the Shares surrendered in exchange therefor.

A US Participant receiving cash in lieu of a fractional New pSivida Share will generally recognize capital gain or loss equal to the difference between the portion of the adjusted tax basis in the US Participant’s Shares allocable to the fractional New pSivida Share and the amount of cash received. Such gain or loss will be long-term capital gain or loss if the US Participant’s holding period in the fractional share is more than one year. The deductibility of capital losses is subject to limitation.

Other consequences apply to a US Participant who is a United States Shareholder (as defined in the Code and applicable Treasury Regulations) of the Company. All US Participants are urged to consult their tax advisers about the US tax consequences to them and, if applicable, whether or not to make the election described above.

In addition to or instead of the foregoing tax treatment, the Reincorporation may result in special tax treatment under the rules for passive foreign investment companies (“PFICs”) for any US Participant that held Shares in any year in which the Company was a PFIC. The IRS may consider the Company to

have been a PFIC for its financial year ended 30 June 2005, and, possibly, for other years. The particular tax treatment of a US Participant that has held PFIC stock depends on if and when the US Participant made certain elections with respect to the stock. Proposed Treasury Regulations provide for the recognition of gain, in certain cases, upon the disposition of PFIC stock in an otherwise tax-free transaction. The Company does not believe such treatment should apply to the Reincorporation. Because the PFIC rules are complex and the tax treatment of the Reincorporation under the PFIC rules is uncertain, US Participants are urged to consult their tax advisers about the tax consequences to them under the PFIC rules.

(ii) Holding New pSivida Shares following the Reincorporation

After the Effective Date of the Reincorporation, a US Participant will own New pSivida Shares in lieu of Shares. If distributions are made on New pSivida Shares, such distributions generally will constitute dividends for US federal income tax purposes to the extent paid from current or accumulated earnings and profits, as determined under US federal income tax principles. For individuals, dividends generally are taxed at a maximum rate of 35%. Certain dividends paid before 2011 to non-corporate US Participants may be eligible for a reduced rate of tax. Any dividends paid on New pSivida Shares that are not eligible for the preferential rate will be treated as ordinary income to a non-corporate US Participant. Dividends paid on New pSivida Shares to corporate US Participants may be eligible for the dividends received deduction. If a distribution exceeds the current and accumulated earnings and profits of New pSivida, the excess will be treated as a tax-free return of the US Participant's investment, up to the amount of such holder's adjusted tax basis in New pSivida Shares (reducing, but not below zero, such basis in the amount of such tax-free return). Any remaining excess will generally be treated as capital gain, subject to the tax treatment described below.

Upon the sale or other taxable disposition of New pSivida Shares, the US Participant will recognize capital gain or loss in an amount equal to the difference between the amount realized on the disposition and such US Participant's adjusted tax basis in the New pSivida Shares. Such gain or loss will be long-term capital gain or loss if such US Participant's holding period in the New pSivida Shares is more than one year. Long-term capital gain is eligible for preferential rates for individuals and certain other non-corporate taxpayers. The deductibility of capital losses is subject to limitation.

(b) US tax consequences for Non-US Participants

(i) The Reincorporation

The Reincorporation will generally not have any US federal income tax consequences to a Non-US Participant, although in certain cases Non-US Participants may be subject to taxation on the disposition of their Shares according to the general tax treatment described in section 9.2(b)(ii) below with respect to the sale, exchange, or other taxable disposition of New pSivida Shares. In addition, under Treasury Regulations that may apply to the Reincorporation, certain corporate Non-US Participants with respect to which there are one or more United States shareholders (as defined in the Code and applicable Treasury Regulations) may be subject to US tax on the "all earnings and profits amount" (if any) with respect to their Shares.

A non-US Participant receiving cash in lieu of a fractional New pSivida Share will generally realize capital gain or loss equal to the difference between the portion of the adjusted tax basis in the non-US Participant's Shares allocable to the fractional New pSivida Share and the amount of cash received. The US federal income tax consequences of such realized gain or loss will be determined according to the general tax treatment described in section 9.2(b)(ii) below with respect to the sale, exchange or other taxable disposition of New pSivida Shares.

Non-US Participants are urged to consult their tax advisers about the US tax consequences to them of the Reincorporation.

(ii) Holding New pSivida Shares following the Reincorporation

As a result of exchanging Shares for New pSivida Shares, a Non-US Participant will hold New pSivida Shares after the Reincorporation. If distributions are made on New pSivida Shares, such distributions generally will constitute dividends for US federal income tax purposes to the extent paid from current or accumulated earnings and profits, as determined under US federal income tax principles. A Non-US Participant will generally be subject to US withholding tax on any dividends paid with respect to such Non-US Participant's New pSivida Shares. Such tax is imposed at a rate of 30% of the gross amount of the dividend, or, if the Non-US Participant is eligible, such lower rate as may be specified under an applicable income tax treaty. A Non-US Participant eligible for the benefits of the Australia-US income tax treaty may be entitled to a reduced rate of withholding of 15% (or 5%, if the Non-US Participant is a company that directly holds at least 10% of the voting power in New pSivida). A Non-US Participant who wishes to claim the benefit of an applicable income tax treaty is required to provide a properly completed and executed withholding certificate to the withholding agent (generally the broker where the shares are held) on the appropriate IRS Form W-8 (or a successor form).

Upon the sale, exchange or other taxable disposition of New pSivida Shares, a Non-US Participant generally will not be subject to US federal income tax or withholding tax unless (1) the gain is effectively connected with a US trade or business of the Non-US Participant (or, if a treaty applies, is attributable to a permanent establishment in the United States of such Non-US Participant); (2) in the case of a Non-US Participant who is an individual, such Non-US Participant is present in the United States for a period or periods aggregating 183 days or more during the taxable year of the disposition, and either (a) such Non-US Participant has a "tax home" (as such term is defined in Section 911 of the Code) in the United States or (b) the disposition is attributable to an office or other fixed place of business maintained by such Non-US Participant in the United States; or (3) New pSivida is characterized as a United States real property holding corporation for United States federal income tax purposes. The Company does not believe that, after the Reincorporation, New pSivida will be, and the Company does not anticipate that New pSivida will become, a United States real property holding corporation. However, because the determination of whether New pSivida is a United States real property holding corporation depends on the fair market value of its United States real property interests relative to the fair market value of its other business assets, there can be no assurance that New pSivida will not become a United States real property holding corporation in the future.

To the extent that such dividends or gains are effectively connected with the conduct of a US trade or business by a Non-US Participant (or, if a treaty applies, are attributable to a permanent establishment in the United States of a Non-US Participant), the Non-US Participant will be taxed in the same manner as a US Participant on dividends or gains on the sale or exchange of New pSivida Shares. If such Non-US Participant is a foreign corporation, it may be subject to the US branch profits tax on such income at a 30% rate (or such lower rate as may be specified by an applicable income tax treaty).

(c) **US tax consequences for the Company and New pSivida**

In general, if the Reincorporation qualifies as a reorganization under Section 368(a) of the Code, no gain or loss for US federal income tax purposes will be recognized by the Company or by New pSivida, and New pSivida will succeed to and take into account various tax attributes of the Company, subject to a variety of conditions and limitations. For avoidance of doubt, under applicable Treasury Regulations, New pSivida will not take into account for US federal income tax purposes any net operating loss, capital loss carryover, or deficit in earnings and profits of the Company during the period it was an Australian corporation to the extent such net operating loss, capital loss carryover, or deficit in earnings in profits was not effectively connected with a US trade or business (or was not attributable to a US permanent establishment under an applicable income tax treaty). The Company does not believe that it has carried on business in the United States for this purpose prior to the Reincorporation.

Following the Reincorporation, New pSivida, a US corporation, will own all the assets and liabilities of the Company. As a US corporation, New pSivida is subject to the general principles of US federal income taxation discussed in this section.

A US corporation is taxed on its worldwide income as determined under US tax accounting principles. Therefore, a US corporation potentially is subject to double-taxation on income earned outside the United States. Double taxation may be mitigated to the extent the US corporation qualifies for a credit for non-US income taxes paid or accrued or qualifies for certain relief under an applicable income tax treaty.

The earnings of foreign corporations owned by US shareholders generally are not subject to US federal income tax until such earnings are distributed to US shareholders as dividends or other gains constituting currently taxable income. This generally results in the deferral of US income tax on such earnings. However, the US imposes current tax on US shareholders of foreign corporations under complex anti-deferral regimes. Certain income of foreign corporations controlled by US shareholders is subject to current US taxation. Such income includes, for example, passive income (e.g., dividends, interest, rents and royalties) and certain investments in the US by the foreign corporation, such as loans to a US shareholder. Also, a US shareholder is denied the benefits of deferral related to certain non-US corporations a large portion of whose income or assets is passive. One or more of such anti-deferral regimes may operate to deny a US shareholder the benefit of deferral with respect to income of foreign corporations. As noted, regardless of whether deferral is available, such income may subject a US shareholder to double-taxation to the extent not offset by a foreign tax credit.

A US corporation may qualify for a credit against its US tax liability for non-US income taxes paid or accrued by the US corporation or certain of its foreign subsidiaries. However, due to a complex set of limitations, the amount of the deemed paid credit may not be sufficient to offset all of the non-US taxes paid or accrued by the US corporation. To the extent not wholly offset by this credit, the foreign earnings of a US corporation may be subject to double-taxation.

The United States has a very complex federal tax regime governing a US parent corporation that owns US and foreign subsidiaries and interests in other foreign corporations, which can, in some circumstances, result in a higher overall tax burden to the US parent corporation than a parent corporation incorporated in another jurisdiction. As the Company's foreign subsidiaries do not currently generate material revenue, it is not expected this regime would have a material effect on the group's overall tax burden.

(d) Information Reporting and Backup Withholding

Dividends from New pSivida will, and proceeds from the sale, exchange, redemption or other disposition of New pSivida Shares may, be reported to the IRS unless the holder (i) is a domestic corporation, (ii) establishes that such holder is a non-US person on the appropriate IRS Form W-8 (or successor form), or (iii) otherwise establishes a basis for exemption from the information reporting rules. These information reporting requirements apply even if backup withholding is not required.

Under the provisions of an applicable income tax treaty or agreement, copies of information returns may be made available to the tax authorities of the country in which a Non-US Participant resides or is incorporated.

Backup withholding tax may apply to amounts subject to reporting if the holder fails to provide an accurate taxpayer identification number or otherwise establish an exemption. Backup withholding is not an additional tax. A holder subject to backup withholding can claim a credit against its US federal income tax liability (if any) for the amount of any such withholding tax and a refund of any excess amount, provided that certain information is timely furnished to the IRS.

US PARTICIPANTS AND NON-US PARTICIPANTS SHOULD CONSULT THEIR TAX ADVISERS REGARDING THE APPLICATION OF THE INFORMATION REPORTING AND BACKUP WITHHOLDING RULES TO THEM AND THE AVAILABILITY AND PROCEDURE FOR OBTAINING AN EXEMPTION FROM BACKUP WITHHOLDING UNDER CURRENT US TREASURY REGULATIONS.

10. ADDITIONAL INFORMATION

This Information Memorandum, including the additional information contained in this section, has been prepared pursuant to section 412(1) of the Corporations Act to explain the effect of the proposed scheme of arrangement between the Company and its Shareholders, to be considered at the Scheme Meeting. The Scheme is set out in Annexure B of this Information Memorandum.

10.1 Summary of Implementation Agreement

The Company and New pSivida have entered into the Implementation Agreement in connection with the proposed Scheme. A copy of the Implementation Agreement is set out in **Annexure A** of this Information Memorandum.

The Implementation Agreement sets out the obligations of the Company and New pSivida in relation to the Scheme.

(a) Conditions to Implementation Agreement

In addition to the approval of the Scheme by Shareholders and the Court, the obligations of the Company and New pSivida to implement the Scheme are subject to the following conditions being satisfied or, where applicable, waived in accordance with the terms of the Implementation Agreement:

- (i) **(ASX listing)** before 8.00 am on the Second Court Date, ASX having approved:
 - (A) New pSivida for admission to ASX official list; and
 - (B) the CDIs for official quotation by ASX,in each case conditional only on the Scheme becoming Effective and New pSivida providing to ASX the information required by ASX for approval or the ASX Listing Rules and satisfying any other conditions of ASX approval.
- (ii) **(ASIC relief)** before 8.00 am on the Second Court Date, ASIC granting to the Company the ASIC Relief on terms that are unconditional, or subject to conditions that are acceptable to the Company;
- (iii) **(ASX waivers)** before 8.00 am on the Second Court Date, ASX granting to the Company the ASX Waivers on terms that are unconditional, or subject to conditions that are acceptable to the Company;
- (iv) **(Nasdaq listing)** before 8.00 am on the Second Court Date, New pSivida Shares having been accepted for listing on Nasdaq, conditional only on the Scheme becoming Effective;
- (v) **(Required consents)** before 8.00 am on the Second Court Date, receipt of all Required Consents that the Company and New pSivida agree are necessary to implement the Reincorporation, without the imposition of any term or condition unsatisfactory to the parties acting reasonably;
- (vi) **(No restraints)** as at 8.00 am on the Second Court Date, there existing no temporary restraining order, preliminary or permanent injunction or other order by any court of competent jurisdiction, or any other legal restraint or prohibition, that prevents the Reincorporation from being implemented;
- (vii) **(Depositary)** before 8.00 am on the Second Court Date, New pSivida having appointed a Depositary, and the Depositary having agreed to the allotment to it of New pSivida Shares under the Scheme;
- (viii) **(Nominee)** before 8.00 am on the Second Court Date, New pSivida having appointed a Nominee and the Nominee having agreed to sell the CDIs in respect of the entitlements for Ineligible Foreign Shareholders; and

- (ix) **(Ability to issue CDIs)** before 8.00 am on the Second Court Date, New pSivida having done everything necessary under the ASTC Settlement Rules to enable it to issue CDIs, other than the allotment to a Depository of New pSivida Shares under the Scheme.

(b) Conditions to Scheme

The Scheme is conditional upon the satisfaction or waiver of all of the conditions set out in clause 2 of the Scheme, a summary of which is set out below:

- (i) the satisfaction or waiver of all of the Conditions Precedent to the Implementation Agreement (summarised in section 10.1(a)) before 8.00 am on the Second Court Date;
- (ii) as at the Second Court Date, neither the Implementation Agreement nor the Deed Poll having been terminated;
- (iii) the Scheme having been approved by Shareholders; and
- (iv) the Court having approved the Scheme by the End Date.

A copy of the Scheme is set out in **Annexure B** of this Information Memorandum.

(c) Status of conditions

As at the date of this Information Memorandum, the Company is not aware of any circumstances which would cause the conditions summarised in sections 10.1(a) or 10.1(b) not to be satisfied.

The Company will advise Shareholders of the status of the various conditions at the Scheme Meeting.

10.2 Deed Poll

New pSivida has executed a Deed Poll in favour of the Shareholders. Under the Deed Poll, New pSivida promises to issue the Scheme Consideration to the Shareholders in the form of CDIs or New pSivida Shares, in accordance with the Implementation Agreement and to do all things necessary or expedient on its part to implement the Scheme.

10.3 Scheme Meeting

The Court has ordered that a meeting of Shareholders be held on 6 June 2008 at 1.00 pm (AEST).

The order of the Court that the Scheme Meeting be convened is not, and should not be treated as, an endorsement by the Court of, or any other expression of opinion by the Court on, the Scheme.

For the Scheme to be approved by Shareholders, the relevant resolution must be passed by the Requisite Majority.

10.4 Actions by the Company and New pSivida to Implement Reincorporation

If the Court approves the Scheme, the Directors and the directors of New pSivida will take or procure the taking of the steps required for the Scheme to be implemented. These steps will include the following:

- (a) the Company, as soon as practicable after Shareholders have approved the Scheme at the Scheme Meeting, applying to the Court for the Implementation Orders; and
- (b) the Company lodging with ASIC an office copy of the Implementation Orders.

10.5 Effective Date

- (a) The Scheme will become Effective on the date upon which an office copy of the orders of the Court under section 411 of the Corporations Act approving the Scheme are lodged with ASIC.

[Table of Contents](#)

- (b) If the Scheme becomes Effective, the Company will immediately give notice of the event to ASX.
- (c) Once the Scheme becomes Effective, the Company and New pSivida will become bound to implement the Scheme in accordance with its terms.

10.6 Record Date

For the purpose of establishing who are Scheme Participants, dealings in Shares will only be recognised if:

- (a) in the case of dealings of the type to be affected using CHESS, the transferee is registered in the Share Register as the holder of the relevant Shares by 1.00 pm (AEST) on the Record Date; and
- (b) in all other cases, if registrable transmission applications or transfers in respect of those dealings are received on or before 1.00 pm (AEST) on the Record Date at the place where the Share Register is kept.

The Company will not accept for registration or recognise for any purpose any transmission application or transfer in respect of Shares received after 1.00 pm (AEST) on the Record Date.

For the purpose of determining entitlements to the Scheme Consideration, the Company will, until the Scheme Consideration has been issued in accordance with the Scheme, maintain the Share Register in accordance with the foregoing provisions of this section, and the Share Register in this form will solely determine entitlements to Scheme Consideration. As from 1.00 pm (AEST) on the Record Date, each entry current on the Share Register will cease to be of any effect other than as evidence of entitlement to the Scheme Consideration in respect of the Shares relating to that entry.

10.7 Suspension and De-listing of the Company from Official List of ASX

Trading on ASX of Shares is expected to cease as at the close of trading on the Effective Date. Trading on ASX of CDIs issued under the Reincorporation is expected to commence on a deferred delivery basis from the opening of trading on the next trading day after the Effective Date. After the Implementation Date, the Company will apply for termination of the official listing of the Company on ASX.

10.8 Ranking of the New pSivida Shares/CDIs

All New pSivida Shares will rank equally, including with respect to voting rights.

All New pSivida Shares underlying CDIs will have the same voting rights, to be exercised in accordance with the CDI voting procedures described in section 7.2 and **Annexure D**.

10.9 Rights Attaching to the New pSivida Shares/CDIs

Under US law and New pSivida's certificate of incorporation and bylaws, the rights attaching to New pSivida Shares and CDIs pertaining to share capital, issuance of shares, transfer of shares, repurchase of shares, voting rights, dividend and distribution rights, variation of class rights and information rights are summarised as follows:

(a) Share capital

New pSivida will have two classes of stock, common stock and preferred stock. New pSivida may issue up to 60,000,000 shares of common stock at US\$.001 par value per share and up to 5,000,000 shares of preferred stock at US\$.001 par value per share.

The only shares on issue immediately after the Reincorporation will be common stock.

(b) Issuance of shares

The ASX Listing Rules' 15% limit on new issues of shares will continue to apply to New pSivida after the Reincorporation.

The Nasdaq Marketplace Rules that require shareholder approval for certain issuances of stock that would have a dilutive effect on stock price will also continue to apply to New pSivida after the Reincorporation.

(c) Transfer of shares

New pSivida Shares and CDIs are freely transferable, subject to any transfer restrictions imposed by applicable US federal and state securities laws, and any agreement signed with the relevant shareholder. The New pSivida Shares or CDIs acquired as part of the Reincorporation will be freely transferable, except potentially for New pSivida Shares or CDIs acquired by persons who are affiliates of New pSivida at the time of the issuance.

(d) Buybacks/Repurchase of shares

New pSivida's board of directors generally may cause New pSivida to repurchase its outstanding shares using funds legally available to New pSivida without obtaining shareholder approval of the repurchase. New pSivida's board of directors generally may not, however, cause New pSivida to repurchase its outstanding shares if New pSivida's liabilities exceed its assets.

Any repurchase of shares by New pSivida would be subject to US federal law and might be subject to Nasdaq Marketplace Rules.

If the repurchase of the shares is to take place on-market, New pSivida must consult with ASX before the repurchase and comply with any requirements ASX sets. ASX may require New pSivida to comply with the Corporations Act as if it were an Australian company, or with the listing rules relating to on-market buy-backs by Australian companies, with any adaptations that, in ASX's opinion, are appropriate.

(e) Voting rights

Each New pSivida Share entitles the holder to one vote on all matters on which New pSivida shareholders have the right to vote.

Each CDI entitles the holder to one vote (via the Depositary) on all matters on which New pSivida shareholders have the right to vote.

(f) Dividend and distribution rights

Holders of New pSivida Shares are not entitled to dividends or distributions except as declared by the New pSivida board of directors from time to time in its sole discretion.

Holders of CDIs are not entitled to dividends or distributions except as declared by the New pSivida board of directors from time to time in its sole discretion.

New pSivida's board of directors may declare and pay dividends from time to time in its sole discretion out of New pSivida's profits, including profits previously set aside as a reserve. A resolution by the New pSivida board of directors as to the amount of New pSivida's profits, and the amount of them available for dividend, is conclusive.

(g) Variation of class rights

Any amendments to New pSivida's certificate of incorporation that would adversely affect the rights, powers or preferences of any class of New pSivida Shares, or that would change the par value of any class of New pSivida Shares, must be approved by a majority of all votes entitled to be cast by the shareholders of the adversely affected class, and also by any other vote required by law or by the New pSivida certificate of incorporation.

Any amendments to New pSivida's bylaws can be made by board or shareholder approval. New pSivida's board of directors may amend New pSivida's bylaws at any time if approved by vote of a majority of the board. New pSivida's shareholders may amend New pSivida's bylaws if approved by a majority of the votes entitled to be cast on the relevant resolution by shareholders present in person or by proxy at a meeting at which a quorum is present.

10.10 Ongoing Continuous Disclosure and Reporting Requirements

New pSivida will continue to be required to comply with the ASX continuous disclosure regime.

New pSivida will also continue to be required to publicly file certain information with the SEC, including:

- (i) annual reports on Form 10-K;
- (ii) quarterly reports on Form 10-Q;
- (iii) periodic reports containing material information required to be disclosed on Form 8-K;
- (iv) any information required to be filed with a stock exchange, such as ASX or Nasdaq; and
- (v) any material information sent to security holders.

Except as otherwise provided in the terms of any series of New pSivida Shares, the issuance of shares of any series of New pSivida Shares (assuming a sufficient number of authorised and unissued shares of that series) would not require a class vote by any class or series of stock. However, an amendment increasing the number of authorised shares of any class of New pSivida Shares would require approval by the holders of a majority of the votes entitled to be cast by the shareholders of the affected class.

The above discussion is only a summary of the rights attaching to New pSivida Shares and CDIs. For more details regarding the rights attaching to New pSivida Shares and CDIs under the New pSivida certificate of incorporation and bylaws and Delaware and US federal law, please see **Annexure E** to this Information Memorandum.

10.11 No Encumbrances on Shares

Shareholders should be aware that clause 8.2 of the Scheme of Arrangement provides that each Scheme Participant is deemed to have warranted to New pSivida that:

- (a) all of his or her Shares (including any rights and entitlements attaching to those shares) transferred to New pSivida under the Scheme will, on the Implementation Date, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests and other third-party interests of any kind, whether legal or otherwise, and restrictions on transfer of any kind, whether legal or otherwise; and
- (b) he or she has full power and capacity to transfer his or her Shares (including any rights and entitlements attaching to those shares) to New pSivida under the Scheme.

10.12 Termination of the Implementation Agreement

The Implementation Agreement may be terminated in certain circumstances, including:

- (a) at any time prior to the Second Court Date:
 - (i) by either party if the other party is in material breach of the Implementation Agreement, taken in context of the Reincorporation as a whole, before the Second Court Date; *provided*, that the terminating party must have given notice to the other party setting forth the relevant circumstances and stating an intention to terminate, and the relevant circumstances must have continued to exist for seven business days, or for any shorter period ending at 5 pm on the last business day before the Second Court Date, from the time such notice is given;

[Table of Contents](#)

- (ii) by either party if the resolution submitted to the Scheme Meeting is not approved by the requisite majorities;
 - (iii) by either party if the Court refuses to make orders convening the Scheme Meeting or approving the Scheme, and an appeal (if any) from such Court decision fails;
 - (iv) by either party if the Court or other Governmental Agency has issued an order, decree or ruling or taken other action which permanently restrains or prohibits the Scheme;
 - (v) by either party if any of the Conditions Precedent is not satisfied and has not been duly waived;
 - (vi) by either party if the ATO does not issue a ruling that the conditions for scrip for scrip rollover relief are satisfied, and that rollover relief is available in relation to the transfer of Shares to New pSivida under the Scheme; or
 - (vii) by either party if the Independent Expert opines that the Scheme is not in the best interest of the Scheme Participants.
- (b) at any time by either party if the End Date has passed without the Scheme becoming Effective.

10.13 Interests of Directors of the Company

Except as set out below, no person who has served as a director of the Company at any time since the beginning of the last financial year has any substantial direct or indirect interest in relation to the Scheme.

(a) Company securities held by directors

The number and description of the Company's securities held by or on behalf of each person who has served as a director of the Company at any time since the beginning of the last financial year as at the date of this Information Memorandum are:

- (6) Ms Zampatti resigned as Non-executive Director effective 28 August 2006.

All Directors who hold or control the right to vote Shares intend to vote in favour of the resolution to approve the Reincorporation.

(b) New pSivida securities held by directors

There are no New pSivida securities held by or on behalf of any person who has been a director of the Company at any time since the beginning of the last financial year as at the date of this Information Memorandum. The directors of New pSivida will not receive any consideration under the Reincorporation, other than as Shareholders.

10.14 Payments of Benefits to Executive Officers of the Company

Except as set out below, no person who has served as an executive officer of the Company at any time since the beginning of the last financial year has any substantial direct or indirect interest in relation to the Scheme. No securities will be purchased from any Director, Executive or affiliate of the Company in connection with the Scheme.

(a) Company securities held by executive officers

The number and description of the Company's securities held by or on behalf of each person who has served as an executive officer of the Company at any time since the beginning of the last financial year as at the date of this Information Memorandum are:

<u>Executive Officer⁽¹⁾</u>	<u>Shares</u>	<u>Options</u>

Ms Lori Freedman	2,592,320	1,237,500
Mr Michael Soja	2,760,460	1,237,500

- (1) Please see section 10.13 "Interests of Directors of the Company" for the Company security holdings of Managing Director Dr Paul Ashton, former Acting Executive Chairman and Acting Chief Executive Officer Dr Roger Brimblecombe and former Managing Director and Chief Executive Officer Mr Gavin Rezos.
- (2) Mr Finlay served as Company Secretary throughout financial year 2007, and subsequently became a part-time consultant to the Company on 29 February 2008.

(b) New pSivida securities held by executive officers

There are no New pSivida securities held by or on behalf of any person who has been an executive officer of the Company at any time since the beginning of the last financial year as at the date of this Information Memorandum. The executive officers of New pSivida will not receive any consideration under the Reincorporation, other than as Shareholders.

10.15 Agreements or Arrangements with Directors, Executives or Company Secretaries

There are no agreements or arrangements between any Director, Executive or Company secretary and any other person in connection with or conditional upon the outcome of the Scheme.

10.16 Interests of Directors, Executives and Company Secretaries in Contracts Entered Into by New pSivida

No Director, Executive or Company secretary has any interest in any contracts entered into by New pSivida.

10.17 Disclosure of Benefits

As at the date of this Information Memorandum, neither the Company nor any "associate" of the Company has given or offered or agreed to give to another person a benefit likely to induce the other person, or an "associate" of the other person, to vote in favour of the Scheme, excepting any benefits offered to all other Shareholders and any benefits disclosed elsewhere in this Information Memorandum. The term "associate" as used here has the meaning assigned to it under the Corporations Act.

10.18 Effect on Company Creditors

New pSivida intends for its business to consist entirely of the business of the Company, as detailed in section 5.2. All the Company's assets and liabilities are being transferred to New pSivida as a result of the Reincorporation. Therefore, the Reincorporation will not have an adverse impact on the interests of the Company's creditors, and no material liability will be incurred by the Company under or by reason of the Reincorporation, other than the costs of implementing the Scheme.

10.19 Effect on Optionholders

In the Reincorporation, all outstanding Options to acquire Shares or ADSs at the Record Date will by order of the Court be transferred to, and assumed by, New pSivida. The Options will thereupon automatically become options to acquire CDIs or New pSivida Shares. Following the Reincorporation, the Options will have substantially the same terms and conditions as they had prior to the Reincorporation, except that they will be equitably adjusted in order to reflect the Reincorporation, including the Reincorporation's 1 to 40 share exchange ratio. For every 40 Shares or 4 ADSs into which an Option could be exercised prior to the Reincorporation, such Option may be exercised into 1 CDI or New pSivida Share after the Reincorporation. After eliminating fractional entitlements to the extent possible, any remaining fractional entitlements will be handled in accordance with the relevant Option's provisions.

10.20 Dissenters' Rights

Security holders who dissent from the Scheme are not entitled to any appraisal rights under applicable Australian law. However, both security holders and creditors of the Company (including Optionholders) who dissent from the Scheme are entitled to oppose Court approval of the Scheme at the Second Court Hearing by filing with the Court and serving on the Company a notice of appearance in the prescribed form, together with any affidavit on which such opposing Shareholders or creditors wish to rely at the hearing. The notice of appearance and affidavit must be served on the Company at least one business day before the date fixed for the Second Court Hearing. The Second Court Hearing is currently expected to be 10 June 2008. Any change to this date will be announced through ASX and will also be notified on the Company's website.

The Company has not made any special provisions in connection with the Reincorporation to grant unaffiliated security holders access to the Company's corporate files or to obtain counsel or appraisal services for unaffiliated security holders at the Company's expense.

Under Australian law, Shareholders do not have dissenters' rights regarding the resolution to approve the New pSivida ESOP.

10.21 Listing of CDIs on ASX

It is a condition to the Reincorporation that, prior to the Second Court Hearing, New pSivida has received approval for the listing of New pSivida on the stock market conducted by ASX (and for quotation of CDIs representing New pSivida Shares on the official list of ASX) subject only to standard listing conditions and the Reincorporation being approved at the Second Court Hearing.

An application will be made for admission of New pSivida to the official list of and quotation of the CDIs on the stock market conducted by ASX within seven days of the date of this Information Memorandum.

Following the implementation of the Reincorporation, application will be made to ASX for removal of the Company from the official list.

10.22 Listing of New pSivida Shares on Nasdaq

(a) Listing Application

It is a condition to the Reincorporation that, prior to the Second Court Hearing the New pSivida Shares have been accepted for listing on Nasdaq, conditional only on the Scheme becoming effective.

[Table of Contents](#)

The Company will submit to Nasdaq its substitution listing event notification form and substitution listing event fee, and New pSivida will submit to Nasdaq its listing agreement, within seven days of the date of this Information Memorandum.

(b) Continued Listing

In December 2007, the Company received a letter from the NASDAQ Listing Qualifications Department notifying the Company that, for the prior 30 consecutive business days, the bid price of the Company's ADSs had closed below the minimum \$1.00 per share required for continued listing on the NASDAQ Global Market. Under the rules set forth by the NASDAQ Listing Qualifications Department, issuing this notice is customary practice when a NASDAQ quoted company's closing bid price has been less than \$1.00 per share for 30 consecutive trading days. NASDAQ has provided the Company with a grace period of 180 calendar days, or until June 24, 2008, to regain compliance. In order to regain compliance, the bid price of the Company's, or following the Reincorporation, New pSivida's, securities must close at \$1.00 per share or more for a minimum of ten consecutive trading days.

The share exchange contemplated as part of the Scheme is expected to assist in satisfying the minimum bid price requirement; however, the Board cannot predict what the actual trading price of the New pSivida Shares will be. If the Company or, following the Reincorporation, New pSivida does not regain compliance with the \$1.00 minimum bid price requirement by June 24, 2008, NASDAQ will provide written notice that the Company's or New pSivida's securities will be delisted from the NASDAQ Global Market. At that time, the Company or New pSivida may appeal NASDAQ's determination or the Company or New pSivida may apply to transfer its securities to the NASDAQ Capital Market. In the event that the Company's or New pSivida's securities appear likely to be delisted from the NASDAQ Global Market, the Company expects that, upon application thereto, the Company's ADSs or the New pSivida Shares would then trade on the NASDAQ Capital Market, where the Company or New pSivida will have 180 days to regain compliance with the NASDAQ minimum bid price requirements. If the Reincorporation is not implemented or is not implemented on a schedule that would permit New pSivida Shares to trade on NASDAQ for ten trading days by June 24, 2008, the Company's and New pSivida's ability to regain compliance is uncertain.

10.23 Listing of New pSivida Securities on the Frankfurt Stock Exchange

New pSivida intends to list the New pSivida securities on the Frankfurt Stock Exchange prior to the Second Court Hearing.

An application will be made for admission of New pSivida to the official list of and quotation of the New pSivida securities on the Frankfurt Stock Exchange within seven days of the date of this Information Memorandum.

10.24 ASIC and ASX Waivers and Consents

(a) ASIC Relief

In accordance with ASIC class orders CO 04/653 (as amended by CO 06/267) and category 5 of CO 04/671 (as varied by CO 07/42), the CDIs will be freely tradeable.

ASIC has granted the following individual relief:

- (i) an exemption pursuant to section 259C(2) of the Corporations Act in connection with the transfer of the Shares to New pSivida pursuant to the Scheme; and
- (ii) a declaration under subsection 741(1)(b) exempting the holders of CDIs held as a result of the exercise of New pSivida Options from the operation of sections 707(3) and (4) of the Corporations Act on the sale of those securities.

(b) ASX Listing Rules

ASX has also given New pSivida “in principle” advice that ASX is likely to provide the confirmations and waivers described below upon New pSivida applying for admission to the official list of ASX:

- (i) **(prospectus information)** a confirmation that New pSivida may use the Information Memorandum as an information memorandum for the purposes of its application to list on ASX and a waiver from the requirement in paragraph 108 of **Annexure 1A** to include in the Information Memorandum a statement that prospectus equivalent information has been included in the Information Memorandum;
- (ii) **(financial statements)** a waiver from paragraphs 87, 87A, 87B and 87C of **Annexure 1A** to the extent necessary to permit New pSivida not to provide the financial statements referred to in those paragraphs;
- (iii) **(date)** a waiver from paragraph 110 of **Annexure 1A** to permit this Information Memorandum not to specify the date on which it was signed;
- (iv) **(supplementary information)** a waiver from paragraph 117 of **Annexure 1A** to permit New pSivida not to include a statement in the Information Memorandum that a supplementary information memorandum will be issued if New pSivida becomes aware of certain matters occurring between the issue of this Information Memorandum and the date New pSivida’s securities are quoted, on condition that any such matters are announced to the market by the Company;
- (v) **(asset or profit test)** a waiver from condition 8 of Listing Rule 1.1 to the extent necessary to permit New pSivida not to comply with Listing Rules 1.2 or 1.3 on condition that the Company satisfies Listing Rules 12.1 and 12.2 at the time of admission of New pSivida;
- (vi) **(New pSivida securities)** a confirmation that the terms that apply to the securities of New pSivida, including New pSivida Shares and Options are appropriate and equitable for the purposes of Listing Rule 6.1;
- (vii) **(replacement employee stock options)** a waiver from Listing Rules 10.11 and 10.14 to permit New pSivida to issue, without shareholder approval, replacement Options pursuant to the Company ESOP to its related parties, directors and their associates in consideration for the cancellation of their Options;
- (viii) **(constituent documents)** a waiver from Listing Rule 15.12 to the extent necessary to permit New pSivida’s certificate of incorporation and bylaws not to contain the provisions required by Listing Rules 15.12.1 to 15.12.3 inclusive on the condition that New pSivida provides an undertaking to ASX that it will not acquire assets in circumstances where restricted securities would be required to be issued in consideration for the asset;
- (ix) **(accounts)** a confirmation that New pSivida may prepare its accounts in US GAAP and will not be required to provide a statement reconciling its accounts to Australian accounting standards or international accounting standards;
- (x) **(new securities)** a waiver from paragraph 116 of Appendix 1A to permit New pSivida not to include a statement in the Information Memorandum that it will not need to raise capital in the three months after the date of issue of the Information Memorandum; and
- (xi) **(New pSivida ESOP)** a confirmation that New pSivida will be able to rely on Exception 9(a) in Listing Rule 7.2 with respect to Options issued under the New pSivida ESOP.

The fact that ASX may admit New pSivida to its official list is not to be taken in any way as an indication of the merits of New pSivida.

10.25 Issue of Holding Statements/Transmittal Letters

On the Implementation Date, New pSivida will procure the entry in the New pSivida shareholder register of the name of each person entitled to receive New pSivida Shares under the Reincorporation.

As soon as possible after the Implementation Date, New pSivida will issue holding statements or transmittal letters (as the case may be) for New pSivida Shares in the names of the persons shown in the New pSivida shareholder register, and will procure the dispatch of these holding statements or transmittal letters by prepaid post to the addresses shown in the New pSivida share register for those persons.

10.26 US Regulatory Matters

(a) Registration Exemption

It is expected that the initial issuance of New pSivida Shares pursuant to the Scheme will qualify for a registration exemption available under Section 3(a)(10) of the US Securities Act.

Prior to the Second Court Date, the Company will advise the Court of the existence and effects of Section 3(a)(10) of the US Securities Act.

(b) Deadline for Submitting Shareholder Proposals

Under US law, which is applicable to the Company and will be applicable to New pSivida, the deadline for submitting shareholder proposals for inclusion in New pSivida's proxy statement and form of proxy for next year's annual meeting is 21 June 2008 (if the Reincorporation proceeds). Notice of a shareholder proposal will be considered untimely if submitted to New pSivida after 4 September 2008 (if the Reincorporation proceeds).

A shareholder proposal is defined in Rule 14a-8 under the US Exchange Act as "[a shareholder's] recommendation or requirement that the company and/or its board of directors take action, which [the shareholder] intend[s] to present at a meeting of the company's shareholders." A shareholder proposal must be included by a company in its proxy materials distributed in connection with annual or special shareholder meetings if the shareholder proposal meets certain procedural requirements and does not fall within certain enumerated exemptions.

(c) Delivery of Information Memorandum to Shareholders Sharing an Address

In accordance with applicable US law requirements, only one Information Memorandum is being delivered to two or more Shareholders who share an address, unless the Company receives contrary instructions from one or more of the Shareholders at that shared address. Upon receipt of an oral or written request for multiple copies of the Information Memorandum, the Company will promptly deliver such multiple copies.

To request that multiple copies of the Information Memorandum be delivered, Shareholders may contact the Company by mail at pSivida Limited, GPO Box 2986, Melbourne VIC 3001, Attn: Brian Leedman, by telephone at +61 8 9227 8327 or by email at brianl@psivida.com. Shareholders may also contact the Company at the above address, telephone number or email address if they have received multiple copies of the Information Memorandum and would prefer to receive instead a single copy of Company mailings in the future.

10.27 Other Foreign Regulatory Matters

(a) New Zealand

By this Information Memorandum being distributed in New Zealand under the Securities Act (Overseas Companies) Exemption Notice 2002 as amended, re-enacted and/or replaced, New pSivida is relieved from the requirement to prepare a New Zealand registered prospectus and investment statement in respect of the New pSivida Shares to be issued to Scheme Participants pursuant to the Scheme.

(b) Other jurisdictions

Neither this Information Memorandum nor the Scheme constitutes, or are intended to constitute, an offer of securities in any place in which, or to any person to whom, the making of such an offer would not be lawful under the laws of any jurisdiction outside Australia and its external territories and the United States, and shall not form the basis of any contract.

Ineligible Foreign Shareholders will not receive CDIs or New pSivida Shares under the Scheme. Instead, Ineligible Foreign Shareholders will have their entitlements sold by the Nominee on ASX after CDIs commence trading on ASX, with the proceeds of sale remitted to the Ineligible Foreign Shareholders.

10.28 Consents and Disclaimers of Responsibility

(a) Consent to be named

The following persons have given, and have not withdrawn before the time of this Information Memorandum's registration by ASIC, written consent to be named in this Information Memorandum in the form and context in which they are named:

- (d) Computershare Investor Services Pty Limited as Australian share register and option register of the Company and New pSivida;
- (e) Computershare Trust Company NA as US share register of the Company and New pSivida; and
- (f) Citibank, N.A. as ADS Depository of the Company and, as such, the registrar and transfer agent of ADSs for the Company.

Each of the above listed persons will be entitled to receive professional fees charged in accordance with their normal basis of charging. None of the above listed persons have any financial interest in the Company, New pSivida or the Scheme other than in respect of such professional fees to be received in relation to their work performed on the implementation of the Scheme and the preparation of the Information Memorandum.

The independent non-executive directors of both the Company and New pSivida also have received and will receive directors' fees on commercial market terms during their tenures as directors of the Company and New pSivida.

10.30 Copies of Documents

Shareholders can request a copy of the following documents free of charge from the Company by calling +61 8 9227 8327:

- (i) the 2007 Annual Financial Report of the Company;

- (iii) any continuous disclosure notices lodged by the Company since 30 June 2007.

These documents can also be obtained from the ASX announcements platform at www.asx.com.au.

10.31 Supplementary Information

Except as set out in or incorporated by reference in this Information Memorandum, there is no other information material to the making of a decision in relation to the Scheme that is within the knowledge of any Director or Related Body Corporate of the Company and that has not previously been disclosed to Shareholders (as appropriate).

10.32 Other Information Relevant to Making a Decision regarding the Reincorporation

(a) Material information

Except as set out in or incorporated by reference in this Information Memorandum, there is no other information material to the making of a decision by a Shareholder whether or not to agree to the Reincorporation that is within the knowledge of any Director of the Company and that has not previously been disclosed to the Shareholders.

(b) Lodgement of this Information Memorandum

This Information Memorandum was given to ASIC on 15 April 2008 pursuant to section 411(2)(b) of the Corporations Act.

10.33 Consent to Lodgement

(a) The Directors of the Company

Each Director of the Company has given, and not withdrawn, his or her consent to the lodgement of this Information Memorandum as an information memorandum for listing with ASX and an explanatory statement in relation to the Scheme with ASIC.

BY ORDER OF THE BOARD OF PSIVIDA LIMITED.

PART B – EXPLANATORY STATEMENT IN RELATION TO THE EGM

11. EXPLANATORY STATEMENT FOR THE EGM

Set out below is the explanatory statement for the information of the Shareholders in connection with the business to be conducted at the Extraordinary General Meeting of the Company to be held at 1.30 pm (AEST) on 6 June 2008 at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower, 111 Little Collins Street, Melbourne Victoria, or as soon after that time as the Scheme Meeting concludes or is adjourned.

This information is important. You should read the information relating to the EGM carefully, and, if necessary, seek independent professional advice.

11.1 Resolution 1: Approval of the New pSivida ESOP

The Board has approved and adopted the New pSivida ESOP, subject to:

- (i) approval of the New pSivida ESOP by Shareholders; and
- (ii) approval of the Reincorporation by Shareholders and the Court.

Approval of the New pSivida ESOP by Shareholders will be considered approval of the New pSivida ESOP for purposes of Sections 162(m) and 422 of the Code.

If approved, the New pSivida ESOP will be transferred to New pSivida by order of the Court as part of the Reincorporation. The Company ESOP also will be transferred to New pSivida by order of the Court as part of the Reincorporation, but no further awards will be made under the Company ESOP if the New pSivida ESOP is approved.

(a) Background of the New pSivida ESOP

In conjunction with the Reincorporation, the Board is submitting a new employee incentive plan for Shareholder approval. The Board believes that New pSivida's long-term success depends upon an ability to attract, retain and motivate key employees and others. The Board believes that an ESOP is an important motivation tool. The New pSivida ESOP will permit New pSivida to issue stock-based and other incentive awards to management, key employees, consultants and, subject to Shareholder approval required by ASX Listing Rules, directors. The New pSivida ESOP is a typical plan for US issuers, and is designed to comply with US law and Nasdaq and ASX requirements. The provisions of the New pSivida ESOP are consistent with important US tax considerations for the Company that are not provided for in the Company ESOP.

(b) Summary of the New pSivida ESOP

The purpose of the New pSivida ESOP is to advance New pSivida's interests by providing for the grant of stock-based and other incentive awards to New pSivida directors, senior management, key employees and others.

The following is a summary of the material features of the New pSivida ESOP.

A maximum of 1,750,000 New pSivida Shares may be delivered in satisfaction of awards made under the New pSivida ESOP. The maximum number of New pSivida Shares subject to awards granted to any person in any calendar year will be 1,062,500. The maximum amount payable to any person in any calendar year under cash awards will be US\$1,000,000. In the event of a stock dividend, stock split or other change in New pSivida's capital structure, the administrator will make appropriate adjustments to the limits described above, and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to awards, any exercise prices relating to awards and any other provisions of awards affected by the change. The administrator may also make similar adjustments to take into account other distributions to shareholders or any other event, if the administrator determines that adjustments are appropriate to avoid distortion in the operation of the New pSivida ESOP and to preserve the value of awards.

The maximum number of New pSivida Shares that may be issued under the New pSivida ESOP represents approximately 9.6% of the total number of Shares outstanding on 8 April 2008, excluding treasury shares and as adjusted for the Reincorporation. Approximately 455,478 Shares remained issuable in connection with outstanding awards under prior plans, as adjusted for the Reincorporation. The total number of equivalent New pSivida Shares issuable under prior plans, added together with New pSivida Shares issuable under the proposed New pSivida ESOP, represent approximately 12.1% of the Company's outstanding shares on 8 April 2008, as adjusted for the Reincorporation.

The Remuneration Committee of the New pSivida board of directors (and their delegates) will administer the New pSivida ESOP. The term "administrator" is used in this summary to refer to the person (the Remuneration Committee of the New pSivida board of directors and their delegates) charged with administering the New pSivida ESOP. The administrator has full authority, subject only to the express provisions of the New pSivida ESOP, to determine who will receive awards and to determine the types of awards to be granted as well as the amounts, terms and conditions of any awards. Awards may be in the form of options, SARs, restricted or unrestricted stock, stock units (including restricted stock units), performance awards, cash awards and certain other equity-based awards. The administrator has the right to determine any questions that may arise regarding the interpretation and application of the provisions of the New pSivida ESOP and to make, administer and interpret such rules and regulations as it deems necessary or advisable. Determinations of the administrator made under the New pSivida ESOP are conclusive and bind all parties.

Participation in the New pSivida ESOP is limited to those key employees and directors, as well as consultants and advisors, who in the administrator's opinion are in a position to make a significant contribution to the success of New pSivida and its affiliated corporations, and who are selected by the administrator to receive an award. The group of persons from which the Administrator will select participants currently consists of approximately thirty individuals, including three executive officers.

The administrator may from time to time award Options or SARs to any participant subject to the limitations described above. Options give the holder the right to purchase New pSivida Shares within a specified period of time at a specified price. Two types of stock options may be granted under the New pSivida ESOP: incentive stock options, or "ISOs", which are subject to special tax treatment as described below, and nonstatutory options, or "NSOs." Eligibility for ISOs is limited to employees of New pSivida and its subsidiaries. SARs give the holder the right to appreciation in the value of the shares subject to the SAR.

The exercise price of a stock option or SAR granted under the New pSivida ESOP cannot be less than the fair market value of the underlying common stock at the time of grant. In addition, the expiration date cannot be more than ten years after the date of the original grant. The administrator also determines all other terms and conditions related to the exercise of an option or SAR.

The New pSivida ESOP also provides for awards of restricted common stock as well as shares of common stock that are not restricted. Generally, awards of restricted stock are subject to the requirement that the shares be forfeited or resold to New pSivida unless specified conditions are met. Subject to these restrictions, conditions and forfeiture provisions, any recipient of an award of restricted stock will have all the rights of a shareholder of New pSivida, including the right to vote the shares and to receive dividends. The New pSivida ESOP also provides for grants of stock units, including restricted stock units, entitling the recipient to receive shares of common stock in the future on such conditions as the administrator may specify.

The administrator may also make awards subject to the satisfaction of specified performance criteria. Performance awards may consist of common stock or cash or a combination of the two. The performance criteria used in connection with a particular performance award will be determined by the administrator. In the case of performance awards intended to qualify for exemption under Section 162(m) of the Code, a performance criterion will mean an objectively determinable measure of performance relating to any, or any combination, of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context

[Table of Contents](#)

permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; total shareholder return; cash flow; operating income; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; employee turnover and/or other human resource activities; acquisitions and divestitures (in whole or in part); collaborations; joint ventures and strategic alliances; spin-offs, split-ups and the like; in-licensing and/or out-licensing; patents; product development; product market share; progress on the Company's product pipeline; research productivity; movement of programs from research to development; cost reductions or savings; government relations; litigation; management and board of directors composition; leadership development and/or talent management; sales of assets and/or subsidiaries; information services; clinical trials; manufacturing; manufacturing capacity; production; inventory; site development; plant, building or facility development; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A performance criterion and any targets with respect thereto determined by the administrator need not be based upon an increase, a positive or improved result or avoidance of loss. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, the administrator may provide in the case of any award intended to qualify for such exception that one or more of the performance criteria applicable to the award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable performance criterion or criteria.

Neither ISOs nor, except as the administrator otherwise expressly provides, other awards may be transferred other than by will or by the laws of descent and distribution. During a recipient's lifetime, an ISO and, except as the administrator may provide, other awards requiring exercise may be exercised only by the recipient. Shares delivered under the New pSivida ESOP may consist of either authorized but unissued shares or treasury shares. The number of shares delivered upon exercise of a stock option is determined net of any shares transferred by the optionee to New pSivida in payment of the exercise price or tax withholding.

In the event of a consolidation or merger in which New pSivida is not the surviving corporation, or which results in the acquisition of substantially all of New pSivida's stock by a person or entity or by a group of persons or entities acting together, or in the event of a sale of substantially all of New pSivida's assets or a dissolution or liquidation of New pSivida, the following rules will apply except as otherwise provided in an Award:

- (i) The administrator may provide for the assumption or substitution of awards or for a cash or non-cash payment (a "cash out") in respect of outstanding awards, but if there is no assumption or substitution and no cash out, awards will accelerate. The administrator may, however, apply restrictions to cash-out amounts or to amounts paid or delivered in respect of outstanding shares of restricted stock.
- (ii) Outstanding awards (other than outstanding shares of stock), unless assumed or converted into a right to receive other consideration, will terminate upon completion of the transaction.

The administrator may at any time or times amend the New pSivida ESOP or any outstanding award for any purpose that is at the time permitted by law, and may at any time terminate the New pSivida ESOP as to any future grants of awards. The administrator may not, however, alter the terms of an award so as to affect materially and adversely the participant's rights under the award without the participant's consent, unless the administrator expressly reserved the right to do so at the time of the award.

Because awards under the New pSivida ESOP will be within the discretion of the remuneration committee of the New pSivida board of directors, it generally is not possible to predict to whom future

awards will be granted under the New pSivida ESOP, or the number of New pSivida Shares underlying any award. The total number of Options that will be received or allocated under the New pSivida ESOP to the New pSivida named executive officers, all initial New pSivida executive officers as a group, all initial New pSivida directors who are not executive officers as a group and all initial New pSivida employees who are not executive officers as a group is not determinable at this time.

(c) US federal tax effects of the New pSivida ESOP

The following discussion summarizes certain federal income tax consequences of the issuance and receipt of options under the New pSivida ESOP under the law as in effect on the date of this Information Memorandum. The summary does not purport to cover federal employment tax or other federal tax consequences that may be associated with the New pSivida ESOP, nor does it cover state, local or non-US taxes.

ISOs. In general, an optionee realizes no taxable income upon the grant or exercise of an ISO. However, the exercise of an ISO may result in an alternative minimum tax liability to the optionee. With certain exceptions, a disposition of shares purchased under an ISO within two years from the date of grant or within one year after exercise produces ordinary income to the optionee (and a deduction to New pSivida) equal to the value of the shares at the time of exercise less the exercise price. Any additional gain recognized in the disposition is treated as a capital gain for which New pSivida is not entitled to a deduction. If the optionee does not dispose of the shares until after the expiration of these one- and two-year holding periods, any gain or loss recognized upon a subsequent sale is treated as a long-term capital gain or loss for which New pSivida is not entitled to a deduction.

NSOs. In general, in the case of a NSO, the optionee has no taxable income at the time of grant but realizes income in connection with exercise of the option in an amount equal to the excess (at the time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price; a corresponding deduction is available to New pSivida; and upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as short-term or long-term capital gain or loss, depending upon the holding period of the shares, for which New pSivida is not entitled to a deduction.

In general, an ISO that is exercised by the optionee more than three months after termination of employment is treated as an NSO. ISOs are also treated as NSOs to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of US\$100,000.

Under the so-called “golden parachute” provisions of the Code, the accelerated vesting of awards in connection with a change in control of New pSivida may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including income recognized by reason of the grant, vesting or exercise of awards under the New pSivida ESOP, may be subject to an additional 20% federal tax and may be nondeductible to New pSivida.

Section 162(m) of the Code limits to US\$1 million the deduction a public corporation may claim for compensation in any year to any of the corporation’s chief executive officer and certain other top executive officers. Certain performance-based compensation is exempt from this deduction limitation. Stock options under the New pSivida ESOP are intended to qualify for this performance-based compensation exception.

Section 409A of the Code imposes adverse tax consequences on employees and other service recipients entitled to “nonqualified deferred compensation” that does not satisfy the requirements of Section 409A. Stock options granted under the New pSivida ESOP are intended to be exempt from the requirements of Section 409A.

Copies of the New pSivida ESOP will be made available on the ASX website prior to the EGM, and will also be available for inspection during normal business hours at Company corporate headquarters at Level 16, 190 Queen Street, Melbourne VIC 3000, or by written request to Brian Leedman at the foregoing address.

(d) Comparison of the Company ESOP and the New pSivida ESOP

The following is a comparison of certain features of the Company ESOP and the New pSivida ESOP.

(i) Administration

The Board administers the Company ESOP, and the Remuneration Committee of the New pSivida board of directors administers the New pSivida ESOP.

(ii) Types of Awards

The Company ESOP provides for the award of stock options. Awards under the New pSivida ESOP include stock options, other forms of equity and equity-based awards and cash awards.

(iii) Limits on Awards

Under the Company ESOP, a maximum of 70,000,000 Shares may be issued under option awards granted after March 30, 2008. Under the New pSivida ESOP, a maximum of 1,750,000 New pSivida Shares may be delivered in satisfaction of awards. In addition, unlike the Company ESOP, the New pSivida ESOP limits the number of shares that can be subject to awards granted to any person during any calendar year.

(iv) Eligibility

Under the Company ESOP, employees of the Company and associated companies and Directors are eligible for awards. Under the New pSivida ESOP, key employees, consultants and advisors of the Company and affiliated companies and directors are eligible for awards. Under both the Company ESOP and the New pSivida ESOP, awards to directors are limited under ASX Listing Rules.

(v) Exercise After Termination of Employment

Under the Company ESOP, exercisable options remain exercisable for 30 business days after the option holder's termination of employment. Under the New pSivida ESOP, in general, awards terminate upon termination of employment, except for stock options and SARs that remain exercisable for the lesser of 3 months or the remaining term of the award. Under the Company ESOP, the Board in its discretion may permit options to be exercised by the legal personal representatives of the optionee. Under the New pSivida ESOP, stock options and other rights exercisable prior to the participant's death remain exercisable for one year ending on the first anniversary of the participant's death (or a shorter period if the ability to exercise expired prior to the expiration of the year).

(vi) Effect of Certain Transactions

Under the Company ESOP, options become immediately exercisable for a period of 20 business days upon certain change of control events. Under the New pSivida ESOP, in the event of a consolidation, merger or certain other corporate events, outstanding awards will either be assumed, substituted for, cashed out, or accelerated.

(vii) Term and Amendment

The term of the New pSivida ESOP is ten years from March 30, 2008. The Company ESOP may continue indefinitely. Under both the New pSivida ESOP and Company ESOP, the administrator of the plan is granted certain amendment powers with respect to the plan and outstanding awards under the plan.

[Table of Contents](#)

(viii) Governing Law

The Company ESOP is governed by the law in force in Western Australia. Awards under the New pSivida ESOP will be granted and administered consistent with the requirements of applicable Delaware law relating to the issuance of stock and the consideration to be received therefor, and consistent with the applicable requirements of the stock exchanges or other trading systems on which the stock is listed or entered for trading. The New pSivida ESOP was designed to comply with various applicable US tax requirements.

(e) Awards under the Company ESOP during the previous financial year

The following table is provided as additional information about the current Company ESOP. The information is as of 30 June 2007, and does not take into account the share option grants of 18 October 2007 and 27 November 2007. All of the information relates to Options granted under the Company ESOP, which does not provide for a fixed maximum number of shares that can be granted thereunder. Shareholders first approved the Company ESOP at the Company's annual general meeting on 30 November 2001. Shareholders re-approved the Company ESOP at each of the Company's annual general meetings held on 17 November 2004 and 27 November 2007.

* The Board generally may not invite an application for an award or grant an award under the Company ESOP if doing so would cause the aggregate of the following items to exceed 5% of the total issued Shares: the number of Shares the subject of the Option for which the Board proposes inviting an application, or which the Board proposes to grant; the number of Shares that would be issued if all Options under the Company ESOP were exercised; the number of Shares that would be issued if all other offers or invitations or options to acquire unissued Shares pursuant to the Company ESOP or to any other employee share scheme extended only to employees, executive officers and directors of the Company and of any of its associated companies were accepted or exercised; the number of Shares issued during the previous five years pursuant to the Company ESOP; and the number of Shares issued during the previous five years pursuant to any other employee share scheme extended only to employees, executive officers and directors of the Company and of any of its associated companies. Awards made under the Company ESOP have not otherwise been limited by ASX Listing Rule 7.1, which generally prohibits a listed company from issuing or agreeing to issue equity securities equal to more than 15% of the company's ordinary capital in any 12 month period without approval by holders of the company's ordinary shares, due to the Company ESOP's compliance with ASX Listing Rule 7.2, Exception 9.

As of 31 March 2008, there were 18,219,111 securities to be issued upon exercise of outstanding options issued under the Company ESOP with a weighted average exercise price of A\$0.74.

11.2 Compensation Discussion and Analysis

In financial year 2007, each of the Executives was engaged under an employment agreement with the Company.

Paul Ashton, Michael Soja and Lori Freedman were employed under agreements negotiated on an arm's-length basis by Gavin Rezos, the then Managing Director, and approved by the Board. Dr Ashton, Mr Soja and Ms Freedman were executive officers of CDS at the time of its acquisition by the Company, and had change of control agreements entitling them to severance upon the acquisition of CDS by the Company in the event of a reduction in compensation or a loss of title or responsibility. The Board sought to retain Dr Ashton, Mr Soja and Ms Freedman subsequent to the acquisition, and Mr Rezos negotiated employment arrangements that would not result in these Executives triggering their severance provisions.

Aaron Finlay was employed by the Company prior to the acquisition of CDS. In February 2006, in light of the acquisition of CDS, Mr Rezos negotiated an amendment to Mr Finlay's employment agreement in order to retain him as the Company's Australian resident Secretary, to manage the Australian operations as the Company moved forward with its stated plan to becoming a US-based company, and to assist in such transition. On 29 February 2008, Mr Finlay became a part-time consultant to the Company for a six-month transition period.

In financial year 2007, none of the Company, the Board or the Remuneration Committee engaged a compensation consultant, nor did any of them benchmark executive compensation against a specific peer group of companies. Global compensation consulting firm Radford Surveys + Consulting has been engaged to advise the board with respect to executive compensation for financial year 2008.

(a) Compensation objectives

The Company's executive compensation program is designed to attract, retain and motivate executive officers capable of leading the Company to achieve its business objectives. The Remuneration Committee recommends, and the Board determines, the compensation arrangements for executive officers including base salary and bonus. The Remuneration Committee also recommends, and the Board grants, stock options to executive officers as a means of aligning the interests of the Company's executive team with the interests of the Company's shareholders, of retaining qualified Company executives and of rewarding Company executives for positive Company or individual performances. In making its recommendations, the Remuneration Committee and the Board take into account the Company's size and stage of business development.

(b) Compensation components

(i) Salary

The Company's executive officer employment agreements provide for minimum base salaries. These base salaries may be increased annually by the Board, which may consider such factors as the relevant officer's individual performance, job responsibilities and industry benchmarks. For financial year 2007, each of the Executives, as well as the former Managing Director, Mr Rezos, was paid at the rate of his or her minimum base salary.

Upon Mr Rezos' resignation, Dr Brimblecombe (who was then Chairman of the Board) served as Acting Chief Executive Officer of the Company until January 2007. For financial year 2007, as approved by the Board, Dr Brimblecombe received compensation of US\$64,352 for his six months of services as Acting Chief Executive Officer as well as US\$17,678 for his services as Chairman of the Board.

(ii) Incentive compensation

The Company's executive officers may receive incentive compensation recommended by the Remuneration Committee and approved by the Board, which may consist of discretionary bonuses or share options. Such bonuses and share option awards may be based on individual or corporate performance, on achievement of individual or corporate goals such as financings, advancement of the

Company's research and development activities and intellectual property portfolio or research and development collaborations with third parties or on other factors.

All share options awarded to Company executive officers are granted under the Company ESOP. The Remuneration Committee recommends, and the Board awards, share options to align the interests of executive officers more closely to those of Shareholders, and in doing so considers the executive officer's position with and services provided to the Company, the executive officer's past and potential contribution to the growth of the Company and any other factors that the Board deems relevant. The Remuneration Committee and the Board believe that share option grants can be a particularly valuable tool to provide incentives to and retain valued executive officers, because such grants and awards typically have an exercise price equal to or greater than the share price on the date of grant and a vesting period that generally extends over time. The Company's executive officers forfeit unvested options if they terminate employment for other than good reason or if the Company terminates them for cause.

The Board awarded 250,000 Options for Shares under the Company ESOP to each of Mr Soja and Ms Freedman in October 2006 in accordance with the terms of his or her respective employment agreement. The Board did not award any other share options to executive officers during financial year 2007. Other amounts appearing in the Summary Compensation Table below relate to expenses recognized by the Company during financial year 2007 with respect to share option grants issued during prior financial years. Subsequent to financial year 2007, in October 2007, the Board awarded 750,000 Options for Shares to each of Mr Soja, Ms Freedman and Mr Finlay. The Board concluded that these awards reflected the roles these Executives had played in the Company's financial restructuring and would provide them with additional incentives to continue to advance the Company's interests. In November 2007, the Shareholders approved a grant of 750,000 Options for Shares to Dr Ashton.

During financial year 2007, the Board awarded cash bonuses to Dr Ashton, Mr Soja and Ms Freedman to assist in payment to the Company of amounts paid by the Company with respect to US taxes arising from the vesting of restricted stock held by the executives. The Board determined that in light of the potential equity financings by the Company, the Executives should not sell Shares to finance such payments. The Company did not award any other bonuses to executive officers during or with respect to financial year 2007.

(iii) Other compensation

The Company maintains broad-based benefits and perquisites that are provided to all employees located in the United States, including Dr Ashton, Mr Soja and Ms Freedman. These benefits and perquisites include health insurance, life and disability insurance and a 401(k) plan, including matching Company contributions. The Company is required by Australian law to contribute 9% of the gross income of any employee located in Australia to an approved superannuation fund. During financial year 2007, Mr Finlay was entitled to the standard employee benefits and perquisites previously maintained generally in Australia.

Following Mr Rezos' resignation, the Company entered into a six-month consulting agreement with Mr Rezos, negotiated by Dr Brimblecombe and approved by the Board, pursuant to which Mr Rezos provided services to the Company as an independent consultant for six months. Mr Rezos was paid A\$329,000 as compensation for his services for the term, and his Options for Shares continued to vest until 1 February 2007. The Board determined that such compensation was warranted as a means of ensuring that Mr Rezos would be available to assist the Company during the transitional phase following his resignation as Managing Director.

(iv) Termination-based compensation

The Company did not make any termination-based payments to executive officers during financial year 2007. Pursuant to the terms of the various employment agreements that the Company has reached with its executive officers, the Company has agreed to make severance payments to its executive officers in certain circumstances.

11.3 Remuneration Committee Report

The Remuneration Committee has reviewed and discussed with management the “Compensation Discussion and Analysis.” Based on the foregoing review and discussion, the Remuneration Committee recommended to the Board that the “Compensation Discussion and Analysis” be included in this Explanatory Memorandum for filing with the SEC.

11.4 Executive Compensation

(a) Summary of executive compensation

As discussed above in section 11.2, during financial year 2007, each of the Executives was employed under an employment agreement with the Company. Each employment agreement provided a minimum base salary, which for Dr Ashton was US\$300,000, for Mr Soja and Ms Freedman was US\$272,497 and for Mr Finlay was A\$275,000. Each employment agreement also provided that the Executives were entitled to discretionary bonuses and share option grants. The employment agreements of Mr Soja and Ms Freedman also required the Company to grant each of them 250,000 Options for Shares during financial year 2007. In accordance with the terms of the US-based Executives’ employment agreements, the Company provided life insurance and matching 401(k) contributions for each of the US based Executives. The Company made superannuation contributions in accordance with Australian law on behalf of Mr Finlay. Mr Finlay also received benefits including travel insurance and a Company-paid parking space.

The following table contains certain information about the compensation that the Company paid its former Chief Executive Officer, its former Acting Chief Executive Officer, its current Managing Director, its current Chief Financial Officer and its other executive officers who were serving as executive officers as of financial year end 30 June 2007. These executive officers are referred to as named executive officers. Unless otherwise indicated, all compensation information relates to the financial year ended 30 June 2007. All compensation information is prepared in accordance with US GAAP and reported in US\$.

- (1) Dr Ashton, Mr Rezos and Dr Brimblecombe also served as Directors during financial year 2007. Dr Ashton did not receive any additional compensation for serving as a Director. In Mr Rezos' role as a Director, he received US\$25,280 in Director's fees, and the Company made US\$2,063 of superannuation contributions on his behalf in accordance with Australian law. Dr Brimblecombe received US\$17,678 in director's fees in his role as Chairman of the Board.
- (2) Mr Finlay and Mr Rezos received their compensation in Australian dollars. Dr Brimblecombe received his director's fees in Australian dollars and his salary in Pounds Sterling. Compensation paid in Australian dollars and Pounds Sterling was converted into US dollars using the average exchange rates during financial year 2007. Stock and option awards were converted from Australian dollars to US dollars using the average exchange rate during financial year 2007.
- (3) Mr Finlay served as Company secretary throughout financial year 2007, and subsequently became a part-time consultant to the Company on 29 February 2008. Mr Rezos resigned in July 2006. Dr Brimblecombe resigned in January 2007. Dr Ashton, who was an executive officer throughout financial year 2007, became Managing Director following Dr Brimblecombe's resignation.
- (4) Reflects the amounts recognized for financial statement reporting purposes for financial year 2007 in accordance with SFAS 123R. The negative option award amount attributed to Dr Ashton results from the revaluation of a prior year option grant as of 30 June 2007 required by SFAS 123R. The option award amounts of Mr Soja and Ms Freedman were similarly affected. However, option grants to Mr Soja and Ms Freedman during financial year 2007 effectively offset the decrease resulting from the revaluation.
- (5) Option awards are valued using the Black-Scholes valuation model. The underlying valuation assumptions for equity awards are further disclosed in Note 13(c) of the audited financial statements filed with the Company's Annual Report on Form 20-F for financial year 2007. Stock awards were issued in conjunction with the December 2005 acquisition of CDS. The amounts shown represent the amortization of the deferred compensation over the vesting period.

(6) In March 2007, Dr Ashton voluntarily forfeited 46,040 unvested ADS (equivalent to 460,400 Shares) that had been granted at the time of the acquisition of CDS.

(1) Mr Finlay served as Company secretary throughout financial year 2007, and subsequently became a part-time consultant to the Company on 29 February 2008. Mr Rezos resigned in July 2006. Dr Brimblecombe resigned in January 2007. Dr Ashton, who was an executive officer throughout financial year 2007, became Managing Director following Dr Brimblecombe's resignation.

(2) Mr Finlay transferred all of his Options for other than value to Mrs Sophie Finlay as trustee for the Aylesford Trust for tax and/or estate planning purposes.

(3) Mr Rezos transferred 1,200,000 Options with an exercise price of US\$0.5177 per share expiring on 31 December 2007 for other than value to Aymon Pacific Pty Ltd as trustee for the Jerezos Discretionary Trust for tax and/or estate planning purposes. Mr Rezos transferred 600,000 Options with an exercise price of US\$0.78090 per share expiring on 30 September 2010 for other than value to Mrs Joanne Rezos for tax and/or estate planning purposes.

(4) The option numbers represent Options to acquire Shares or, if the Option is denominated in ADSs, Share equivalents. Each ADS represents 10 Shares.

- (5) The vesting dates for the 250,000 Options held by each of Mr Soja and Ms Freedman with an exercise price of US\$0.27586 and an expiration date of 30 September 2011 are as follows.

<u>Number of Options</u>	<u>Vesting Date</u>
83,333	18 October 2007
83,333	18 October 2008
83,334	18 October 2009

- (6) The vesting date for the 250,000 Options held by Dr Ashton and the 118,750 Options held by each of Mr Soja and Ms Freedman, each with an exercise price of US\$0.78090 and an expiration date of 30 September 2010, was originally scheduled for 30 December 2007. However, the Options did not vest on that date, because the Options' vesting was and remains subject to performance conditions that have not yet been defined.
- (7) The exercise price of Options denominated in Australian dollars was converted to US dollars using the exchange rate at 30 June 2007.
- (8) Dr Ashton's Options with an expiration date of 18 September 2007 expired. Mr Rezos' and Dr Brimblecombe's Options, each with expiration dates of 31 December 2007, also expired.

(d) Option exercises and stock vested

The following table provides information relating to option exercises and the vesting of stock awards during the financial year ended 30 June 2007. All information is prepared in accordance with US GAAP, and all dollar amounts are reported in US\$.

(f) Non-qualified deferred compensation

The Company does not have any non-qualified defined contribution plans or other deferred compensation plans.

(g) Potential payments upon termination or change in control

Each of the Company's current executive officers has a contract with the Company that provides for potential payments in connection with such officer's termination. If the severance provisions in the Company's executive officer contracts had been triggered on 30 June 2007, the Company's executive officers would have been entitled to payments in the following amounts (reported in US\$):

Payments Due in Connection with a Termination without Cause or for Good Cause⁽¹⁾

	Salary (US\$)	Bonus (US\$)	Medical/Life/ Disability Insurance (US\$) ⁽⁸⁾	Superannuation contributions (US\$)	Total (US\$)

Roger Brimblecombe ⁽²⁾ <i>Former Acting Chief Executive Officer and Former Chairman of the Board of Directors</i>	—	—	—	—	—

- (1) For purposes of the above table, the amount of severance has been determined as if the severance provisions contained in the contracts of each of the Company's executive officers were triggered on 30 June 2007.
- (2) Mr Finlay served as Company secretary throughout financial year 2007, and subsequently became a part-time consultant to the Company on 29 February 2008. Mr Rezos resigned in July 2006. Dr Brimblecombe resigned in January 2007. Dr Ashton, who was an executive officer throughout financial year 2007, became Managing Director following Dr Brimblecombe's resignation. Mr Rezos and Dr Brimblecombe were not employed by the Company as of 30 June 2007, and did not receive any severance payments during the financial year ended 30 June 2007.
- (3) The above table does not take into account the amounts that Dr Ashton would receive if the Company were to choose to exercise its right under its non-competition agreement with Dr Ashton to require him not to compete with the Company for a period of up to 24 months.
- (4) Dr Ashton, Mr Soja and Ms Freedman agreed that bonuses paid during the year ended 30 June 2007 would not be taken into account when determining the bonus element of any severance payments owed to them. Each of Dr Ashton, Mr Soja and Ms Freedman also agreed that any severance payments made to him or her during the year following the date that the Board approved the bonuses would be reduced by an amount equal to the bonus granted to such officer. The amounts included in the salary column for Dr Ashton, Mr Soja and Ms Freedman have been reduced accordingly.

Table of Contents

- (5) The above table assumes medical, life and disability insurance premiums were paid on a lump sum basis with respect to Dr Ashton for one year and with respect to Mr Soja and Ms Freedman for two years, and does not take into account potential increases in insurance premiums. This table also assumes that Dr Ashton, Mr Soja and Ms Freedman elect coverage under the Company's employee benefit plans and do not obtain coverage from another employer. As of 31 December 2007, Mr Soja and Ms Freedman would be entitled to benefits under the Company's medical, life and disability plans for only one year following termination.
- (6) The severance amounts of Mr Soja and Ms Freedman have been calculated on the assumption that making such payments would not be limited or precluded by Code Section 280G and without regard to whether such payments would subject them to the federal excise tax levied on certain "excess parachute payments" under Code Section 4999. In the event that either of the above Code provisions would be triggered by the making of these severance payments, such severance payments shall be reduced to the extent necessary to maximize the executive officer's total after-tax payments.
- (7) The above table reflects Mr Finlay's employment agreement in effect at 30 June 2007, with amounts translated to US\$ at the exchange rate on that date. Mr Finlay has since resigned as an employee and become a consultant.
- (8) For purposes of quantifying medical, life and disability insurance benefits, the Company used the assumptions used for financial reporting purposes under generally accepted accounting principles.

The severance arrangements of each of the Company's executive officers during the 2007 financial year are described in the following paragraphs.

(i) Paul Ashton

Termination by the Company without Cause or by Dr Ashton with Good Cause would require the Company to pay severance to Dr Ashton. Dr Ashton would be entitled to a lump sum payment equal to 100% of his annual salary plus the pro rata portion of his bonus for the year of such termination calculated on the assumption that all targets and formulas for determining such bonus have been met, or, if no such targets or formulas have been established, the maximum bonus for which he was eligible during the prior year calculated on the same assumption. The bonus shall be reduced by any bonus payments relating to services performed in the year in which termination occurs that (1) have already been paid or are payable as of the date of termination or (2) were not earned because of the failure to achieve targets or formulas which are no longer able to be achieved and shall exclude any bonus paid or payable in the year in which termination with respect to services rendered in a prior year. The Company would also be required to provide Dr Ashton with medical, life and disability insurance benefits for a period of one year. Additionally, all Options held by the Dr Ashton would vest and become exercisable upon such termination and remain exercisable for a period of six months thereafter (except that incentive stock options (ISOs) would be exercisable for only three months thereafter), and all restricted stock held by Dr Ashton would vest and no longer be subject to forfeiture. Termination by the Company for Cause or by Dr Ashton without Good Cause would not require the Company to pay any severance to Dr Ashton.

Dr Ashton has a separate non-competition agreement with the Company. Under this agreement, following a termination by the Company for Cause or by Dr Ashton without Good Cause, Dr Ashton would be required not to engage in certain activities that would be in competition with the Company for a period of twelve months from the date of termination. The Company could at its option extend this period for an additional twelve months in which case the Company would be required to pay Dr Ashton an amount equal to his annual base salary as of the date of termination in twelve equal installments over the course of the additional twelve month period.

Under Dr Ashton's non-competition agreement, following a termination by the Company without Cause or by Dr Ashton for Good Cause, the Company would have the option to prevent him from engaging in certain activities that would be in competition with the Company for a period of up to twenty-four months from the date of such termination. In exchange, the Company would pay

Dr Ashton an amount equal to 1/24th of US\$800,000 for each month in the period specified. Any amounts received by Dr Ashton pursuant to his severance arrangements with the Company would reduce the amount that the Company is required to pay under his non-competition agreement on a dollar-for-dollar basis.

(ii) Michael Soja and Lori Freedman

Termination of employment of Mr Soja or Ms Freedman by the Company without Cause, or termination by Mr Soja or Ms Freedman with Good Cause would require the Company to pay severance to the affected executive officer. Such termination during financial year 2007 would have entitled each of Mr Soja and Ms Freedman to a lump sum cash payment equal to (a) 200% of annual salary, (b) the prior year's bonus and (c) a pro rata portion of the current year's bonus, calculated on the assumption that all targets and formulas for determining such bonus have been met, or, if no such targets or formulas were established, calculated as a pro rata portion of the prior year's bonus. The Company also would have been required to provide medical, life and disability benefits for a period of two years.

Such termination as of 31 December 2007, would entitle each of Mr Soja and Ms Freedman to a lump sum payment equal to the sum of (a) 100% of annual salary, (b) the prior year's bonus and (c) a pro rata portion of the current year's bonus, calculated on the assumption that all targets and formulas for determining such bonus have been met, or, if no such targets or formulas were established, calculated as a pro rata portion of the prior year's bonus. This lump sum payment would be made either all in cash, or, at the Company's election, 50% in cash and 50% in stock. The Company also would be required to provide medical, life and disability benefits for a period of one year.

Additionally, regardless of when such a termination would occur, all Options held by Mr Soja and Ms Freedman would vest and become exercisable upon such termination and remain exercisable for a period of one year following the date of termination (except that ISOs would be exercisable for only three months thereafter), and all restricted stock would vest and no longer be subject to forfeiture. Termination by the Company for Cause by Mr Soja or Ms Freedman without Good Cause would not require the Company to pay any severance to Mr Soja or Ms Freedman. Neither Mr Soja nor Ms Freedman has entered into a separate non-competition agreement with the Company.

(iii) Aaron Finlay

Under Mr Finlay's employment agreement at 30 June 2007, the Company could terminate Mr Finlay's employment without notice or payment in lieu if he (1) were convicted of a criminal offense (which in the reasonable opinion of the Board brings the company into serious disrepute); or (2) became insolvent, committed an act of bankruptcy or ceased for any reason to be eligible to hold office as a director of a company.

Under an agreement effective as at 29 February 2008, Mr Finlay ceased to be an employee of the Company. Pursuant to that agreement, Mr Finlay received a lump sum payment of A\$140,000 in cash, net of any applicable taxes withheld. Also pursuant to that agreement, Mr Finlay entered into a six-month part-time consulting agreement under which he will be compensated for his services at the rate of A\$13,000 per month.

(iv) Roger Brimblecombe and Gavin Rezos

Dr Brimblecombe and Mr Rezos also had contracts providing for potential payments upon termination of their employment at the Company. However, neither of these former executive officers were entitled to any severance or other payments in connection with their respective resignations from their positions at the Company.

11.5 Director Compensation

The Chairman of the Board currently receives annual director fees of US\$35,000. The other two Non-executive Directors receive annual director fees of US\$25,000. The chair of each Board committee receives an additional amount of US\$5,000 per annum. The Company's Non-executive Directors also receive attendance fees for each Board or Board committee meeting attended. The chair of each Board or Board committee meeting receives US\$1,000 per meeting attended, while the other Non-executive Directors receive US\$750 per meeting attended. Dr Ashton receives no additional compensation for serving as a Director.

Similar arrangements existed during the financial year ended 30 June 2007. Each then director of the Company received a base director fee in addition to potential supplementary fees if he or she chaired either the Board or a Board committee. Commencing 1 September 2006, directors of the Company received attendance fees for each Board or Board committee meeting attended. Amounts paid to each director differed due to the circumstances under which the relevant director was first engaged.

The following table provides information for the Company's Non-executive Directors during the year ended 30 June 2007. All information was prepared in accordance with US GAAP, and all dollar amounts reported are in US\$.

Name	Fees Earned or Paid in Cash (US\$) ⁽²⁾	Stock Awards (US\$)	Option Awards (US\$) ⁽²⁾ ⁽³⁾	Non-Equity Incentive Plan Compensation (US\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (US\$)	All Other Compensation (US\$)	Total (US\$)

Heather Zampatti ⁽¹⁾	4,148	—	—	—	—	373	4,521

- (1) In financial year 2007, Dr Aston served as a director from 20 December 2006 until 1 May 2007. Ms Zampatti resigned her position as a director on 28 August 2006. Mr Lake was a director throughout financial year 2007 but resigned his position as a director on 3 August 2007. Mr Lake, Dr Aston and Ms Zampatti received their compensation in Australian dollars. Compensation paid in Australian dollars was converted into US dollars using the average exchange rates during financial year 2007.
- (2) Reflects the amounts recognized for financial statement reporting purposes for financial year 2007 in accordance with SFAS 123R. Stock and option awards were converted from Australian dollars to US dollars using the average exchange rate during financial year 2007. Option awards are valued using the Black-Scholes valuation model. The underlying valuation assumptions for equity awards are further disclosed in Note 13(c) of the audited financial statements filed with the Company's Annual Report on Form 20-F for financial year 2007. There were no stock awards or option awards granted during financial year 2007.
- (3) The following table shows the number of outstanding shares of deferred stock awards and the number of outstanding shares underlying option awards for the Company's Non-executive Directors as of 30 June 2007.

	Outstanding Stock Awards	Outstanding Option Awards
David Mazzo	—	200,000
Michael Rogers	—	200,000
Stephen Lake	—	242,061
Roger Aston	—	1,549,111
Heather Zampatti	—	—

The option numbers represent Options to acquire ordinary shares.

3.2 Benefit and waiver of Conditions Precedent

- (a) Each of the Conditions Precedent is for the benefit of both the Company and pSivida, and a breach or non-fulfilment of any of those Conditions Precedent can only be waived with the written consent of both parties specifying which Condition(s) Precedent is (are) waived.

Table of Contents

- (b) A party entitled to waive a Condition Precedent under this clause 3.2 may do so in its absolute discretion.
- (c) Each party must use its best endeavours to procure that each of the Conditions Precedent for which that party is responsible is satisfied to allow the Scheme to be considered by the Court on the Second Court Date, or, in any event, no later than the End Date.

3.3 Status of Conditions Precedent

Each party must:

- (a) co-operate with the other in satisfying the Conditions Precedent, and keep the other informed of the status of each of the Conditions Precedent for which it is responsible; and
- (b) promptly give notice to the other if it becomes aware that any Condition Precedent has not been satisfied or has failed, or if there is any event which will or is reasonably likely to prevent that Condition Precedent from being satisfied.

3.4 Certificates

Each of the parties must provide to the Court on the Second Court Date a certificate confirming whether or not all Conditions Precedent have been satisfied or waived.

4. REINCORPORATION STEPS

4.1 Scheme

(e) Subject to Clause 3.1, on the Implementation Date, the Scheme will be implemented as follows:

- (a) all of the Shares will be transferred to pSivida by order of the Court, the Company will register that transfer and, in accordance with the Deed Poll, pSivida will allot and issue the following securities:
 - (i) CDIs to Eligible Scheme Participants other than the ADS Depositary;
 - (ii) pSivida Shares to the ADS Depositary for distribution to ADS Holders; and
 - (iii) CDIs to the Nominee for sale and distribution of the proceeds, net of any brokerage, taxes and other costs of sale, to Ineligible Foreign Shareholders.

Eligible Scheme Participants, and the Nominee on behalf of Ineligible Foreign Shareholders, will receive CDIs or pSivida Shares in the same proportion to the relevant Scheme Participants' existing holdings in the Company. One CDI or pSivida Share will be issued for every 40 Shares held by the Eligible Scheme Participant or Ineligible Foreign Shareholder at the Record Date, with any fractional entitlements to be dealt with in accordance with clause 4.3 below; and each Scheme Participant agrees in favour of the Company that he or she will accept such CDIs, pSivida Shares or, in the case of an Ineligible Foreign Shareholder, the Scheme Consideration set forth in clause 4.1(a)(iii);

- (b) all assets and liabilities of the Company (including the Options and also the shares in Subsidiaries held by the Company) will be transferred by order of the Court to pSivida, so that the assets are transferred to, and vest in, pSivida and the liabilities are transferred to, and become the liabilities of, pSivida under sections 413(1)(a) and 413(2) of the Corporations Act; and
- (c) following the transfer of assets and liabilities from the Company to pSivida, the Company will be deregistered without a winding up by order of the Court under section 413(1)(d) of the Corporations Act.

4.2 Other steps

On or before 8.00 am on the Second Court Date:

- (a) the Company will seek a ruling from the Australian Taxation Office that Australian resident Scheme Participants will receive capital gains tax rollover relief in relation to the transfer of their Shares to pSivida; and
- (b) pSivida will file with the Secretary of State of the US State of Delaware the Certificate of Incorporation of pSivida and will adopt the By-Laws of pSivida.

4.3 Fractional entitlements

- (a) For the purposes of calculating the number of CDIs or pSivida Shares to be issued to an Eligible Scheme Participant or to the Nominee on behalf of an Ineligible Foreign Shareholder, where there is a fractional entitlement to CDIs or pSivida Shares, the number of CDIs or pSivida Shares issued to such Eligible Scheme Participant or the Nominee will be rounded down to the nearest whole number of CDIs or pSivida Shares after aggregating all holdings of the relevant Scheme Participant, with the fractional entitlement to the Scheme Consideration to be paid out in cash by pSivida to such Scheme Participant.
- (b) The cash value received for fractional CDIs or pSivida Shares will be the product of (i) the fraction held multiplied by (ii) the closing price per share of Shares on ASX on the date immediately prior to the Effective Date.

4.4 Ineligible Foreign Shareholders

In respect of Ineligible Foreign Shareholders, pSivida will procure that the Nominee, as soon as practical:

- (a) in the ordinary course of trading on ASX, sells for the benefit of the Ineligible Foreign Shareholders all the CDIs issued to the Nominee under the Scheme;
- (b) accounts to each Ineligible Foreign Shareholder for the net proceeds of the sale of the CDIs under paragraph (a) (on an averaged basis, so that all Ineligible Foreign Shareholders receive the same price per CDI, subject to rounding down to the nearest whole cent) after deduction of any applicable brokerage, taxes and other costs of sale; and
- (c) remits the net proceeds of the sale of the CDIs under paragraph (a) to the Ineligible Foreign Shareholders in full satisfaction of the Ineligible Foreign Shareholders' rights to receive the Scheme Consideration. The net proceeds must be sent by mail to the Ineligible Foreign Shareholders' addresses as shown in the Share Register by cheque in Australian currency.

4.5 CDIs — registration and notices

- (a) On the Implementation Date, pSivida must enter in the pSivida share register the name of the Depositary as depositary to hold the pSivida Shares underlying the CDIs issued in accordance with the Scheme.
- (b) pSivida must, as soon as reasonably practicable after the Implementation Date:
 - (i) issue holding statements or transmittal letters (as the case may be) for such pSivida Shares in the name of the Depositary, and procure the dispatch of such holding statements or transmittal letters to the Depositary;
 - (ii) record in the pSivida CDI Register each person who is to receive CDIs under the Scheme; and

- (iii) dispatch to each person who is to receive CDIs under the Scheme a holding statement in the name of that person representing the number of CDIs to be issued to that person.

4.6 pSivida Shares — registration and notices

- (a) On the Implementation Date, pSivida also must enter in the pSivida share register the names of all holders of pSivida Shares in the pSivida share register.
- (b) pSivida must, as soon as reasonably practicable after the Implementation Date:
 - (i) issue holding statements or transmittal letters (as the case may be) for such pSivida Shares in the names of all such persons; and
 - (ii) and procure the dispatch of such holding statements or transmittal letters to the addresses as shown in the pSivida share register for all such persons.

5. IMPLEMENTATION OF THE REINCORPORATION

5.1 Obligations of the Company

The Company must take all necessary steps to propose and implement the Scheme in accordance with the Timetable, including taking each of the following steps:

- (a) **(Information Memorandum)** prepare and send to Scheme Participants an Information Memorandum which:
 - (i) complies with all applicable laws, the ASX Listing Rules and applicable ASIC Policy;
 - (ii) includes the Independent Expert's Report, the Scheme, Notices of Meeting and Proxy Forms;
 - (iii) unless the Independent Expert does not conclude that the Scheme is in the best interests of Scheme Participants, includes a statement that the Board unanimously recommends that all Scheme Participants vote in favour of the Scheme; and
 - (iv) is updated by all such further or new information which may arise after the Information Memorandum has been despatched until the date of the Scheme Meeting which is necessary to ensure that the Information Memorandum is not misleading or deceptive in any material respect (whether by omission or otherwise).
- (b) **(Independent Expert's Report)** promptly appoint and brief the Independent Expert to prepare a report on the Scheme in accordance with the requirements of the Corporations Act, the Corporations Regulations and applicable ASIC Policy;
- (c) **(Registration with ASIC)** request ASIC to register the Information Memorandum in accordance with section 412 of the Corporations Act;
- (d) **(Court Direction)** apply to the Court for orders under section 411(1) of the Corporations Act directing the Company to convene the Scheme Meeting;
- (e) **(Scheme Meeting)** promptly convene the Scheme Meeting in accordance with the Court order referred to in clause 5.1(d), provided that if this document is terminated under clause 8, the Company will take all steps reasonably required to ensure the Scheme Meeting is not held;
- (f) **(Section 411(17)(b) Statement)** apply to ASIC for the production of a statement pursuant to section 411(17)(b) of the Corporations Act stating that ASIC has no objection to the Scheme;
- (g) **(Court Approval)** as soon as practicable after Shareholders have approved the Scheme at the Scheme Meeting, apply to the Court for the Implementation Orders;

Table of Contents

- (h) **(Lodge Copy of Court Orders)** lodge with ASIC an office copy of the Implementation Orders;
- (i) **(Transfer of Shares)** on the Implementation Date, register the transfer of Shares to pSivida in accordance with the Scheme;
- (j) **(Quotation of CDIs on ASX)** procure the listing of pSivida on ASX and the official quotation and trading of the CDIs on ASX; and
- (k) **(Listing on Nasdaq)** procure the listing of pSivida Shares on Nasdaq.

5.2 Obligations of pSivida

pSivida must take all necessary steps within its power to implement the Scheme in accordance with the Timetable, including taking each of the following steps:

- (a) **(pSivida Information)** promptly provide to the Company for inclusion in the Information Memorandum all information relating to pSivida and pSivida Shares as is required for the Company to prepare the Information Memorandum in accordance with clause 5.1 (including giving its consent to the form and context in which that information appears in the Information Memorandum), and ensure that all such information provided is complete, accurate and not misleading or deceptive in any material respect (whether by omission or otherwise);
- (b) **(Independent Expert Information)** provide all assistance and information reasonably requested by the Company or by the Independent Expert in connection with the preparation of the Independent Expert's Report;
- (c) **(Supplementary Information)** promptly provide to the Company any information which may arise after the Information Memorandum has been prepared necessary to ensure that the Information Memorandum, when despatched, is complete, accurate and not misleading or deceptive in any material respect (whether by omission or otherwise);
- (d) **(Deed Poll)** prior to the despatch of the Information Memorandum, execute the Deed Poll;
- (e) **(Issue of pSivida Shares)** do all things necessary to enable the pSivida Shares to be issued in accordance with the Scheme and this agreement;
- (f) **(Issue of CDIs)** do all things necessary under the ASTC Settlement Rules to enable the CDIs to be issued in accordance with the Scheme and this agreement;
- (g) **(Representation)** if so requested by the Company, procure that pSivida is represented by counsel at the Court hearings for convening of the Scheme Meeting and/or the approval of the Scheme;
- (h) **(Re-listing on ASX)** make application for and use its best endeavours to obtain, by the Implementation Date, the official quotation and trading of the CDIs on ASX; and
- (i) **(Nasdaq Listing)** make application for and use its best endeavours to obtain, by the Implementation Date, the listing of pSivida Shares on Nasdaq; and
- (j) **(Frankfurt Stock Exchange Listing)** make application for and use its best endeavours to obtain, as soon as reasonably practicable after the Implementation Date, the listing of pSivida securities on the Frankfurt Stock Exchange.

6. PUBLIC ANNOUNCEMENTS

Each party will, subject to law and applicable ASX Listing Rules, use its reasonable endeavours to consult and agree with one another concerning the form of any public announcement by it or any of its related bodies corporate in connection with the Reincorporation.

7. REPRESENTATIONS AND WARRANTIES

Each party represents and warrants to the other that, except as disclosed in writing prior to execution of this agreement:

- (a) it is a validly existing corporation registered under the laws of its place of incorporation;
- (b) the execution and delivery of this agreement by it has been properly authorised by all necessary corporate action, and it has full corporate power and lawful authority to execute and deliver this agreement and to perform or cause to be performed its obligations under this agreement;
- (c) (subject to laws generally affecting creditors' rights and the principles of equity) this agreement constitutes legal, valid and binding obligations on it, and execution and performance of this agreement will not result in a breach of or default under its constitution or other formation documents, any agreement or deed, any writ, order or injunction or any rule or regulation to which it or any of its Subsidiaries is a party, or by which it or they are bound (except for such breaches or defaults as would not have a material adverse effect on the consolidated financial position of it) or require that it obtain any consent, approval, authorisation or permit from any Governmental Agency, except for the Regulatory Approvals and consents under commercial agreements with Governmental Agencies;
- (d) all information provided by it to the Independent Expert will be provided in good faith and on the understanding that the Independent Expert will rely on such information for the purposes of producing its report for the Information Memorandum; and
- (e) all information provided by it for inclusion in the Information Memorandum will be included in good faith, and will be complete, accurate and not misleading or deceptive in any material respect (whether by omission or otherwise).

8. TERMINATION

8.1 Termination for breach

This agreement may be terminated at any time prior to 8.00 am on the Second Court Date by either party if:

- (a) the other party is in material breach of any clause of this agreement before the Second Court Date;
- (b) the non-defaulting party has given notice to the other party specifying the breach and stating an intention to terminate this agreement; and
- (c) the breach has not been remedied within five Business Days (or any shorter period ending at 5.00 pm on the last Business Day before the Second Court Date) from the date a notice under this clause is given.

8.2 No-fault termination

This agreement may be terminated by either party by written notice to the other party if the Scheme has not become Effective on or before the End Date, and may also be terminated at any time prior to 8.00 am on the Second Court Date by either party if:

- (a) the resolution submitted to the Scheme Meeting is not approved by the requisite majorities;
- (b) the Court refuses to make orders convening the Scheme Meeting or approving the Scheme, and an appeal (if any) from such Court decision fails;
- (c) the Court or other Governmental Agency has issued an order, decree or ruling or taken other action which permanently restrains or prohibits the Scheme;
- (d) any of the Conditions Precedent is not satisfied and has not been duly waived;

Table of Contents

- (e) the ATO does not issue a ruling that the conditions for scrip for scrip rollover relief are satisfied, and that rollover relief is available in relation to the transfer of Shares to New pSivida under the Scheme; or
- (f) the Independent Expert opines that the Scheme is not in the best interest of the Scheme Participants.

8.3 Effect of termination

Termination of this agreement does not affect any accrued rights arising from a breach of this agreement prior to termination, and clauses 1 and 10 survive termination.

8.4 End Date

Without limiting any other provision of this agreement, this agreement may be terminated at any time by either party if the End Date has passed without the Scheme becoming Effective.

9. NOTICES

9.1 Business Day

For the purposes of this clause 9, Business Day means a day on which banks are open for business in the location in which the notice is to be received and does not include a Saturday, Sunday or any public holiday in that location.

9.2 Notices

Any communication under or in connection with this agreement:

- (a) must be in writing;
- (b) must be addressed as shown below:

the Company

Address: GPO Box 2986, Melbourne VIC 3001

Fax No: +61 8 9227 6838

For the attention of: Winton Willesee

pSivida

Address: 400 Pleasant Street, Watertown, MA 02472, United States of America

Fax No: +1 617 926 5050

For the attention of: Lori Freedman

(or as otherwise notified by that party to the other party from time to time);

- (c) must be signed by the party making the communication, or by a person duly authorised by that party;
- (d) must be delivered or posted by prepaid post to the address, or sent by fax to the fax number of the addressee, in accordance with this clause; and
- (e) will be deemed to be received by the addressee:
 - (i) (in the case of prepaid post) on the third Business Day after the date of posting;
 - (ii) (in the case of fax) at the local time (in the place of receipt of that fax) which then equates to the time at which that fax is sent as shown on the transmission report which is produced by the machine from which that fax is sent and which confirms transmission of that fax in its entirety,

[Table of Contents](#)

unless that local time is not a Business Day, or is after 5.00 pm on a Business Day, in which case that communication will be deemed to be received at 9.00 am on the next Business Day; and

- (iii) (in the case of delivery by hand) on delivery at the address of the addressee as provided in this clause, unless that delivery is not made on a Business Day, or after 5.00 pm on a Business Day, in which case that communication will be deemed to be received at 9.00 am on the next Business Day.

10. GST

- (a) Unless expressly included, the consideration for any supply under or in connection with this agreement does not include GST.
- (b) If any supply made by one party to another party (**Recipient**) under or in connection with this agreement is a taxable supply for which a tax invoice has been provided to the Recipient, then the Recipient must pay, in addition to the consideration to be provided under this agreement, for that supply (unless it expressly includes GST) an amount equal to the amount of that consideration (or its GST exclusive market value) multiplied by the rate at which GST is imposed in respect of the supply.
- (c) The amount of GST payable in accordance with this clause 10 will be paid at the same time and in the same manner as the consideration otherwise payable for the supply is provided.

11. GENERAL

11.1 Stamp duty

pSivida must pay all stamp duties (if any), and any fines and penalties with respect to stamp duty, in respect of this agreement or the Scheme, or the steps to be taken under this agreement or the Scheme.

11.2 Legal costs

Except as otherwise provided in this agreement, the Company will pay the costs and expenses in connection with the negotiation, preparation, execution and performance of this agreement and the Scheme.

11.3 Amendment

This agreement may only be varied by a document signed by or on behalf of each of the parties.

11.4 Waiver

- (a) Failure to exercise or enforce, a delay in exercising or enforcing or the partial exercise or enforcement of, any right, power or remedy provided by law or under this agreement by either party will not in any way preclude, or operate as a waiver of, any exercise or enforcement, or further exercise or enforcement of that or any other right, power or remedy provided by law or under this agreement.
- (b) Any waiver or consent given by either party under this agreement will be effective and binding on that party only if given or confirmed in writing by that party.
- (c) No waiver of a breach of any term of this agreement will operate as a waiver of another breach of that term, or as a waiver of a breach of any other term of this agreement.

11.5 Rights cumulative

The rights and remedies provided in this agreement are in addition to other rights and remedies given by law independently of this agreement.

11.6 Consents

Any consent referred to in, or required under, this agreement from either party may not be unreasonably withheld, unless this agreement expressly provides for that consent to be given in that party's absolute discretion.

11.7 Further steps

Each party must promptly do whatever the other party reasonably requires of it to give effect to this agreement and to perform its obligations under this agreement.

11.8 Governing law and jurisdiction

- (a) This document is governed by and is to be construed in accordance with the laws in New South Wales.
- (b) Each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales, and of any courts which have jurisdiction to hear appeals from any of those courts, and waives any right to object to any proceedings being brought in such courts.

11.9 Assignment

A party cannot assign, novate or otherwise transfer any of its rights or obligations under this agreement without the prior written consent of the other party.

11.10 Counterparts

This agreement may consist of a number of counterparts, and, if so, the counterparts taken together constitute one document.

11.11 Entire understanding

To the extent permitted by law, in relation to the subject matter of this agreement, this agreement:

- (a) embodies the entire understanding of the parties, and constitutes the entire terms agreed upon between the parties; and
- (b) supersedes any prior agreement (whether or not in writing) between the parties.

11.12 No merger

The rights and obligations of the parties will not merge on completion of any transaction under this agreement. The rights and obligations of the parties will survive the execution and delivery of any assignment or other document entered into for the purpose of implementing any transaction.

- F. The Company and pSivida have entered into the Implementation Agreement, which sets out the terms on which the parties have agreed to implement this Scheme.
- G. pSivida has entered into the Deed Poll for the purpose of covenanting in favour of Scheme Participants to provide the consideration to the Scheme Participants under this Scheme, to comply with its obligations under the Implementation Agreement and to do all things necessary or expedient on its part to implement the Scheme.

OPERATIVE PROVISIONS

1. INTERPRETATION

1.1 Definitions

The following definitions apply in this document.

Certificate of Incorporation and Bylaws means the constituent documents of pSivida.

[Table of Contents](#)

CHESS means the clearing house electronic sub-register system of share transfers operated by ASX Settlement and Transfer Corporation Pty Limited.

Company means pSivida Limited (ABN 78 009 232 026), a public company registered in Western Australia and a company limited by shares.

Effective Date means the date on which this Scheme becomes Effective.

Implementation Agreement means the Implementation Agreement dated 28 April 2008 between the Company and pSivida relating to the implementation of the Scheme and related transactions.

Marketable Parcel has the meaning given to that term in the ASX Market Rules.

pSivida means New pSivida, Inc., a company incorporated in Delaware, United States of America.

Tax File Number means the tax file number issued to a person by the Australian Taxation Office or, in the case of non-Australian residents, a number or identification issued for taxation purposes by the equivalent governmental agency of that resident's country.

1.2 Further definitions and construction

Except as terms are otherwise defined herein or as the context otherwise requires, clauses 1.1 and 1.2 of the Implementation Agreement apply to this document as if set out in full in this document.

2. CONDITIONS

2.1 Conditions precedent

This Scheme is conditional on each of the following conditions precedent:

- (a) all of the conditions set out in clause 3.1 of the Implementation Agreement, have been satisfied or waived in accordance with the terms of the Implementation Agreement before 8.00 am on the Second Court Date;
- (b) as at the Second Court Date, neither the Implementation Agreement nor the Deed Poll has been terminated;
- (c) the Scheme has been approved in accordance with section 411(4)(a) of the Corporations Act at the Scheme Meeting; and
- (d) the Scheme has been approved by the Court pursuant to section 411(4)(b) and 413(1) of the Corporations Act by the End Date.

2.2 Satisfaction of Conditions

The Company and Scheme Participants will not have any rights or obligations under clause 0 of this document unless and until the conditions precedent in clause 0 of this document are satisfied.

3. LODGEMENT

On or before the fourth Business Day following approval of the Scheme by the Court in accordance with section 411(4)(b) and 413(1) of the Corporations Act, the Company will lodge with ASIC an office copy of the Court order under section 411(10) of the Corporations Act approving this Scheme. The Court order is taken to have effect on and from the time and date specified in that order.

4. IMPLEMENTATION

4.1 Scheme steps

Subject to the conditions precedent in clause 2.1 being satisfied, on the Implementation Date the Scheme will be implemented as follows:

- (a) all the Shares on issue at the Record Date will be transferred by order of the Court to pSivida;
- (b) pSivida must issue the following Scheme Consideration in accordance with the terms of the Deed Poll:
 - (i) in respect of Shares held by Eligible Scheme Participants on the Record Date:
 - (A) issue to all Eligible Scheme Participants other than the ADS Depository one CDI for every 40 Shares held by them as at the Record Date; and
 - (B) issue to the ADS Depository for distribution to all holders of Company ADSs one pSivida Share for every 40 Shares underlying the ADSs held by them as at the Record Date,
with any fractional entitlements to be dealt with in accordance with clause 4.2 below; and
 - (ii) in respect of Shares held by Ineligible Foreign Shareholders on the Record Date, issue to the Nominee, for sale on behalf of the Ineligible Foreign Shareholders under clause 4.3, one CDI for every 40 Shares held by the Ineligible Foreign Shareholders as at the Record Date, with any fractional entitlements to be dealt with in accordance with clause 4.2 below,
and each Scheme Participant agrees in favour of the Company that he or she will accept such CDIs and pSivida Shares or, in the case of Ineligible Foreign Shareholders, the Scheme Consideration set forth in clause 4.3 below;
- (c) all the assets and liabilities of the Company (including the Options and also the shares in Subsidiaries held by the Company) will be transferred by order of the Court to pSivida, so that the assets are transferred to, and vest in, pSivida, and the liabilities are transferred to, and become the liabilities of, pSivida under sections 413(1) and 413(2) of the Corporations Act; and
- (d) following the transfer of assets and liabilities from the Company to pSivida, the Company will be deregistered without a winding up by order of the Court under section 413(1)(d) of the Corporations Act.

4.2 Fractional entitlements

- (a) For the purposes of calculating the number of CDIs or pSivida Shares to be issued to an Eligible Scheme Participant or to the Nominee on behalf of an Ineligible Foreign Shareholder, where there is a fractional entitlement to CDIs or pSivida Shares, the number of CDIs or pSivida Shares issued to such Eligible Scheme Participant or the Nominee will be rounded down to the nearest whole number of CDIs or pSivida Shares after aggregating all holdings of the relevant Scheme Participant, with the fractional entitlement to the Scheme Consideration to be paid out in cash by pSivida to such Scheme Participant.
- (b) The cash value of the fractional entitlements to be paid out in accordance with clause 4.3(a) will be calculated using the closing price for trading of the CDIs on the ASX on the Record Date.

4.3 Ineligible Foreign Shareholders

If clause 12.2(b)(ii) applies, pSivida will procure that the Nominee as soon as practicable:

- (a) in the ordinary course of trading on ASX, sells for the benefit of the Ineligible Foreign Shareholders all CDIs issued to the Nominee under clause 12.2(b)(ii);
- (b) accounts to each Ineligible Foreign Shareholder for the net proceeds of sale of the CDIs issued to the Nominee in respect of that Ineligible Foreign Shareholder's entitlement under clause 12.2(b)(ii) (but calculated on an averaged basis so that all Ineligible Foreign Shareholders receive the same price per CDI, subject to rounding to the nearest whole cent) after deduction of any applicable brokerage, taxes and costs of sale; and
- (c) remits the net proceeds of the sale of the CDIs under paragraph (a) to the Ineligible Foreign Shareholders in full satisfaction of the Ineligible Foreign Shareholders' rights to receive the Scheme Consideration. The net proceeds must be sent by mail to the Ineligible Foreign Shareholders' addresses as shown in the Share Register by cheque in Australian currency.

4.4 Joint holders

In the case of Shares held by Scheme Participants on the Record Date in joint names:

- (a) any cheque required to be paid in respect of the relevant Shares will be payable to the joint holders and will be forwarded to the holder whose name appears first in the Share Register on the Record Date; and
- (b) any holding statements or transmittal letters for CDIs or pSivida Shares which are to be issued in respect of the relevant Shares will be issued in the names of the joint holders and forwarded to the holder whose name appears first in the Share Register on the Record Date.

5. IMPLEMENTATION AGREEMENT

The Company and pSivida have agreed, by executing the Implementation Agreement, to implement the terms of the Scheme and to perform their respective obligations under the Scheme.

6. DEED POLL

pSivida has entered into the Deed Poll in favour of Scheme Participants pursuant to which it has covenanted to cause to be provided or remitted to each Scheme Participant the Scheme Consideration due to such Scheme Participant in accordance with clause 4.1 of the Implementation Agreement.

7. DEALINGS IN SHARES

- (a) For the purpose of establishing who are Scheme Participants, dealings in Shares will only be recognised if:
 - (i) in the case of dealings of the type to be affected using CHESS, the transferee is registered in the Share Register as the holder of the relevant Shares by 1.00 pm on the Record Date; and
 - (ii) in all other cases, if registrable transmission applications or transfers in respect of those dealings are received on or before 1.00 pm on the Record Date at the place where the Share Register is kept.
- (b) The Company must register registrable transmission applications or transfers of the type referred to in paragraph (a)(ii), provided that nothing in this paragraph requires the Company to register a transfer that would result in a Shareholder holding a parcel of Shares that is less than a Marketable Parcel.
- (c) The Company will not accept for registration or recognise for any purpose any transmission application or transfer in respect of Shares received after 1.00 pm on the Record Date.

Table of Contents

- (d) For the purpose of determining entitlements to the consideration to be provided under this Scheme, the Company will, until that consideration has been provided, maintain the Share Register in accordance with the foregoing provisions of this clause 7 and the Share Register in this form will solely determine entitlements to that consideration.
- (e) The Company must procure that on the Record Date, details of the names, registered addresses and holdings of Shares of every Scheme Participant as shown in the Share Register at the Record Date are available to pSivida in such form as pSivida may reasonably require.
- (f) Subject to implementation occurring under this Scheme, as from 1.00 pm on the Record Date, all share certificates and holding statements for the Shares held at 1.00 pm on the Record Date will cease to have effect as documents of title, and each entry currently on the Share Register at that time in respect of Shares will cease to have any effect other than as evidence of entitlement to the consideration required to be provided under this Scheme.

8. GENERAL PROVISIONS

8.1 Alterations and conditions

If the Court proposes to approve this Scheme subject to any alterations or conditions, the Company by its legal counsel may consent on behalf of all persons concerned to those alterations or conditions to which pSivida has consented.

8.2 Warranties by Scheme Participants

Each Scheme Participant is deemed to have warranted to pSivida that:

- (a) all of his or her Shares (including any rights and entitlements attaching to those Shares) transferred to pSivida under the Scheme will, on the Implementation Date, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests and other interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, whether legal or otherwise; and
- (b) he or she has full power and capacity to sell and to transfer his or her Shares (including any rights and entitlements attaching to those Shares) to pSivida under the Scheme.

8.3 Covenants by Scheme Participants

- (a) Each Scheme Participant:
 - (i) consents to the Company doing all things necessary or incidental to the implementation of this Scheme; and
 - (ii) agrees to be bound by the terms of the Certificate of Incorporation and Bylaws in respect of CDIs and/or pSivida Shares issued to him or her pursuant to this Scheme.
- (b) Each Scheme Participant, without the need for any further act, irrevocably appoints the Company and all of its directors and officers (jointly and severally) as his or her attorney and agent for the purpose of executing any document necessary to give effect to the Scheme.

8.4 Registration of CDIs and pSivida Shares

- (a) The obligations of the Company to procure pSivida to issue pSivida Shares under clause 4 of this document will be satisfied by pSivida, on the Implementation Date, procuring the entry in the shareholder register maintained by pSivida, of each person who is to receive pSivida Shares under those provisions.

Table of Contents

- (b) After the satisfaction of the Company obligations in paragraph (a) above, and within 5 Business Days after the Implementation Date, the Company will procure pSivida to also issue holding statements or transmittal letters (as the case may be) for such pSivida Shares in the name of such persons, and procure the dispatch of such holding statements or transmittal letters to the addresses as shown in the Share Register for such persons.
- (c) The obligations of the Company to procure pSivida to issue CDIs under clause 4 of this Scheme will be satisfied by pSivida, on the Implementation Date, procuring the entry in the shareholder register maintained by pSivida of the Depository as depository to hold the pSivida Shares underlying those CDIs,
- (d) After the satisfaction of the obligations of the Company in paragraph (c) above, within 5 Business Day after the Implementation Date, the Company will procure pSivida to:
 - (i) issue holding statements or transmittal letters (as the case may be) for such pSivida Shares in the name of the Depository, and procure the dispatch of such holding statements or transmittal letters to the Depository;
 - (ii) record in the CDI Register each person who is to receive CDIs under clause 4; and
 - (iii) dispatch to each person who is to receive CDIs under clause 4 a holding statement in the name of that person representing the number of CDIs to be issued to that person.

8.5 Communications

- (a) Where a notice, transfer, transmission application, direction or other communication referred to in this document is sent by post to the Company, it will not be deemed to be received in the ordinary course of post or on a date other than the date (if any) on which it is actually received at the Company's registered office or at its Share Register.
- (b) Except for a Scheme Participant's Tax File Number, any instruction or notification between a Scheme Participant and the Company relating to Shares at the Record Date (including any instruction relating to payment of dividends or to communications from the Company) will from the Implementation Date be deemed to be a similar instruction or notification to pSivida (except where the performance of such instruction or notification by pSivida would not be permitted under applicable law) in respect of CDIs or pSivida Shares issued to the Scheme Participant, until that instruction or notification is revoked or amended in writing and addressed to pSivida.

8.6 Further assurances

The Company will execute all documents and do all acts and things necessary for the implementation and performance of its obligations under the Scheme.

8.7 Governing law

The proper law of this document is the law of the State of New South Wales.

Deed Poll

DATE 28 April 2008

PARTIES

New pSivida, Inc. a company incorporated in Delaware, United States of America of 400 Pleasant Street, Watertown, MA, 02472, United States of America (**pSivida**)

RECITALS

- A. pSivida Limited (the **Company**) proposes to undertake a corporate reconstruction under which pSivida will acquire all of the issued shares in the Company and all the assets and liabilities of the Company by order of the Court (the **Scheme**).
- B. The Company proposes to implement this Scheme under Part 5.1 of the Corporations Act as follows:
- a. the transfer of all Shares by order of the Court to pSivida, a new company incorporated in Delaware, United States, in exchange for which pSivida will issue:
 - (i) CDIs to Eligible Scheme Participants other than the ADS Depositary;
 - (ii) pSivida Shares to the ADS Depositary for distribution to ADS Holders; and
 - (iii) CDIs to the Nominee for sale and distribution of the proceeds, net of any brokerage, taxes and other costs of sale, to Ineligible Foreign Shareholders.

Eligible Scheme Participants, and the Nominee on behalf of Ineligible Foreign Shareholders, will receive CDIs or pSivida Shares in the same proportion to the relevant Scheme Participants' existing holdings in the Company. One CDI or pSivida Share will be issued for every 40 Shares held by the Eligible Scheme Participant or Ineligible Foreign Shareholder at the Record Date.
 - b. the transfer of all assets and liabilities of the Company (including the Options and also the shares in Subsidiaries held by the Company) by order of the Court to pSivida, so that the assets are transferred to, and vest in, pSivida and the liabilities are transferred to, and become the liabilities of, pSivida under sections 413(1)(a) and 413(2) of the Corporations Act;
 - c. following the transfer of the assets and liabilities from the Company to pSivida, the deregistration of the Company without a winding up, by order of the Court under section 413(1)(d) of the Corporations Act, and:
- C. On 28 April 2008, the Company and pSivida entered into the Implementation Agreement (**Implementation Agreement**) under which pSivida agreed to comply with its obligations under the Scheme, including entering into this document and the Scheme and providing the Company with all assistance reasonably necessary to implement the Scheme.
- D. pSivida is entering into this document for the purpose of covenanting in favour of the Scheme Participants to provide the consideration under the Scheme.

OPERATIVE PROVISIONS

1. INTERPRETATION

1.1 Definitions and construction

Except as terms are otherwise defined herein or as the context otherwise requires, clauses 1.1 and 1.2 of the Implementation Agreement apply to this document as if set out in full in this document.

[Table of Contents](#)

1.2 Nature of deed poll

pSivida acknowledges that this document is a deed poll and may be relied on and enforced by any Scheme Participant in accordance with its terms, notwithstanding that the Scheme Participants are not party to this document.

2. CONDITIONS PRECEDENT AND TERMINATION

2.1 Conditions

Each of pSivida's obligations under clause 3 are subject to the Scheme becoming Effective and the satisfaction or waiver of the conditions precedent contained in clause 2.1 of the Scheme.

2.2 Termination

If the Scheme does not become Effective, or the conditions precedent contained in clause 2.1 of the Scheme are not satisfied or waived before the End Date, the obligations of pSivida under this document will terminate.

2.3 Consequences of termination

If this document is terminated under clause 2.2, then in addition and without prejudice to any other rights, powers or remedies available to it:

- (a) pSivida is released from its obligations to further perform its obligations under this document, except those obligations contained in clause 5 and any other obligations which by their nature survive termination; and
- (b) the Scheme Participants retain the rights they have against pSivida in respect of any breach of this document which occurred before this document was terminated.

3. PROVISION OF CONSIDERATION

3.1 Performance of obligations generally

pSivida will comply with its obligations under the Implementation Agreement, and will do all things necessary or expedient on its part to implement the Scheme.

3.2 Scheme Consideration

Subject to clause 2, on the Implementation Date, pSivida must provide to each Scheme Participant the consideration due to such Scheme Participant under the Scheme in accordance with clause 4.1 of the Implementation Agreement.

4. REPRESENTATIONS AND WARRANTIES

pSivida represents and warrants that:

- (a) it is a corporation validly existing under the laws of its place of incorporation;
- (b) it has the corporate power to enter into and perform its obligations under this document, and to carry out the transactions contemplated by this document;
- (c) it has taken all necessary corporate action to authorise the entry into this document, and has taken or will take all necessary corporate action to authorise the performance of this document and to carry out the transactions contemplated by this document; and
- (d) this document is valid and binding upon it.

5. CONTINUING OBLIGATIONS

5.1 Full force and effect

This document is irrevocable and, subject to clause 2, remains in full force and effect until either pSivida has completely performed its obligations under this document or the earlier termination of this document under clause 2.

5.2 Survival

Notwithstanding the termination of this document under clause 2, clauses 1.1 (Definitions and construction), 6 (Stamp Duty) and 7 (General), continue to apply after termination of this document.

6. STAMP DUTY

pSivida must pay all stamp duty (if any) imposed on this document and on any instrument or other document executed to give effect to this document.

7. GENERAL

7.1 Waiver and variation

- (a) A provision or right under this document may not be waived except in writing signed by the person granting the waiver.
- (b) A provision of this document may not be varied unless the variation is agreed to by the Company, and the Court indicates that the variation would not in itself preclude approval of the Scheme, in which event pSivida will enter into a further deed poll in favour of the Scheme Participants giving effect to such variation.

7.2 Rights cumulative

Except as expressly stated otherwise in this document, the rights of pSivida and the Scheme Participants under this document are cumulative and are in addition to any other rights of that party.

7.3 Governing law and jurisdiction

- (a) This document is governed by the laws of New South Wales.
- (b) pSivida irrevocably submit to the non-exclusive jurisdiction of the courts of New South Wales and any courts which have jurisdiction to hear appeals from any of those courts, and waives any right to object to any proceedings being brought in those courts.

7.4 Assignment

The rights and obligations of a person under this document are personal. They cannot be assigned, charged or otherwise dealt with, and no person may attempt or purport to do so.

SUMMARY OF CDIS

1. Definitions

Capitalised terms used in this document and not otherwise defined in this document have the same meanings as set out in the Definitions and Interpretation section of the Information Memorandum.

2. Introduction

New pSivida intends to participate in the electronic transfer system known as CHESS, which is operated by the ASX Settlement and Transfer Corporation (ASTC).

CHESS cannot be used directly for the transfer of securities of companies domiciled in certain foreign jurisdictions, such as the United States. To enable foreign companies such as New pSivida (a company incorporated in the United States) to have their securities cleared and settled electronically through CHESS, depositary instruments called CDIs are issued.

CDIs confer holders with beneficial ownership in foreign securities, with legal title to the underlying foreign securities being held by an Australian depositary entity. New pSivida has appointed CHESS Depositary Nominees Pty Limited (**CDN**), a subsidiary of ASX, to act as its Australian depositary entity.

Each CDI holder will receive a holding statement which sets out the number of CDIs held by it and the reference number of the holding. These holding statements will be provided to holders when their holdings are first established and if there is a change in their holdings of CDIs.

A summary of the rights and entitlements of New pSivida CDI holders and CDI holders generally is outlined below. Further information about CDIs is available from ASX, any stockbroker or New pSivida's Australian share registry.

3. Number of CDIs issued in relation to New pSivida Shares

Each Eligible Scheme Participant other than the ADS Depositary will receive one CDI for every forty Shares that he or she holds in the Company at the Record Date. Each CDI will represent an interest in one underlying New pSivida Share.

Eligible Scheme Participants who would receive fractional CDIs under the Scheme will instead receive the cash value of such fractional entitlements.

4. Cessation of trading in Shares

Suspension of trading on ASX in the Shares will occur from the close of trading on the date on which the Company lodges the Implementation Orders with ASIC (being the Effective Date).

Deferred settlement trading of CDIs representing New pSivida Shares will commence on ASX on the first Business Day following the day on which trading of the Shares is suspended.

On the first Business Day after the Implementation Date, the Company will apply for termination of the official listing of the Shares on ASX.

No Shareholder is to dispose of or purport or agree to dispose of any Shares or any interest after the Effective Date. Any dealings in Shares after the Effective Date will not be recognised by the Company.

5. Trading in CDIs on ASX on implementation of the Restructure

On the first Business Day after the Effective Date, trading in New pSivida Shares on ASX (in the form of CDIs) will commence initially on a deferred settlement basis and, on 20 June 2008, will recommence on an ordinary settlement basis.

Former Shareholders trading on a deferred delivery basis and before the issue of holding statements in respect of their CDIs representing New pSivida Shares do so at their own risk. The proceeds from sale of securities sold on a deferred delivery basis will not be received until after the deferred delivery basis has ended.

Those former Shareholders who do not choose to trade their securities on a deferred delivery basis will be issued their Scheme Consideration and corresponding holding statements within five Business Days after the Implementation Date by prepaid post at their respective addresses as shown in the Share Register (or at such other addresses as they may instruct the Company's registry).

6. Voting

Holders of CDIs will be given notice of all meetings of holders of New pSivida Shares. CDI holders will also be permitted to attend such meetings.

In order to vote at such meetings, a CDI holder must complete a form permitting the CDI holder to direct CDN to cast a proxy vote on behalf of the CDI holder in accordance with the CDI holder's written directions. Such form will accompany the notice of meeting.

CDI holders can also convert their CDIs into holdings of New pSivida Shares and vote those New pSivida Shares at the meeting (however, if thereafter the former CDI holders wish to sell their investments on ASX, it would be necessary first to convert the New pSivida Shares back to CDIs)—this must be undertaken prior to the record date for the relevant meeting. See section 7 below for further information regarding the conversion process.

As CDI holders will not appear on the New pSivida share register as the legal holders of New pSivida Shares, CDI holders will not be entitled to vote at New pSivida shareholder meetings unless one of the above steps is undertaken.

Proxy forms and details of these alternatives will be included in each notice of meeting sent to CDI holders by New pSivida.

7. Converting from a CDI holding to a direct holding of New pSivida

CDI holders who wish to convert their ASX listed CDIs to New pSivida Shares can do so by instructing New pSivida's Australian share registry, either:

- (a) directly in the case of CDIs on the issuer-sponsored sub-register operated by New pSivida. CDI holders will be provided with a form entitled "Removal Form" for completion and return to Computershare Investor Services Pty Limited, Level 2, 45 St. George's Terrace, Perth, Western Australia 6000;
- (b) through their 'sponsoring participant' (usually your broker) in the case of CDIs which are sponsored on the CHESSE subregister. In this case, CDI holders' sponsoring participants will arrange for completion of the relevant form and its return to Computershare Investor Services Pty Limited, Level 2, 45 St. George's Terrace, Perth, Western Australia 6000.

[Table of Contents](#)

New pSivida's Australian registry will then arrange for the transfer of the New pSivida Shares from CDN to the former CDI holder. This will cause the New pSivida Shares to be registered in the name of the holder on the New pSivida share register, and trading on ASX will no longer be possible.

It is expected that this process will be completed within 24 hours, providing that the registry is in receipt of a duly completed and valid removal request form. However, no guarantee can be given about the time for this conversion to take place.

The registry will not charge an individual securityholder a fee for transferring CDI holdings into New pSivida Shares.

If holders of New pSivida Shares wish to convert their holdings to CDIs, they can do so by contacting Computershare Investor Services. Computershare will not charge a fee to a shareholder seeking to convert his or her New pSivida Shares to CDIs.

In this instance, underlying New pSivida Shares will be transferred to CDN, and a holding statement for the CDIs will be issued to the relevant securityholder. No settlements of trading in the New pSivida Shares on the ASX can take place until this transfer process is complete.

A holder of New pSivida Shares will not be able to trade those shares on the ASX.

However, holders of New pSivida Shares may be able to trade those shares on Nasdaq or the Frankfurt Stock Exchange.

8. CDI holders wishing to trade on Nasdaq

New pSivida also intends to list its shares on Nasdaq, whilst maintaining a listing on the ASX. Accordingly, ASX listed CDI holders may have the opportunity to trade on Nasdaq. If this occurs (and CDI Holders wish to trade on Nasdaq), in order to settle any trade it will be necessary to first convert the CDIs to New pSivida Shares as described above.

9. CDI holders wishing to trade on the Frankfurt Stock Exchange

New pSivida also intends to list its securities on the Frankfurt Stock Exchange, whilst maintaining a listing on the ASX. Accordingly, ASX listed CDI holders may have the opportunity to trade on the Frankfurt Stock Exchange. If this occurs (and CDI holders wish to trade on the Frankfurt Stock Exchange), in order to settle any trade, it may be necessary to first convert the CDIs to New pSivida Shares as described above and to make appropriate arrangements to facilitate the settlement of the trade. If CDIs are traded on the Frankfurt Stock Exchange, then no such conversion will be necessary.

10. Communication with CDI holders

CDI holders will receive all notices and company announcements (such as annual reports) that they are entitled to receive from New pSivida.

11. Dividends and other shareholder entitlements

The ASTC Settlement Rules have the force of law by virtue of the Corporations Act. These rules grant CDI holders the right to receive any dividends and other entitlements which attach to the underlying New pSivida Shares.

[Table of Contents](#)

Despite legal title to New pSivida Shares being vested with CDN, the ASTC Settlement Rules provide that CDI holders are to receive all direct economic benefits and other entitlements in relation to the underlying shares (such as the right to receive any dividends, rights issues and bonus issues on those underlying shares).

12. Local and international trading in CDIs

CDI holders who wish to trade their CDIs will be transferring beneficial interest in New pSivida Shares rather than legal title. The transfer will be settled electronically by delivery of the relevant CDI holding through CHESS.

Trading in CDIs is no different to trading in other CHESS approved securities.

13. Takeovers

If a takeover bid is made in respect of New pSivida Shares of which CDN is the registered holder, under the ASTC Settlement Rules CDN must not accept the offer made under the takeover bid except to the extent that acceptance is authorised by the relevant CDI holders.

14. Fees

A CDI holder will not incur any additional fees or charges as a result of holding CDIs rather than New pSivida Shares.

15. Further information

Further information in relation to CDIs and the matters referred to above, please refer to the ASX website www.asx.com.au or contact your stockbroker or New pSivida's registry at the details provided below:

ANNEXURE E

COMPARISON AUSTRALIAN/US LEGAL REGIMES

Introduction

As pSivida Limited (the **Company**) is incorporated under the laws of Australia, the rights attaching to the Company's shares are governed by the laws of Australia and the Company's constitution. As New pSivida, Inc. (**New pSivida**) is incorporated under the laws of Delaware in the United States, the rights attaching to New pSivida's shares will be governed by Delaware law and New pSivida's certificate of incorporation and bylaws. New pSivida also will remain subject to the ASX Listing Rules, the Nasdaq Marketplace Rules, the US federal securities laws and certain provisions of the Corporations Act 2001 (Cth) (the **Corporations Act**) applicable to registered foreign companies under the Corporations Act.

This annexure is a **summary only** of the rights attaching to New pSivida's shares as compared to the rights attaching to the Company's shares. If you would like to read New pSivida's certificate of incorporation or bylaws, or to read the Company's constitution, you may obtain copies of these documents free of charge by writing to:

Capitalised terms used in this document not otherwise defined in this document have the meaning give to them in the Definitions and Interpretation section of the Information Memorandum.

Rights of Holders of Shares in the Company		Rights of Holders of Shares in New pSivida
Rights Attaching to Shares		
Share capital	Australian law contains no concept of authorised capital or par value. The issue price of shares is set by the directors of the Company as at the time of the issue.	New pSivida's certificate of incorporation authorises the issuance of up to 60,000,000 shares of common stock, US\$.001 par value per share, and up to 5,000,000 shares of preferred stock, US\$.001 par value per share.
Issue of additional shares	Subject to the ASX Listing Rules and the Corporations Act restrictions on issuing shares to an entity controlled by the Company, the Company's constitution authorises the Board to issue any share in the capital of the Company that the Board decides. Under the ASX Listing Rules, the Company is prohibited from issuing or agreeing to issue shares in any 12 month period which amount to more than 15% of the Company's ordinary securities unless it obtains shareholder approval or unless one of a number of exceptions apply.	Delaware law permits the issuance of additional authorised and unissued shares of any class with board approval, and without shareholder approval. Delaware law and New pSivida's certificate of incorporation permit an increase or decrease (but not below the number of shares of such class currently outstanding) in the authorised shares of any class only with the approval of holders of a majority of the voting power of the corporation. Under the ASX Listing Rules, New pSivida is prohibited from issuing or agreeing to issue shares in any 12 month period which amount to more than 15% of New pSivida's common stock unless it obtains shareholder approval or unless one of a number of exceptions apply.

Issue of preference shares	The Company's constitution authorises the board to issue preference shares, including preference shares liable to be redeemed, subject to the ASX Listing Rules. The Company, however, has never issued any preference shares.	New pSivida's certificate of incorporation authorizes the issuance of preferred stock by the board of directors from time to time in one or more series, with any voting powers (or no voting powers) and other designations, preferences and rights as the board of directors may determine upon issuance, without approval from the shareholders.
Buy-back of shares	<p>Australian law permits the Company to buy-back its outstanding shares through a specific buy-back scheme authorised by the Corporations Act if:</p> <ul style="list-style-type: none"> the buy-back does not materially prejudice the Company's ability to pay its creditors; and the Company follows the procedures set out in the Corporations Act. <p>The form of shareholder approval (e.g. ordinary resolution or special or unanimous resolution), if required, and the notice period and disclosure to be given to shareholders depend on the type of buy-back.</p>	<p>Delaware law generally permits New pSivida to buy back its outstanding shares out of funds legally available for that purpose without obtaining shareholder approval.</p> <p>Delaware law generally does not permit New pSivida to buy back its outstanding shares if:</p> <ul style="list-style-type: none"> the capital of New pSivida is impaired, or the buy-back would cause the capital of New pSivida to become impaired; or the buy-back would cause New pSivida to have outstanding less than one share of one class or series of shares with full voting powers.
Transfer of shares	<p>Under the Company's constitution, shares generally are freely transferable.</p> <p>The directors may refuse to register a transfer of shares only if:</p> <ul style="list-style-type: none"> permitted to do so by the ASX Listing Rules or the SCH business rules; or subject to the Corporations Act, the ASX Listing Rules and the SCH business rules, registration of the transfer would create a new holding of an "unmarketable parcel," as that term is defined in the Company's constitution. <p>The directors must refuse to register a transfer of shares if:</p> <ul style="list-style-type: none"> the Corporations Act, the ASX Listing Rules or the SCH business rules forbid the registration; registration of the transfer would give effect to a contract resulting from the acceptance of an offer made under a Proportional Takeover bid unless and until an Approving Resolution is passed (in accordance with the 	<p>Under Delaware law, shares generally are freely transferable. Dividends and distributions	<p>The Company’s constitution permits the board to declare dividends to shareholders from time to time in its sole discretion, subject to the limitation that dividends may be paid only out of the Company’s profits, including profits previously set aside as a reserve.</p> <p>Before declaring a dividend, the Directors must be satisfied that the proposed dividend can be paid without causing the Company to be unable to pay its debts as they fall due.</p>	<p>New pSivida’s bylaws permit the board of directors to declare dividends to shareholders from time to time in its sole discretion out of any funds legally available for that purpose.</p> <p>Delaware law permits dividends to be (a) paid out of New pSivida’s surplus, which is defined to be the net assets less statutory capital; or (b) if no surplus exists, then out of the net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year.</p>
Voting rights	<p>The Company’s constitution provides that:</p> <ul style="list-style-type: none"> • on a show of hands each shareholder has one vote; and • on a poll each shareholder has one vote for every fully paid share held and a fraction of a vote for each partly paid share held, with the fraction of the vote being equivalent to the portion of the share paid up. 	<p>New pSivida’s certificate of incorporation provides that each shareholder has one vote for every share of common stock held and the number of votes for every share of each class or series of preferred stock as is specified in the certificate of designation for that class or series.</p>
Variation of rights	<p>The Company’s constitution permits the rights attached to shares of any class to be varied or cancelled only in accordance with sections 246C and 246D of the Corporations Act and either:</p> <ul style="list-style-type: none"> • with the written consent of holders of 75% of the issued shares of the affected class; or • by special resolution passed at a separate meeting of the holders of the issued shares of the affected class. <p>Subject to the shares’ terms of issue, the rights attached to a class of shares are not deemed varied by the issue of further shares of that class.</p>	<p>Any amendment to New pSivida’s certificate of incorporation requires approval by holders of the outstanding shares of a particular class if that amendment would:</p> <ul style="list-style-type: none"> • increase or decrease the par value of the shares of that class; or • alter or change the powers, preferences or special rights of the shares of that class in a manner that adversely affected those shares. Amendments to New pSivida’s certificate of incorporation also generally require (a) a board resolution recommending the amendment and (b) approval by the holders of a majority of the then issued and outstanding shares, regardless of whether the amendments would affect the rights attached to shares. However, with respect to the shareholder approval requirement, certain amendments to New pSivida’s certificate of incorporation could in the future require approval of only the holders of a majority of the then issued and outstanding preferred shares, because Delaware law and New pSivida’s certificate of incorporation permit New pSivida to issue preferred shares with powers, preferences and rights (including voting rights) superior to those of common shares.</p> <p>Pursuant to Delaware law and New pSivida’s certificate of incorporation, any amendment to New pSivida’s bylaws, regardless of whether the amendment would affect the rights attached to shares, requires majority approval by the board of directors and does not require approval by shareholders; provided, that shareholders have the right to amend the bylaws and to repeal a board amendment of the bylaws by affirmative vote of holders a majority of the then outstanding shares entitled to vote thereon.</p>

Annual meetings	<p>Under the Corporations Act, the annual general meeting of the Company is required to be held at least once every calendar year and within five months after the end of each financial year.</p>	<p>Delaware law requires New pSivida either to have annual shareholders' meetings to elect directors, or to take action by written consent to elect directors in lieu of annual meetings. A director or shareholder of New pSivida may petition the Court of Chancery for an order compelling the holding of an annual meeting if:</p> <ul style="list-style-type: none"> no annual meeting has been held, or action by written consent to elect directors in lieu of an annual meeting has been taken, for a period of 30 days after the date designated for the annual meeting; or no date for an annual meeting has been designated for a period of 13 months after the latest to occur of New pSivida's organization, the last annual meeting or the last action by written consent to elect directors in lieu of an annual meeting.
Special / extraordinary meetings	<p>Under the Company's constitution, a meeting of shareholders may be convened at any time by the board or a director and must be called by the board when it receives a request to do so from members with at least 5% of the votes that may be cast at the meeting or at least 100 members who are entitled to vote at the meeting.</p>	<p>New pSivida's bylaws permit special meetings of shareholders for any purpose or purposes to be called at any time by the chairperson of the board of directors, the president or the board of directors.</p>
Notice of meetings	<p>Under the Corporations Act, notice of a general meeting of the Company must be given to the Company's shareholders at least 28 days before the end of the meeting.</p> <p>A notice of meeting must specify the date, time and place of the meeting and state the general nature of the business to be transacted at the meeting.</p>	<p>Delaware law and New pSivida's bylaws generally require that notice of a shareholders' meeting be delivered not less than ten nor more than sixty calendar days before the date of the meeting to each shareholder entitled to vote at or to receive notice of the meeting.</p>

Derivative plaintiffs must previously have made a demand on the directors of the corporation to assert the corporate claim, unless such a demand would have been futile</p>
Relationship between the Company and its Shareholders		
Relief from oppression	<p>Under the Corporations Act, any shareholder of the Company can apply for an order from the court in cases of conduct which is either contrary to the interests of shareholders as a whole, or oppressive to, unfairly prejudicial to, or unfairly discriminatory against, any shareholders in their capacity as a shareholder, or themselves in a capacity other than as a shareholder. Former shareholders can also bring an action if it relates to the circumstances in which they ceased to be a shareholder.</p>	<p>Delaware law contains no equivalent statutory provisions. However, Delaware and US federal law may provide judicial remedies to shareholders in comparable circumstances.</p>
Inspection of books	<p>Under the Corporations Act, a shareholder of the Company must obtain a court order to obtain access to the company’s books and records.</p>	<p>Delaware law provides each New pSivida shareholder with the right to inspect, and to make copies of and take extracts from, certain of New pSivida’s books and records for any proper purpose during normal business hours upon the shareholder’s making a sworn written demand stating the purpose of his or her inspection. The books and records subject to shareholders’ right of inspection include New pSivida’s stock ledger, New pSivida’s list of stockholders and certain other books and records of New pSivida and its subsidiaries.</p>

Takeovers	
<p>Takeovers</p>	<p>The Corporations Act restricts the acquisition by any person of a “relevant interest” in a “voting share” of the Company where, because of a transaction, that person or someone else’s percentage “voting power” in the company increases above 20% (or, where the person’s voting power was already above 20% and below 90%, increases in any way at all).</p> <p>There is an exception from these restrictions where the shares are acquired under takeover offers made under the Corporations Act to all shareholders (which must be on the same terms for all shareholders (subject to minor exceptions) and which must comply with the timetable and disclosure requirements of the Corporations Act). The purpose of these provisions is to attempt to ensure that shareholders in the target company have a reasonable and equal opportunity to share in any premium for control and that they are given reasonable time and enough information to assess the merits of the proposal. These provisions will cease to apply to the Company upon implementation of the proposed Reincorporation.</p> <p>Section 203 of the Delaware General Corporation Law prohibits New pSivida from engaging in any of a broad range of business combinations. Under this law, if a holder acquires 15% or more of New pSivida’s stock without prior approval of the board of directors, for three years such holder cannot acquire the company through a merger or other combination, sell or pledge 10% or more of New pSivida’s assets, or engage in other identified self-dealing transactions. Such limitations do not apply if either the holder buys at least 85% of New pSivida’s stock (other than stock owned by directors who are also officers and certain employee stock plans) in a transaction whereby such holder acquires its 15% interest, or the business combination is subsequently approved by the board of directors and two-thirds of the stock held by persons other than such holder.</p> <p>The certificate of incorporation in the future may be amended to authorise additional takeover defence mechanisms upon the approval of the holders of a majority of the then issued and outstanding common stock entitled to vote on the amendment. The bylaws in the future may be amended to authorise additional takeover defence mechanisms upon a majority vote by the board of directors, subject to the right of New pSivida shareholders to then repeal any such amendment by an affirmative vote of the holders of not less than a majority of the then issued and outstanding shares of common stock entitled to vote on the repeal.</p>

INDEPENDENT EXPERT REPORT

INTRODUCTION

pSivida Limited (pSivida or the Company) has proposed to implement a new corporate structure which will result in the Company redomiciling from Australia to the United States as New Psivida, Inc. (New pSivida).

It is proposed that existing shareholders of the Company will become shareholders or holders of CHESS Depositary Interests (CDIs) in New pSivida, and all assets will be transferred to, and all liabilities will be assumed by New pSivida, whereby holders of options and warrants (options) of the Company will become optionholders in New pSivida. The Company will be deregistered without a winding up, by order of the Federal Court of Australia (Court).

The restructure is to be implemented by the Company through a scheme of arrangement under the Corporations Act 2001 (Corporations Act) that will be proposed to shareholders of the Company (the Scheme).

Under the Scheme, by Court order, shares of the Company will be transferred to New pSivida in exchange for which New pSivida will issue:

- CDIs to eligible scheme participants other than the depositary for the Company shares underlying ADSs (the ADS Depositary); and
- New pSivida shares to the ADS Depositary for distribution to ADS holders.

Shareholders will receive CDIs or New pSivida shares in the same proportion to their existing holdings in the Company. One CDI or New pSivida share will be issued for every 40 shares.

New pSivida will seek a listing on the ASX Limited (ASX) and the official quotation and trading of its CDIs on ASX. The Company will transfer its existing listing to New pSivida on Nasdaq, and the trading of New pSivida shares on Nasdaq. Further, the Company will seek to transfer its existing listing to New pSivida on the Frankfurt Stock Exchange, and the trading of New pSivida securities on the Frankfurt Stock Exchange.

Shareholders not eligible to participate in the Scheme (Ineligible Foreign Shareholders) will not receive New pSivida shares or CDIs under the Scheme. Instead, Ineligible Foreign Shareholders will have their entitlements sold by a nominee at such a price and on such terms as the nominee determines. The nominee will then distribute the proceeds to the Ineligible Foreign Shareholders.

The Directors of the Company have requested Pitcher Partners Corporate Pty Ltd (Pitcher Partners Corporate) to prepare an independent expert report advising whether:

- the Scheme is in the best interests of the shareholders of the Company; and
- there is any impact of the Scheme on the creditors of the Company (including optionholders).

PURPOSE OF REPORT

The Scheme is to be implemented under Section 411 of the Corporations Act. Under Section 411, a scheme of arrangement must be approved by a majority in number (i.e. at least 50%) of each class of shareholders present and voting (either in person or by proxy) at the meeting, unless the Court orders otherwise, and shareholders who hold at least 75% of the votes cast (either in person or by proxy) by members of that class on the resolution. If approved by shareholders, the scheme of arrangement is then subject to approval by the Court.

Part 3 of Schedule 8 to the Corporations Regulations prescribes the information to be sent to shareholders in relation to schemes of arrangement pursuant to Section 411. Part 3 of Schedule 8 requires an independent expert report in relation to a scheme of arrangement to be prepared when a party to a scheme of arrangement has a prescribed shareholding in the company subject to the scheme, or where any of its directors are also directors of the company subject to the scheme. In those circumstances, the independent expert report must state whether the scheme of arrangement is in the best interests of shareholders subject to the scheme and must state reasons for that opinion.

Consequently Pitcher Partners Corporate has been appointed to prepare an independent expert report setting out whether, in its opinion, the Scheme is in the best interests of the shareholders of the Company and to advise as to the impact of the Scheme on the creditors of the Company including the optionholders.

A copy of the detailed report will accompany the Scheme Booklet to be sent by pSivida to its shareholders.

OPINION

In our opinion, the Scheme is in the best interests of the shareholders. Furthermore, in our opinion the Scheme will not have an adverse impact on the creditors or optionholders of the Company.

The principal factors we have taken into account in forming our opinion are discussed in detail in our report. The above opinion should be considered in conjunction with, and not independently of, the information set out in the remainder of this report, including the appendices, and the Scheme Booklet.

The opinion of Pitcher Partners Corporate is based on economic, market and other conditions prevailing at the date of this report.

In forming our opinion, we have considered the interests of pSivida shareholders as a whole. This advice therefore does not consider the financial situation, objectives or needs of individual shareholders. It is not practical or possible to assess the implications of the Scheme on individual shareholders as we do not know their specific circumstances.

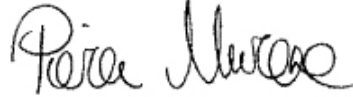

The decision of pSivida shareholders as to whether or not to accept the Scheme is a matter for individuals based on, amongst other things, their risk profile, liquidity preference, investment strategy and tax position. In

pSivida Limited

this regard also, the taxation consequences may vary widely depending on individual circumstances. Individual shareholders should therefore consider the appropriateness of our opinion to their specific circumstances before acting on it. We recommend that individual shareholders consult their financial adviser.

Yours faithfully

pSivida Limited

1. OUTLINE OF THE RESTRUCTURE

1.1 Summary of the Restructure

pSivida proposes to change its “domicile” from Western Australia, Australia to Delaware, United States whilst maintaining a listing on ASX, Nasdaq and the Frankfurt Stock Exchange. The restructure is to be implemented by the Company through a reconstruction scheme of arrangement under Part 5.1 of the Corporations Act.

Under the Scheme, all of the shares will be transferred to New pSivida by order of the Court in exchange for which:

- all shareholders other than the ADS Depositary and ineligible foreign shareholders will receive CDIs representing New pSivida shares; and
- the ADS Depositary, who holds the shares underlying ADSs, will receive New pSivida shares; and
- ineligible foreign shareholders will receive proceeds from the sale of New pSivida CDIs, net of any brokerage, taxes or other costs of sale.

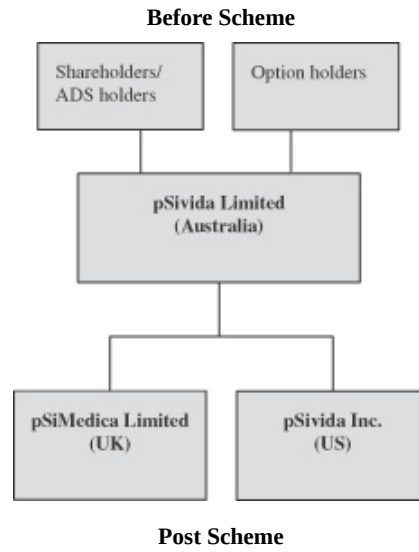

Under the Scheme, each shareholder will receive one New pSivida share or CDI for every 40 shares held in pSivida. We understand that the Company has selected this exchange ratio to reduce the number of shares and share equivalents outstanding to a more appropriate level and to attempt to increase the bid price of New pSivida shares to a level satisfactory for both US and Australian listing (subject to normal market fluctuations).

All of the assets and liabilities of the Company (including the options and the shares held by the Company in its subsidiaries) will be transferred by order of the Court to, and become the assets and liabilities of, New pSivida. As part of this transfer and pursuant to the restructure terms, the options will become options to acquire New pSivida shares or CDIs and will be equitably adjusted so that the number of New pSivida shares and CDIs for which the options are exercisable and the exercise price of the options reflect the restructure’s 1 to 40 share exchange ratio.

Following the above, New pSivida will obtain:

- listing on the ASX and official quotation and trading of its CDIs on the ASX;
- listing of New pSivida shares on Nasdaq and trading of its shares on Nasdaq; and
- listing of New pSivida securities on the Frankfurt Stock Exchange and trading of its New pSivida securities on the Frankfurt Stock Exchange.

The corporate structures before and after the Scheme are summarised below.

[FLOW CHART]

pSivida Limited also has two directly held dormant or inactive subsidiaries named pSiNutria Limited (Australia) and pSivida UK Limited (UK), and two indirectly held dormant or inactive subsidiaries named pSiOncology Pte Limited (Singapore) and pSiNutria UK Limited (UK). pSivida Limited's interests in these subsidiaries will be transferred across to New pSivida pursuant to the Reconstruction.

1.2 Conditions Precedent

The Scheme must be approved at a meeting of shareholders by:

- unless the Court orders otherwise, a majority in number (more than 50%) of the shareholders present and voting at the meeting either in person or by proxy, attorney or (in the case of corporate shareholders) by a body corporate representative; and
- shareholders who hold at least 75% of the total number of shares voted on the resolution either in person or by proxy, attorney or (in the case of corporate shareholders) by a body corporate representative.

The Scheme must also be approved by the Court, which is expected to consider the Scheme at a hearing on or about 10 June 2008.

All approvals required are set out in more detail in the Implementation Agreement annexed to the Scheme Booklet. We recommend that shareholders refer to the Implementation Agreement for further details as to the conditions attaching to the Scheme.

1.3 Ineligible Foreign Shareholders

The Company has proposed that the shareholders whose addresses recorded in the Share Register as outside of Australia, Canada, Jersey, France, Germany, Hong Kong, Ireland, Malaysia, New Zealand, Singapore, Spain, Thailand, the United Kingdom and the US (Ineligible Foreign Shareholders) will not receive New pSivida shares under the Scheme, unless the Company is satisfied that such shareholders lawfully can be issued New pSivida shares pursuant to the Scheme.

Instead, such Ineligible Foreign Shareholders' entitlements under the Scheme will be issued to a Nominee. New pSivida will issue to the Nominee for sale on behalf of the Ineligible Foreign Shareholders one CDI for every 40 shares held by them. New pSivida will cause the Nominee to sell those CDIs at such price and on such terms as the Nominee determines. The Nominee will then distribute the proceeds to the Ineligible Foreign Shareholders after deduction of any brokerage, taxes or other costs of sale (such amounts to be paid in AUD).

Ineligible Foreign Shareholders account for less than 0.1% of the total number of shares on issue in the Company at 28 February 2008. If the Scheme proceeds, the Ineligible Foreign Shareholders will have their securities sold on market in accordance with the process described above. As the process only provides one outcome we are unable to determine the price which will be achieved on the sale of shares, and therefore we are unable to determine whether or not the scheme is fair and reasonable to those Ineligible Foreign Shareholders.

2. INDEPENDENT EXPERT REPORT

2.1 Purpose of the Independent Expert Report

The Scheme is to be implemented under Section 411 of the Corporations Act. Under Section 411, a scheme of arrangement must be approved by a majority in number (i.e. at least 50%) of each class of shareholders present and voting (either in person or by proxy) at the meeting, unless the Court orders otherwise, and by shareholders who hold at least 75% of the votes cast (either in person or by proxy) by members of that class on the resolution.

Part 3 of Schedule 8 to the Corporations Regulations prescribes the information to be sent to shareholders in relation to schemes of arrangement pursuant to Section 411. Part 3 of Schedule 8 to the Corporations Regulation requires an independent expert report in relation to a scheme of arrangement to be prepared when a party to a scheme of arrangement has a prescribed shareholding in the company subject to the

scheme, or where any of its directors are also directors of the company subject to the scheme. In those circumstances, the independent expert report must state whether the scheme of arrangement is in the best interests of shareholders subject to the scheme and must state reasons for that opinion.

The directors of pSivida have engaged Pitcher Partners Corporate to prepare an independent expert report for the shareholders of the Company to assist them in assessing the merits of the Scheme.

A copy of this report will accompany the Scheme Booklet to be sent by pSivida to its shareholders. Specifically, pSivida shareholders are being asked to approve a resolution under Section 411 to implement the Scheme.

This report is general financial product advice only and has been prepared without taking into account the objectives, financial situation or needs of individual shareholders. Because of that, before acting in relation to their investment, shareholders should consider the appropriateness of the advice having regard to their own objectives, financial situation or needs. Shareholders should read the scheme booklet issued by pSivida in relation to the Scheme.

Approval or rejection of the Scheme is a matter for individual shareholders based on their expectations as to value and future market conditions and their particular circumstances including risk profile, liquidity preference, investment strategy, portfolio structure and tax position. Shareholders who are in doubt as to the action they should take should consult their own professional adviser.

Any decision to continue to hold CDIs or shares in New pSivida if the Scheme proceeds is a separate investment decision upon which Pitcher Partners Corporate does not offer an opinion. Shareholders should consult their own professional adviser in this regard.

2.2 Assessment of Share Scheme

There is no legal definition of the expression “in the best interests”. However, guidance is provided by the Regulatory Guides issued by the Australian Securities Investment Commission (ASIC), which establish certain guidelines in respect of independent expert reports required under the Corporations Act. Regulatory Guide 111 Content of expert reports (RG 111) issued by ASIC on 30 October 2007 gives ASIC’s views on how an expert can help security holders make informed decisions about transactions.

RG111 establishes certain guidelines in respect of independent expert’s reports prepared for the purposes of Sections 411, 640 and 703 of the Corporations Act. In respect of a control transaction by scheme of arrangement, RG 111 states that the form of analysis should be substantially the same as for a takeover bid and provide an opinion as to whether the proposal is fair and reasonable.

RG111 defines an offer as being fair if the value of the offer price or consideration is equal to or greater than the value of the securities being the subject of the offer. The comparison must be made assuming 100% ownership of the target and irrespective of whether the consideration is scrip or cash.

RG111 considers an offer to be reasonable if it is fair. It also states that an offer may be reasonable if despite not being fair the expert believes that there are sufficient reasons for security holders to accept the offer in the absence of any higher bid before the close of the offer.

RG111 states that if an expert concludes that a proposal would be fair and reasonable if it was in a form of a takeover bid, it will also be able to conclude that the scheme is in the best interests of the members of the company. If an expert would conclude that the proposal was not fair but reasonable, it is still open to the expert to also conclude that the scheme is in the best interests of the members of the company. If an expert concludes that a scheme proposal is not fair and not reasonable then the expert would conclude that the scheme is not in the best interests of the members of the company.

In this case the Scheme has the same effect as a takeover offer in that all the shares in the Company are being acquired in consideration for securities in New pSivida. In Pitcher Partners Corporate's opinion, the most appropriate basis on which to evaluate the Scheme is to assess its overall impact on pSivida shareholders and to form a judgement as to whether the expected benefits outweigh any disadvantages that might result.

In particular, Pitcher Partners Corporate is of the opinion it is not possible to assess the fairness of the Scheme utilising general valuation principles. The directors intend that the financial position and business activities following the Scheme will remain exactly the same as those of the Company prior to the Scheme. Therefore there will be no effective change in the underlying economic interest currently held by shareholders as a result thereof.

Consequently in determining whether the Scheme is in the best interests of shareholders we have had regard to the following:

- whether the Scheme results in a material change to the relative interest of the shareholders of the Company (fairness); and
- advantages and disadvantages of the Scheme (reasonableness).

In determining the impact of the Scheme on creditors and optionholders we have had regard to whether the Scheme impacts on the ability of the Company to pay its creditors as and when they fall due and whether the Scheme results in a material change to the relative interest of the optionholders of the Company.

2.3 Current Market Conditions

Our opinion is based on economic, market and other conditions prevailing at the date of this report. Such conditions can change significantly over relatively short periods of time.

3. PROFILE OF PSIVIDA

3.1 Background

pSivida was originally incorporated in 1987 under the name Sumich Group Ltd (Sumich). Sumich was however placed under Administration in 1998. In late 2000 Sumich undertook a recapitalisation and restructure after entering into a court approved arrangement with creditors. The Company's name was changed to pSivida and it entered into the pSiMedica joint venture to develop BioSilicon™ technology.

3.2 Operations

The Company is a public limited liability company incorporated in Australia and subject to the Australian Corporations Act, the ASX Listing Rules, US securities laws and the Nasdaq Marketplace Rules. The Company currently maintains offices in the U.S., the U.K. and Australia.

In Australia, the Company maintains a registered office but no longer has any research operations and has substantially scaled back its administrative operations. The Company has changed its functional currency from Australian Dollars to US Dollars. In the United Kingdom, the Company maintains offices and laboratory space for its pSiMedica subsidiary, which concentrates on developing the BioSilicon technology. In the United States, the Company maintains offices, laboratory space and clean room space for its pSivida Inc. subsidiary, which focuses on developing the Durasert and CODRUG technologies.

3.3 Technology & Products

The Company's operations include the development and commercialisation of drug delivery products. The initial product focus has been on the ophthalmology and oncology branches of medicine which relate to diseases of the visual pathways (including the eye, brain, and areas surrounding the eye) and the treatment of tumours (cancer) respectively.

The Company develops products that use three key technologies comprising Durasert™, BioSilicon™ and CODRUG™.

The Company seeks to develop these technologies through either internal development and subsequent licensing to development and marketing partners or partnerships with pharmaceutical and biotechnology companies to develop novel and improved formulations of their proprietary drug molecules and therapeutics.

The following table provides general details relating to the patents and patent applications held or applied for by the Company.

Patents

Total	23	57	90	231	64

Source: Management

Durasert™

Durasert technology involves a drug core with one or more surrounding polymer layers. Drugs are released from the core into a specific target site at a pre-determined, controlled rate for periods ranging from days to years.

The Company presently has two FDA approved products that employ the Durasert technology Vitrasert® and Retisert®. Vitrasert® is used in the treatment of AIDS associated cytomegalovirus infections in the eye. Retisert® is used in the treatment of posterior uveitis, a leading cause of vision loss. Both products, and certain underlying technologies, are licensed to Bausch & Lomb, who also owns the Vitrasert and Retisert trademarks. Under the agreement Bausch & Lomb pays royalties based on net sales subject to an advance royalty agreement entered into by CDS in June 2005.

Medidur™ FA is another Durasert technology product being developed. This product is licensed to Alimera Science Inc (Alimera) and is in Phase III clinical trials for treatment of diabetic macular edema. In April 2007, the Company entered a worldwide licence agreement with Pfizer to develop ophthalmic products using the Durasert technology. Under the agreement Pfizer has made investments of US\$11.5 million in pSivida (US\$5 million in ordinary shares and US\$6.5 million in ADSs). The two companies are working together on a joint research program to develop ophthalmic products.

The license and collaboration agreement with Alimera relating to Medidur™ FA has been amended. Alimera has increased its equity in the future profits of Medidur™ FA from 50% to 80% in exchange for consideration of up to approximately US\$78 million to pSivida.

BioSilicon™

BioSilicon technology uses elemental silicon that can be processed to create a “honeycomb” structure of pores, with these pores capable of being filled with various therapeutic agents. The size and shape of the pores determines the rate at which the drug is released and the rate at which “BioSilicon” dissolves in the body.

The Company's lead BioSilicon product candidate, BrachySil™, has recently completed a Phase IIa clinical trial for pancreatic cancer treatment, and is expected to begin a Phase IIb dose ranging clinical trial shortly. At present the Company is actively seeking licensing partners for BrachySil™.

The Company also has begun research and development of BioSilicon products for use in other applications.

CODRUG™

CODRUG technology allows simultaneous release of two or more identical or different drugs from the same product at the same controlled rate over a predetermined time period, via virtually any delivery method. The Company has synthesized a library of approximately several hundred CODRUG compounds.

3.4 Board & Management

The Company's Board of Directors and management currently comprise:

Dr David J Mazzo, Non-executive Chairman

Dr Mazzo most recently served as the President and Chief Executive Officer and as a member of the Board of Directors of Aeterna Zentaris, Inc until April 2008. Prior to joining Aeterna Zentaris, Dr Mazzo served in management positions in several international pharmaceutical companies, most recently as President and Chief Executive Officer of Chugai Pharma USA, the US affiliate of the large Japanese pharmaceutical company, Chugai, a member of the Roche Group. Prior to that he served as Senior Vice President, Global Development Operations at the Schering-Plough Research Institute and as Senior Vice President and Global Head Pharmaceutical Development at Hoechst Marion Roussel. Dr Mazzo was awarded his B.S. degree in chemistry and B.A. degree in Honors (Interdisciplinary Humanities) from Villanova University and his doctorate degree in analytical chemistry from the University of Massachusetts, Amherst. The share price of pSivida has declined over the twelve month period reflected in the chart above. This compares to the performance of the all ordinaries and pharmaceutical and biotech indices as follows:

In the period April 2007 to July 2007 the share price of the Company declined compared to a fairly stable performance by the ASX All Ordinaries and the Healthcare and Biotech industry. From there after, the Company’s performance has tended to trend the ASX All Ordinaries. Key circumstances and events which may have impacted on the share price of pSivida over the period are summarised below:

- possible deteriorating investor confidence;
- additional capital raising transactions in February, April and July 2007 having a significant dilutive effect (issuance of 277,992,530 shares and of options to purchase the equivalent of 189,244,195 shares);
- a convertible note amendment that included an option issuance with a dilutive effect (issuance of options to purchase the equivalent of 113,413,470 shares);
- substantial write down of intangible assets under AIFRS due to reduced expectation of future product sales of Retisert® and BrachySil™; and
- general market conditions.

4. DELAWARE INCORPORATION

If the Scheme is approved, shareholder rights will be governed by Delaware law, US federal securities laws and the listing rules of the Nasdaq, ASX and Frankfurt Stock Exchange.

The State of Delaware claims to have more than 50% of US publicly traded companies and 60% of the Fortune 500 companies incorporated in their state. The popularity of the State is said to be due to its modern and flexible corporate laws, the Court of Chancery and a business friendly State Government. In particular due to the large number of major corporations incorporated in Delaware, the courts are very experienced in the application of corporate law. Cases before the Court of Chancery are heard by judges alone as there are no juries.

A comparison of the material differences between the rights of holders of shares under Delaware and Australian incorporation are detailed in Annexure E to the Information Memorandum. We have consulted with independent legal counsel, DLA Phillips Fox, who have undertaken a review of Annexure E and have confirmed to us that Annexure E of the Information Memorandum is a fair summary of what it purports to summarise with respect to the rights of holders of shares in the Company to the rights of holders of shares in New pSivida.

We have summarised the differences considered most relevant to shareholders below.

Dividends

Dividends can be paid out of (i) the surplus of the company, which is defined to be the company's net assets less statutory capital; or (ii) if no surplus exists, out of the net profits of the company for the first fiscal year in which the dividend is declared and/or the preceding fiscal year. Under Australian law, dividends can only be paid out of the company's distributable profits.

General Meetings

Delaware law requires shareholders to be given notice not less than 10 days and not more than 60 days prior to the date of the meeting. Under Australian law notice must be given at least 28 days before the date of the meeting; and

Under Australian law the Directors are required to call a general meeting when requested to do so by at least 5% of the ordinary voting rights, or 100 shareholders. Shareholders in Delaware do not have this right to call meetings.

Takeovers

Australian law places restrictions on a person acquiring interests in a company when that person's voting power increases from below 20% to above 20%. Generally, without shareholder approval, such acquisitions are restricted to 3% increments in any six month period without making a formal takeover offer for the company.

Under Delaware law, if an acquirer buys 15% or more of a company's stock without prior approval of the company's board, for three years, the acquirer may not acquire the company through the merger or other business combination, sell or pledge 10% or more of the company's assets, or engage in other identified self-dealing transactions. These limitations do not apply if either the acquirer buys at least 85% of the target's stock (other than stock owned by Directors who are also officers and certain employee stock plans) in the transaction in which the acquirer acquires its 15% interest, or at or after such time when the acquirer is approved by the target's board and two-thirds of the stock held by persons other than the acquirer.

Delaware law does permit a broader range of defensive mechanisms than is currently permitted under Australian law. Amongst other things these include:

- adoption of a stockholders right plan (referred to as the “poison pill”), which can be used to block a bidder acquiring all or part of the shares in the company; and
- issuance of stock to “friendly hands” that contain disproportionate or blocking voting rights.

In some circumstances bidders can make partial offers for a fixed number of shares from each shareholder, which may result in minority shareholders parting with a higher percentage of their holding. There are no such provisions in Australia.

Directors

Under Australian law a director can be removed at any time by shareholders passing a resolution at a general meeting. The resolution must be passed by the majority of the votes cast by shareholders attending. Under Delaware law, a director may also be removed with or without cause by vote of a majority of the outstanding shares.

Delaware law allows directors to issue shares with preferential voting, dividend and other rights without the approval of shareholders, as printed in the certificate of incorporation. In Australia, shareholder approval is generally required for reductions in capital and share buy backs.

Shareholder Protection

Under Australian law any shareholder can bring an action in cases of conduct which is either contrary to the interests of shareholders as a whole, or oppressive to, unfairly prejudicial to, or unfairly discriminatory against, any shareholders in their capacity as a shareholder, or themselves in a capacity other than as a shareholder. There are no equivalent statutory provisions under Delaware law. However, shareholders can bring actions against directors for breach of fiduciary duties.

Right to Inspect Corporation Books and Records

Under Delaware law, any shareholder may inspect the books and records of a company upon making a written demand under oath stating a purpose reasonably related to the person’s interest as a stockholder. Under Australian law the shareholder must obtain a court order to access the books and records of a company.

5. ASSESSMENT OF THE SCHEME

5.1 Overview

As stated in section 2.2 of this report, there is no legal definition of the expression “in the best interests”. However, guidance is provided by the Regulatory Guides issued by ASIC, which establish certain guidelines in respect of independent expert reports required under the Corporations Act.

RG 111 issued by ASIC on 30 October 2007 gives ASIC’s views on how an expert can help security holders make informed decisions about transactions.

RG111 establishes certain guidelines in respect of independent expert’s reports prepared for the purposes of Sections 411, 640 and 703 of the Corporations Act. In respect of control transaction by scheme of arrangement, RG 111 states that the form of analysis should be substantially the same as for a takeover bid and provide an opinion as to whether the proposal is fair and reasonable.

RG111 defines an offer as being fair if the value of the offer price or consideration is equal to or greater than the value of the securities being the subject of the offer. The comparison must be made assuming 100% ownership of the target and irrespective of whether the consideration is scrip or cash.

RG111 considers an offer to be reasonable if it is fair. It also states that an offer may be reasonable if despite not being fair the expert believes that there are sufficient reasons for security holders to accept the offer in the absence of any higher bid before the close of the offer.

RG111 states that if an expert concludes that a proposal would be fair and reasonable if it was in a form of a takeover bid, it will also be able to conclude that the scheme is in the best interests of the members of the company. If an expert would conclude that the proposal was not fair but reasonable, it is still open to the expert to also conclude that the scheme is in the best interests of the members of the company. If an expert concludes that a scheme proposal is not fair and not reasonable then the expert would conclude that the scheme is not in the best interests of the members of the company.

In this case, the effect of the Scheme is that all the shares in the Company are being acquired in consideration for securities in New pSivida. In Pitcher Partners Corporate's opinion, the most appropriate basis on which to evaluate the Scheme is to assess its overall impact on pSivida shareholders and to form a judgement as to whether the expected benefits outweigh any disadvantages that might result.

In particular, Pitcher Partners Corporate is of the opinion it is not possible to assess the fairness of the Scheme utilising general valuation principles. The effect of the Scheme is that the assets, liabilities and proforma financial position of New pSivida immediately following the implementation of the Scheme will remain the same as those of the Company immediately prior to the Scheme. There will be no change in control or in the underlying economic interests currently held by shareholders as a result thereof.

Consequently in determining whether the Scheme is in the best interests of shareholders, we have had regard to the following:

- whether the Scheme results in a material change to the relative interest of the shareholders (fairness); and
- advantages and disadvantages of the Scheme (reasonableness).

In determining the impact of the Scheme on creditors and optionholders we have had regard to whether the Scheme impacts on the ability of the Company to pay its creditors as and when they fall due and whether the Scheme results in a material change to the relative interest of the optionholders of the Company.

5.2 Relative Interest of Shareholders of the Company

Our review of the Scheme identified that the only material change resulting from the proposed restructure is the domicile of the Company. The business of New pSivida will be conducted largely in the same manner as the business of the Company is currently conducted. New pSivida's proforma financial position immediately after the implementation of the Scheme is expected to be the same as that of the Company immediately before the implementation of the Scheme.

The costs of operations (and particularly of employee salaries) are generally higher in the United States than in Australia. However, the Company already has US operations, and expects to continue expanding its US operations as it pursues its corporate strategy, regardless of the reconstruction.

Therefore, the Board does not expect the Scheme to result in increased ongoing costs of operations, although ongoing costs of operations may increase as a result of a variety of additional factors unrelated to the reconstruction.

Having regard to the above we are of the opinion that the relative interests of the shareholders of the Company is unlikely to be materially different following the implementation of the Scheme to that prior to the Scheme. Accordingly we consider the Scheme to be fair to the shareholders.

5.3 Advantages & Disadvantages

In assessing the reasonableness of the Scheme, we have had regard to the advantages and disadvantages as follows:

Advantages

Easier to obtain equity funds from strategic partners	Most of pSivida's potential US strategic partners are not familiar with Australian corporate law and would prefer to hold shares (rather than ADSs) in pSivida that they can trade in the US markets. ADSs are a less favourable investment option because of the depositary fees for holders associated with owning ADSs which are not payable on CDIs. Further, most of pSivida's potential partners are more familiar with US corporate laws, given the status of the US as the world's largest healthcare market. Incorporation in the US should make it easier to obtain equity funds from strategic partners.
Simplification of compliance process	The Company complies with the securities laws applicable to domestic issuers in Australia as well as those securities laws applicable to domestic issuers in the United States, even though it is only incorporated in Australia. It is complex to seek to reconcile two different and inconsistent securities regimes. Reincorporating in the US would permit the Company to comply only with the securities laws applicable to US domestic issuers and to be a foreign issuer in Australia. Among other things, the Company would therefore only prepare financial statements in accordance with US GAAP.
Senior Management focused on Growing the Business	The Company's senior management is located in the United States. These members of management are less familiar with the requirements of being an Australian company. Aligning the corporate structure of the Company with its operating structure and reducing the complexity of the legal, accounting and securities exchange regulatory framework in which the Company operates would provide management with greater time and resources to grow the business rather than attend to legal and accounting compliance requirements.
Enhance US- based demand for the Company's securities	New pSivida's primary listing after completion of the Scheme will be on Nasdaq in the United States. The US capital market is the largest in the world in terms of market capitalization and trading volume, and the Company listed its ADSs on Nasdaq to seek to capture this opportunity to maximize value for shareholders. While the Company has maintained this secondary listing on Nasdaq for its ADSs, the Company believes that listing common shares on Nasdaq rather than ADSs should result in increased demand for, and liquidity of, Company securities in the US markets. ADSs are a less favourable investment option for US holders than common shares because ADS holders must pay depositary fees to the ADS Depositary, while holders of common shares and CDIs do not have to pay depositary fees. In addition, certain US investors may only be able, and many US investors prefer, to invest directly in US companies. Primary listing on

Advantages

Continue strong connection with Australian investor community	<p>Nasdaq should also provide the Company with opportunities for increased analyst coverage, potentially resulting in increased exposure and interest in the Company.</p> <p>The Australian investment community is very important to the success of the Company. The Company, therefore, has structured the Scheme to permit the Company to continue to maintain strong connections with the Australian investor community and minimize the Scheme's impact on those investors. New pSivida will list on ASX, and its CDIs will trade on ASX. Following the Scheme, Australian investors will be able to trade CDIs in substantially the same way as they currently trade their shares in the Company. The Company plans to continue to base its investor relations functions in Australia following the Scheme.</p>
Reduce ongoing compliance costs	<p>Because the Company is presently incorporated in Western Australia, the Company must prepare financial statements in accordance with AIFRS. However, because of the Company's substantial presence in the United States, the Company also must prepare financial statements in accordance with US GAAP. Preparation of two different sets of financial statements is costly. Following the Scheme, the Company would only have to prepare one set of financial statements in accordance with US GAAP. The Company believes, therefore, that the Scheme would reduce the Company's audit and audit related service fees for financial statements and ongoing compliance by US\$650,000 for financial year 2009 as compared to what such fees would otherwise be if the Scheme is not implemented.</p> <p>The Scheme would also simplify the Company's other regulatory compliance obligations. Australian law and US securities law each currently treat the Company as a domestic company. Although New pSivida will remain subject to laws applicable to Australian registered foreign companies and will continue to be listed on ASX and the Frankfurt Stock Exchange, New pSivida will be treated as a domestic company in only one jurisdiction following the Scheme. This will align the Company's regulatory structure in the United States where substantially all of its operations are located.</p>
Continue engagement of Deloitte Touche Tohmatsu, the Company's independent auditor	<p>The successful implementation of the Scheme should enable New pSivida to retain the Company's independent auditor. Primarily because the Company is incorporated in Australia whilst most of its assets and operations are located in the United States and because the Company is now required to file annual audited and interim unaudited financial reports in the United States in compliance with US auditing standards in addition to in compliance with Australian securities regulation, the Company's independent auditor has indicated that, unless the Scheme is approved, it will seek ASIC's consent to resign as the Company's Australian statutory auditor at the 2008 annual general meeting and could earlier cease its role with respect to the Company's US reporting and auditing requirements.</p> <p>If the Company is not reincorporated and its independent auditor resigns, the Company believes that it would be difficult to engage a replacement</p>

Advantages

independent auditor because any potential replacement independent auditor would assess the Company as a client in the same manner as Deloitte Touche Tohmatsu. In particular, the Company believes that it would be difficult to engage a replacement independent auditor because (i) the Company is required to have its financial statements audited both in accordance with AIFRS presented in A\$ and in accordance with US GAAP presented in US\$\$ (ii) substantially all of the Company's assets and operations are located outside of Australia while the Company is incorporated in Australia, and (iii) the Company is regulated as a domestic issuer under both Australian and US securities laws and under ASX and NASDAQ rules.

Under applicable laws and listing requirements, the Company's annual financial statements must be audited, and its interim unaudited financial statements must be reviewed, by an independent auditor. Therefore, unless the Scheme is approved, the Company expects that it could be unable to meet these requirements, beginning with its financial statements for the quarter ending 30 September 2008. If the Company cannot issue its financial statements on a timely basis, the Company will violate regulatory requirements and ultimately be de-listed from ASX, Nasdaq and the Frankfurt Stock Exchange, and will breach contractual agreements related to its outstanding registration statements for the issuance and resale of securities, resulting in potentially significant cash penalties.

Eliminate depositary fees paid by ADS Holders without creating depositary fees for CDI holders

Following the Scheme, New pSivida shares rather than Company ADSs will be listed on Nasdaq. As a result, holders will no longer be required to pay ADS depositary fees, including annual maintenance fees and transfer fees. Fees incurred by ADS holders totalled approximately US\$900,000 for the two years ended February 2008. CDI holders will not be required to pay depositary fees in respect of their CDIs.

Disadvantages

Enforcement of applicable corporate laws for Australian resident Shareholders

At present, Australian resident Shareholders may take action to enforce provisions of the Company's constitution or Australian corporations law as they relate to the Company in Australian courts. After the Scheme, the applicable corporate law governing New pSivida's corporate actions will be Delaware law. New pSivida will submit to the jurisdiction of the Australian courts as a result of having become a registered foreign company under the Corporations Act, but there is no guarantee that an Australian court will be willing, or regard itself as properly placed, to hear actions under Delaware law.

Differences between Australian and US corporations and securities laws

There are differences between the law for corporations in Australia, where the Company is incorporated, to the law for corporations in Delaware and the US, where New pSivida is incorporated. Some of the differences could be viewed as advantageous to shareholders, while others could be viewed as disadvantageous to shareholders. In particular, the Company, as a domestic Australian listed company, is subject to the takeover provisions of the Corporations Act that are designed to protect minority shareholders on a change of control and to restrict the Board's ability to take defensive steps that could impact competition for control of the Company. Delaware law provides different protections.

Disadvantages

	Delaware law also allows New pSivida's board of directors to implement takeover defences that the Company is not permitted to implement under Australian law.
Demand for Company securities in the Australian market	New pSivida will list on ASX, and Australian investors will have the opportunity to continue to invest in New pSivida and trade CDIs on ASX. However, it is possible that the need to invest in CDIs in order to trade on ASX, or in a US company, may result in reduced demand for, and liquidity of, Company securities in the Australian market.
Market value of New pSivida	The Board has been advised that the share exchange ratio will result in a more appropriate number of outstanding shares, which it expects will benefit the Company and shareholders in the long term. In addition, the Board had adopted an exchange ratio designed to meet the minimum price requirements of Nasdaq and ASX and maintain the Company's listings on those exchanges. The Board believes those listings are critical to shareholders, brokers and other investment professionals. However, the Board is unable to predict the trading value of a New pSivida share or CDI following the Scheme, and, as a result, the corresponding market value of New pSivida.

In addition to the above we have considered the following additional factors.

Delaware v Australian Laws

As a result of the restructure the Company will reincorporate in Delaware and will be subject to US laws which differ from Australian laws. A comparison of the US and Australian regulatory regimes as set out in Annexure E to the Information Memorandum reveals that, as expected, differences do exist between those regimes. Some of those differences are advantageous to shareholders however some are also disadvantageous to shareholders.

Whilst we note, based on our consultation with our legal advisers, that US corporate regulatory requirements offer a different level of protection (arguably a lesser level of protection) to minority shareholders when compared to that afforded to them by Australian laws, in our view it is not possible to quantify the disadvantage. In our opinion it is too difficult to quantify the full effect of the jurisdictional disadvantages due to the varying nature of each transaction and the individual shareholder's circumstances.

Exchange Rate Movements

It may be perceived following the restructure that the securities are effectively a US security being traded on an Australian Exchange. Consequently, the share price on the ASX and Frankfurt Stock Exchange will incorporate the exchange rate differences between the countries. As exchange rates may increase or decrease materially over short periods of time, non US investors will be affected by exchange rate movements.

Annual Meeting

New pSivida intends initially to hold its annual meeting in Australia, but New pSivida in the future may hold annual meetings in Australia, the United States or elsewhere.

Corporate Governance

The Scheme will not have any material effect on the Company's corporate governance regime. The Board and its various committees of Directors, the charters of the Board and its committees and the Company's corporate policies as a whole already comply with the requirements of the ASX Listing Rules, the Nasdaq

Marketplace Rules and US securities laws. New pSivida expects to continue to apply the Company's corporate governance policies and procedures in all material respects following the Scheme.

Dividends and Franking Credits

The Company has never declared or paid any cash dividends on shares, and the Board does not anticipate that New pSivida will pay any cash dividends in the foreseeable future. Further, any dividends paid by the Company would likely be derived from foreign income and, therefore, would not be frankable. However, the Scheme will eliminate the possibility that Australian shareholders could receive dividends as franked.

Taxation Implications

The Scheme may have a taxation impact on shareholders and those taxation impacts will be different for shareholders depending on their own individual taxation circumstances. We strongly recommend that shareholders seek their own independent taxation advice in relation to the specific taxation impacts of the Scheme to their own taxation position.

The taxation implications for shareholders are provided by the Company in section 9 of the Information Memorandum and should be read in full by the shareholders. We have provided a summary of Section 9 of the Information Memorandum as set out below.

- **Australian Capital Gains Tax**

Australian shareholders holding shares on capital account and acquired after 19 September 1985 (post CGT assets) may potentially derive a capital gain from the transfer of shares if the market value of New pSivida shares received is greater than the cost base of the shares. Shareholders with a net capital gain, may potentially (depending on your specific circumstances) be able to reduce their CGT liability through scrip for scrip rollover relief. The Australian Taxation Office is expected to issue a class ruling which sets out the operation of the scrip for scrip rollover relief provisions in the present case. If the scrip for scrip rollover is not chosen, shareholders may be eligible for a 50% discount on the amount of any capital gains.

The above should also broadly apply to Australian companies, however, the 50% discount will not be available to the companies. The above should broadly apply to Australian complying superannuation funds holding the shares on capital account. However, the discount percentage for capital gains will be 33 ¹/₃% (and not 50%).

Any gain on shares held by Australian individuals on revenue account may be taxable as ordinary income. However, shareholders will not be able to claim scrip for scrip rollover relief in respect of any revenue gain, nor will shareholders be eligible for the 50% discount on the amount of taxable capital gains. These comments should broadly apply to Australian companies holding the shares on revenue account also.

- **Future dividends received by Australian resident shareholders**

Generally shareholders will be subject to Australian income tax on any dividends paid by New pSivida. Shareholders may be liable to pay foreign tax (such as US withholding tax) in respect of any dividends received from New pSivida. However, from 1 July 2008, shareholders may be entitled (provided certain conditions are satisfied) under the new foreign income tax offset rules to a non-refundable tax offset for foreign income tax paid on an amount included in assessable income.

- **Non-resident Shareholders**

Provided that the shares are not "taxable Australian property", non-resident shareholders should generally not be subject to tax under Australia's CGT rules on any capital gains from the disposal of shares held on capital account. Nor should shareholders generally be able to claim any capital losses from the disposal of those shares.

Australian sourced gains from the transfer of shares may be taxable as ordinary income and losses from the transfer of shares may be deductible if shareholders are in the business of trading in shares or otherwise hold the shares on revenue account, or if shareholders hold the shares as trading stock. However, the Australian sourced gains may not be subject to tax in Australia if shareholders are a resident of a country with which Australia has a tax treaty, and provided the gain is not attributable to the shareholders Australian permanent establishment.

Dividends received from New pSivida by non-resident shareholders should not be subject to Australian income tax providing the profits out of which dividends are paid are not sourced in Australia.

- Foreign Investment Fund Rules

The Scheme may result in Australian shareholders holding interests in a foreign company that may be subject to Australia's foreign investment fund (FIF) rules. Very broadly, those shareholders may be taxed annually on an "accruals" basis on income deemed to have been earned by the foreign company. Certain entities such as complying superannuation funds and investments may be subject to concessional treatment.

- US Tax Implications of the Reincorporation for US Participants

For US federal income tax purposes, the Company intends for the Scheme to be treated as a "reorganization". If, contrary to the Company's position, the Reincorporation is not treated as a reorganization, US Participants generally would be subject to taxation on the disposition of their shares according to the general tax treatment with respect to the sale or other taxable disposition of New pSivida shares. If the Scheme qualifies as a reorganization, a US Participant will be required to recognise gain but not loss on the receipt of New pSivida shares in exchange for their shares of the Company, unless certain conditions are satisfied as described in Section 9.2 (a) (i) of the Information Memorandum.

If distributions are made on New pSivida shares, such distributions generally will constitute dividends to the extent paid from current or accumulated earnings and profits. For individuals, dividends generally are taxed at a maximum rate of 35%. Certain dividends paid before 2011 to non-corporate US Participants may be eligible for a reduced rate of tax. Dividends paid on New pSivida Shares to corporate US Participants may be eligible for the dividends received deduction. If a distribution exceeds the current and accumulated earnings and profits of New pSivida, the excess will be treated as a tax-free return of the US Participant's investment, up to the amount of such holder's adjusted tax basis in New pSivida shares. Any remaining excess will generally be treated as capital gain, subject to the tax treatment described below.

Upon the sale or other taxable disposition of New pSivida shares, the US Participant will recognise capital gain or loss in an amount equal to the difference between the amount realised on the disposition and such US Participant's adjusted tax basis in the New pSivida shares. Such gain or loss will be long-term capital gain or loss if such US Participant's holding period in the New pSivida shares is more than one year. Long-term capital gain is eligible for preferential rates for individuals and certain other non-corporate taxpayers. The deductibility of capital losses is subject to limitation.

- US tax consequences for Non-US Participants

The Scheme will generally not have any US federal income tax consequences to a Non-US Participant, although in certain cases Non-US Participants may be subject to taxation on the disposition of their shares according to the general tax treatment described in section 9.2(b)(ii) of the Information Memorandum.

If distributions are made on New pSivida shares, such distributions generally will constitute dividends for US federal income tax purposes to the extent paid from current or accumulated earnings and profits,

as determined under US federal income tax principles. A Non-US Participant will generally be subject to US withholding tax on any dividends paid. Such tax is imposed at a rate of 30% of the gross amount of the dividend, or, if the Non-US Participant is eligible, such lower rate as may be specified under an applicable income tax treaty.

Upon the sale, exchange or other taxable disposition of New pSivida shares, a Non-US Participant generally will not be subject to US federal income tax or withholding tax unless they satisfy certain requirements as detailed in Section 9.2 (b) (ii) of the Information Memorandum.

- US tax consequences for the Company and New pSivida

In general, if the Scheme qualifies as a reorganisation, no gain or loss for US federal income tax purposes will be recognised by the Company or by New pSivida, and New pSivida will succeed to and take into account various tax attributes of the Company, subject to a variety of conditions and limitations. Under applicable Treasury Regulations, New pSivida will not take into account for US federal income tax purposes any net operating loss, capital loss, or deficit in earnings and profits of the Company during the period it was an Australian corporation to the extent such net operating loss, capital loss, or deficit in earnings in profits was not effectively connected with a US trade or business (or was not attributable to a US permanent establishment under an applicable income tax treaty).

The majority of the Company's tax losses have been generated in the US. These losses will be retained by New pSivida. However, as at 30 June 2007 the Company had approximately \$0.8 million in revenue tax losses relating to the Australian entity and \$0.6 million in capital losses relating to the Australian entity which will be foregone. Having regard to the total net assets of the Company, we do not consider the loss of the benefit of the Australian tax losses to be material.

Following the Scheme, New pSivida will be subject to the general principles of US federal income taxation. A US corporation is taxed on its worldwide income as determined under US tax accounting principles. Therefore, a US corporation potentially is subject to double-taxation on income earned outside the United States. Double taxation may be mitigated to the extent the US corporation qualifies for a credit for non-US income taxes paid or accrued or qualifies for certain relief under an applicable income tax treaty.

The earnings of foreign corporations owned by US shareholders generally are not subject to US federal income tax until such earnings are distributed to US shareholders as dividends or other gains constituting currently taxable income. This generally results in the deferral of US income tax on such earnings. However, the US imposes current tax on US shareholders of foreign corporations under complex anti-deferral regimes as disclosed in Section 9.2 (c) of the Information Memorandum.

The United States has a very complex federal tax regime governing a US parent corporation that owns us and foreign subsidiaries and interests in other foreign corporations. As a result of this regime, the global group headed by New pSivida may be subject to a higher overall tax burden after the reincorporation.

Conclusion

Having regard to the above factors, and having consulted with the independent legal counsel DLA Phillips Fox, it is our view that, there are some issues which, post the Scheme, will be less favourable than if the Company remained in the Australian company environment, including the differences in shareholder protection in the US compared to Australia.

However, it is our view that on balance, the advantages of the Scheme outweigh its disadvantages for all shareholders of the Company. In our opinion, after consideration of all the issues, including those set out above in this section, the Scheme is reasonable to the current shareholders of the Company.

5.4 Impact on Creditors and Optionholders

All of assets and liabilities of the Company will be transferred by order of the Court to New pSivida, so that the liabilities are transferred to and become the liabilities of New pSivida.

Furthermore, as stated previously, the business of New pSivida will be conducted largely in the same manner as the business is currently conducted and the financial position of the Company will not be materially altered as a result of the implementation of the Scheme.

Whereas the Australian and US regulatory environments do differ, we are of the opinion that on balance they do not materially disadvantage existing creditors.

Accordingly we do not believe that the Scheme will have an adverse impact on the creditors of the Company.

Having regard to the above we are also of the opinion that the relative interests of the shareholders of the Company are unlikely to be materially different following the implementation of the Scheme. Accordingly we have concluded that the Scheme is fair to shareholders.

Under the Scheme, the options will become options to acquire New pSivida shares or CDIs, and will be equitably adjusted in light of the restructure's share exchange ratio. Options will have substantially the same terms as they had prior to the restructure, except that the number of New pSivida shares and CDIs for which the options will be exercisable and the exercise price of the options will reflect the restructure's 1 to 40 share exchange ratio.

Having regard to the above we are of the opinion that the relative interests of the optionholders of the Company are unlikely to be materially different following the implementation of the Scheme.

5.5 Conclusion

In Pitcher Partners Corporate opinion the Scheme:

- is Fair; and
- is also Reasonable.

Consequently we consider the Scheme to be in the best interests of the shareholders.

APPENDIX 4: FINANCIAL SERVICES GUIDE

Financial Services Guide

What is a Financial Services Guide?

This Financial Services Guide (“FSG”) is an important document the purpose of which is to assist you in deciding whether to use any of the general financial product advice provided by Pitcher Partners Corporate Pty Ltd. The use of “we”, “us” or “our” is a reference to Pitcher Partners Corporate Pty Ltd as the holder of Australian Financial Services Licence (“AFSL”) No. 229841. The contents of this FSG include:

- who we are and how we can be contacted
- what services we are authorised to provide under our AFSL
- how we (and any other relevant parties) are remunerated in relation to any general financial product advice we may provide.
- details of any potential conflicts of interest
- details of our internal and external dispute resolution systems and how you can access them.

Information about us

We have been engaged by pSivida Limited to give general financial product advice in the form of a report to be provided to you in connection with a financial product to be issued by another party. You are not the party or parties who engaged us to prepare this report. We are not acting for any person other than the party or parties who engaged us. We are required to give you an FSG by law because our report is being provided to you. We are only responsible for the financial product advice provided in our report and for the contents of this FSG. You may contact us by writing to GPO Box 5193, MELBOURNE VIC 3001, or by telephone on +61 (0) 3 8610 5000.

Pitcher Partners Corporate Pty Ltd is ultimately owned by the Victorian partnership of Pitcher

Partners, a provider of audit and assurance, accounting, tax, corporate advisory, insolvency, superannuation, investment advisory and consulting services. Directors of Pitcher Partners Corporate Pty Ltd are partners of Pitcher Partners.

The Victorian partnership of Pitcher Partners is an independent partnership of Pitcher Partners. As such, neither it nor any of the other independent partnerships has any liability for each other’s acts or omissions. Each of the member firms is a separate and independent legal entity operating under the name “Pitcher Partners”, or other related names.

The financial product advice in our report is provided by Pitcher Partners Corporate Pty Ltd and not by the Victorian partnership of Pitcher Partners or its related entities.

We do not have any formal associations or relationships with any entities that are issuers of financial products. However, we and the Victorian partnership of Pitcher Partners (and its related bodies corporate) may from time to time provide professional services to financial product issuers in the ordinary course of business.

What financial services are we licensed to provide?

The AFSL we hold authorises us to provide the following financial services to both retail and wholesale clients:

- to provide general financial product advice only in respect of securities, derivatives, debentures, stocks or bonds issued or proposed to be issued by a government and interests in managed investment schemes including investor directed portfolio services and deposit and payment products limited to basic deposit products and deposit products other than basic deposit products.

Information about the general financial product advice we provide

The financial product advice provided in our report is known as “general advice” because it does not take into account your personal objectives, financial situation or needs. You should consider whether the general advice contained in our report is appropriate for you, having regard to your own personal objectives, financial situation or needs.

If our advice is being provided to you in connection with the acquisition or potential acquisition of a financial product issued by another party, we recommend you obtain and read carefully the relevant Product Disclosure Statement (“PDS”) or offer document provided by the issuer of the financial product. The purpose of the PDS or offer document is to help you make an informed decision about the acquisition of a financial product. The contents of the PDS or offer document will include details such as the risks, benefits and costs of acquiring the particular financial product.

How are we and our employees remunerated?

Our fees are usually determined on an hourly basis; however they may be a fixed amount or derived using another basis. We may also seek reimbursement of any out-of pocket expenses incurred in providing the services.

Fee arrangements are agreed with the party or parties who actually engage us and we confirm our remuneration in a written letter of engagement to the party or parties who actually engage us.

Neither Pitcher Partners Corporate Pty Ltd nor its directors and officers, nor any related bodies corporate or associates and their directors and officers, receives any commissions or other benefits, except for the fees for services rendered to the party or parties who actually engage us. Our fees for such services are based on time spent at our professional hourly rates.

All of our employees receive a salary with partners also having an equity interest in the partnership. We do not receive any commissions or other benefits arising directly from services provided

to you. The remuneration paid to our directors reflects their individual contribution to the company and covers all aspects of performance.

We do not pay commissions or provide other benefits to other parties for referring prospective clients to us.

**New pSivida, Inc.
2008 INCENTIVE PLAN**

1. DEFINED TERMS

Exhibit A, which is incorporated by reference, defines the terms used in the Plan and sets forth certain operational rules related to those terms.

2. PURPOSE

The Plan has been established to advance the interests of the Company by providing for the grant to Participants of Stock-based and other incentive Awards.

3. ADMINISTRATION

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award; prescribe forms, rules and procedures; and otherwise do all things necessary to carry out the purposes of the Plan. In the case of any Award intended to be eligible for the performance-based compensation exception under Section 162(m), the Administrator will exercise its discretion consistent with qualifying the Award for that exception. Determinations of the Administrator made under the Plan will be conclusive and will bind all parties.

4. LIMITS ON AWARDS UNDER THE PLAN

(a) Number of Shares. A maximum of 1,750,000 shares of Stock may be delivered in satisfaction of Awards under the Plan. Up to the maximum number of shares of Stock available to be delivered under the Plan may be delivered upon the exercise or other satisfaction of ISOs. The number of shares of Stock delivered in satisfaction of Awards shall, for purposes of the preceding sentences, be determined net of shares of Stock withheld by the Company in payment of the exercise price of the Award or in satisfaction of tax withholding requirements with respect to the Award. The limits set forth in this Section 4(a) shall be construed to comply with Section 422. To the extent consistent with the requirements of Section 422 and with other applicable legal requirements (including applicable stock exchange requirements), Stock issued under awards of an acquired or reorganized company that are converted, replaced, or adjusted in connection with the acquisition or reorganization shall not reduce the number of shares available for Awards under the Plan.

(b) Type of Shares. Stock delivered by the Company under the Plan may be authorized but unissued Stock or previously issued Stock acquired by the Company. No fractional shares of Stock will be delivered under the Plan.

(c) Section 162(m) Limits. The maximum number of shares of Stock subject to Awards granted to any person in any calendar year will be 1,062,500 shares. The maximum

[Table of Contents](#)

amount payable to any person in any calendar year under Cash Awards will be \$1,000,000. The foregoing provisions will be construed in a manner consistent with Section 162(m).

5. ELIGIBILITY AND PARTICIPATION

The Administrator will select Participants from among those key Employees and directors of, and consultants and advisors to, the Company or its Affiliates who, in the opinion of the Administrator, are in a position to make a significant contribution to the success of the Company and its Affiliates; *provided*, that, subject to such express exceptions, if any, as the Administrator may establish, eligibility shall be further limited to those persons as to whom the use of a Form S-8 registration statement is permissible. Eligibility for ISOs is limited to employees of the Company or of a “parent corporation” or “subsidiary corporation” of the Company as those terms are defined in Section 424 of the Code.

6. RULES APPLICABLE TO AWARDS

(a) All Awards

(1) Award Provisions. The Administrator will determine the terms of all Awards, subject to the limitations provided herein. By accepting (or, under such rules as the Administrator may prescribe, being deemed to have accepted) an Award, the Participant agrees to the terms of the Award and the Plan. Notwithstanding any provision of this Plan to the contrary, awards of an acquired or reorganized company that are converted, replaced or adjusted in connection with the acquisition or reorganization may contain terms and conditions that are inconsistent with the terms and conditions specified herein, as determined by the Administrator.

(2) Term of Plan. No Awards may be made after March 30, 2018, but previously granted Awards may continue beyond that date in accordance with their terms.

(3) Transferability. Neither ISOs nor, except as the Administrator otherwise expressly provides in accordance with the second sentence of this Section 6(a)(3), other Awards may be transferred other than by will or by the laws of descent and distribution, and during a Participant’s lifetime ISOs (and, except as the Administrator otherwise expressly provides in accordance with the second sentence of this Section 6(a)(3), other Awards requiring exercise) may be exercised only by the Participant. The Administrator may permit Awards other than ISOs to be transferred by gift, subject to such limitations as the Administrator may impose.

(4) Vesting, Etc. The Administrator may determine the time or times at which an Award will vest or become exercisable and the terms on which an Award requiring exercise will remain exercisable. Without limiting the foregoing, the Administrator may at any time accelerate the vesting or exercisability of an Award, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration. Unless the Administrator expressly provides otherwise, however, the following rules will apply:

Table of Contents

(A) immediately upon the cessation of the Participant's Employment, each Award requiring exercise that is then held by the Participant or by the Participant's permitted transferees, if any, will, except as otherwise provided in (B) or (C) below, cease to be exercisable and will terminate, and all other Awards that are then held by the Participant or by the Participant's permitted transferees, if any, to the extent not already vested will be forfeited;

(B) subject to (C) and (D) below, all Stock Options and SARs held by the Participant or the Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's Employment, to the extent then exercisable, will remain exercisable for the lesser of (i) a period of three months or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6(a)(4), and will thereupon terminate;

(C) all Stock Options and SARs held by a Participant or the Participant's permitted transferees, if any, immediately prior to the Participant's death, to the extent then exercisable, will remain exercisable for the lesser of (i) the one year period ending with the first anniversary of the Participant's death or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6(a)(4), and will thereupon terminate; and

(D) all Stock Options and SARs held by a Participant or the Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's Employment will immediately terminate upon such cessation if the Administrator in its sole discretion determines that such cessation of Employment has resulted for reasons which cast such discredit on the Participant as to justify immediate termination of the Award.

(5) Taxes. The delivery or vesting of cash or Stock under an Award shall be conditioned on full satisfaction by the Participant of all applicable tax withholding requirements. The Administrator will make such provision for the withholding of taxes as it deems necessary. The Administrator may, but need not, hold back shares of Stock from an Award or permit a Participant to tender previously owned shares of Stock in satisfaction of tax withholding requirements (but not in excess of the minimum withholding required by law).

(6) Dividend Equivalents, Etc. The Administrator may provide for the payment of amounts in lieu of cash dividends or other cash distributions with respect to Stock subject to an Award. Any entitlement to dividend equivalents or similar entitlements shall be established and administered consistent either with exemption from, or compliance with, the requirements of Section 409A.

(7) Rights Limited. Nothing in the Plan will be construed as giving any person the right to continued employment or service with the Company or its Affiliates, or any rights as

[Table of Contents](#)

a stockholder (including, but not limited to, the right to participate in a pro rata offer by the Company to holders of shares of Stock) except as to shares of Stock actually issued under the Plan. The loss of existing or potential profit in Awards will not constitute an element of damages in the event of termination of Employment for any reason, even if the termination is in violation of an obligation of the Company or any Affiliate to the Participant.

(8) Section 162(m). This Section 6(a)(8) applies to any Performance Award intended to qualify as performance-based for the purposes of Section 162(m) other than a Stock Option or SAR. In the case of any Performance Award to which this Section 6(a)(8) applies, the Plan and such Award will be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception. With respect to such Performance Awards, the Administrator will preestablish, in writing, one or more specific Performance Criteria no later than 90 days after the commencement of the period of service to which the performance relates (or at such earlier time as is required to qualify the Award as performance-based under Section 162(m)). Prior to grant, vesting or payment of the Performance Award, as the case may be, the Administrator will certify whether the applicable Performance Criteria have been attained and such determination will be final and conclusive. No Performance Award to which this Section 6(a)(8) applies may be granted after the first meeting of the stockholders of the Company held in 2013 until the listed performance measures set forth in the definition of "Performance Criteria" (as originally approved or as subsequently amended) have been resubmitted to and reapproved by the stockholders of the Company in accordance with the requirements of Section 162(m) of the Code, unless such grant is made contingent upon such approval.

(9) Coordination with Other Plans. Awards under the Plan may be granted in tandem with, or in satisfaction of or substitution for, other Awards under the Plan or awards made under other compensatory plans or programs of the Company or its Affiliates. For example, but without limiting the generality of the foregoing, awards under other compensatory plans or programs of the Company or its Affiliates may be settled in Stock (including, without limitation, Unrestricted Stock) if the Administrator so determines, in which case the shares delivered shall be treated as awarded under the Plan (and shall reduce the number of shares thereafter available under the Plan in accordance with the rules set forth in Section 4). In any case where an award is made under another plan or program of the Company or its Affiliates and such award is intended to qualify for the performance-based compensation exception under Section 162(m), and such award is settled by the delivery of Stock or another Award under the Plan, the applicable Section 162(m) limitations under both the other plan or program and under the Plan shall be applied to the Plan as necessary (as determined by the Administrator) to preserve the availability of the Section 162(m) performance-based compensation exception with respect thereto.

(10) Section 409A. Each Award shall contain such terms as the Administrator determines, and shall be construed and administered, such that the Award either (i) qualifies for an exemption from the requirements of Section 409A, or (ii) satisfies such requirements.

[Table of Contents](#)

(11) Certain Requirements of Corporate Law. Awards shall be granted and administered consistent with the requirements of applicable Delaware law relating to the issuance of stock and the consideration to be received therefor, and with the applicable requirements of the stock exchanges or other trading systems on which the Stock is listed or entered for trading, in each case as determined by the Administrator.

(b) Awards Requiring Exercise

(1) Time And Manner Of Exercise. Unless the Administrator expressly provides otherwise, an Award requiring exercise by the holder will not be deemed to have been exercised until the Administrator receives a notice of exercise (in form acceptable to the Administrator) signed by the appropriate person and accompanied by any payment required under the Award. If the Award is exercised by any person other than the Participant, the Administrator may require satisfactory evidence that the person exercising the Award has the right to do so.

(2) Exercise Price. The exercise price (or the base value from which appreciation is to be measured) of each Award requiring exercise shall be 100% (in the case of an ISO granted to a ten-percent shareholder within the meaning of subsection (b)(6) of Section 422, 110%) of the fair market value of the Stock subject to the Award, determined as of the date of grant, or such higher amount as the Administrator may determine in connection with the grant. No such Award, once granted, may be repriced without stockholder approval. Fair market value shall be determined by the Administrator consistent with the applicable requirements of Section 422 and Section 409A.

(3) Payment Of Exercise Price. Where the exercise of an Award is to be accompanied by payment, payment of the exercise price shall be by cash or check acceptable to the Administrator, or, if so permitted by the Administrator and if legally permissible, (i) through the delivery of previously acquired unrestricted shares of Stock (subject to such minimum holding period and other requirements, if any, as the Administrator may impose) that have a fair market value equal to the exercise price, (ii) through a broker-assisted exercise program acceptable to the Administrator, (iii) by other means acceptable to the Administrator, or (iv) by any combination of the foregoing permissible forms of payment. The delivery of shares in payment of the exercise price under clause (i) above may be accomplished either by actual delivery or by constructive delivery through attestation of ownership, subject to such rules as the Administrator may prescribe.

(4) Maximum Term. Awards requiring exercise will have a maximum term not to exceed ten (10) years from the date of grant.

7. **EFFECT OF CERTAIN TRANSACTIONS**

(a) **Mergers, etc.** Except as otherwise provided in an Award, the following provisions shall apply in the event of a Covered Transaction:

(1) **Assumption or Substitution.** If the Covered Transaction is one in which there is an acquiring or surviving entity, the Administrator may provide for the assumption of some or all outstanding Awards or for the grant of new awards in substitution therefor by the acquiror or survivor or an affiliate of the acquiror or survivor.

(2) **Cash-Out of Awards.** If the Covered Transaction is one in which holders of Stock will receive upon consummation a payment (whether cash, non-cash or a combination of the foregoing), the Administrator may provide for payment (a “cash-out”), with respect to some or all Awards or any portion thereof, equal in the case of each affected Award or portion thereof to the excess, if any, of (A) the fair market value of one share of Stock (as determined by the Administrator in its reasonable discretion) times the number of shares of Stock subject to the Award or such portion, over (B) the aggregate exercise or purchase price, if any, under the Award or such portion (in the case of an SAR, the aggregate base value above which appreciation is measured), in each case on such payment terms (which need not be the same as the terms of payment to holders of Stock) and other terms, and subject to such conditions, as the Administrator determines; *provided*, that the Administrator shall not exercise its discretion under this Section 7(a)(2) with respect to an Award or portion thereof providing for “nonqualified deferred compensation” subject to Section 409A in a manner that would constitute an extension or acceleration of, or other change in, payment terms if such change would be inconsistent with the applicable requirements of Section 409A.

(3) **Acceleration of Certain Awards.** If an Award will not be assumed, substituted for or cashed out in connection with a Covered Transaction (whether or not there is an acquiring or surviving entity), such Award will become fully exercisable, and the delivery of any shares of Stock remaining deliverable under each outstanding Award of Stock Units (including Restricted Stock Units and Performance Awards to the extent consisting of Stock Units) will be accelerated and such shares will be delivered, prior to the Covered Transaction, in each case on a basis that gives the holder of the Award a reasonable opportunity, as determined by the Administrator, following exercise of the Award or the delivery of the shares, as the case may be, to participate as a stockholder in the Covered Transaction; *provided*, that to the extent acceleration pursuant to this Section 7(a)(3) of an Award subject to Section 409A would cause the Award to fail to satisfy the requirements of Section 409A, the Award shall not be accelerated and the Administrator in lieu thereof shall take such steps as are necessary to ensure that payment of the Award is made in a medium other than Stock and on terms that as nearly as possible, but taking into account adjustments required or permitted by this Section 7, replicate the prior terms of the Award.

Table of Contents

(4) Termination of Awards Upon Consummation of Covered Transaction. Each Award will terminate upon consummation of the Covered Transaction, other than the following: (i) Awards assumed pursuant to Section 7(a)(1) above; (ii) Awards converted pursuant to the proviso in Section 7(a)(3) above into an ongoing right to receive payment other than Stock; and (iii) outstanding shares of Restricted Stock (which shall be treated in the same manner as other shares of Stock, subject to Section 7(a)(5) below).

(5) Additional Limitations. Any share of Stock and any cash or other property delivered pursuant to Section 7(a)(2) or Section 7(a)(3) above with respect to an Award may, in the discretion of the Administrator, contain such restrictions, if any, as the Administrator deems appropriate to reflect any performance or other vesting conditions to which the Award was subject and that did not lapse (and were not satisfied) in connection with the Covered Transaction. In the case of Restricted Stock that does not vest in connection with the Covered Transaction, the Administrator may require that any amounts delivered, exchanged or otherwise paid in respect of such Stock in connection with the Covered Transaction be placed in escrow or otherwise made subject to such restrictions as the Administrator deems appropriate to carry out the intent of the Plan.

(b) Changes in and Distributions With Respect to Stock

(1) Basic Adjustment Provisions. In the event of a stock dividend, stock split or combination of shares (including a reverse stock split), recapitalization or other change in the Company's capital structure, the Administrator shall make appropriate adjustments to the maximum number of shares specified in Section 4(a) that may be delivered under the Plan and to the maximum share limits described in Section 4(c), and shall also make appropriate adjustments to the number and kind of shares of stock or securities subject to Awards then outstanding or subsequently granted, any exercise prices relating to Awards and any other provision of Awards affected by such change.

(2) Certain Other Adjustments. The Administrator may also make adjustments of the type described in Section 7(b)(1) above to take into account distributions to stockholders other than those provided for in Section 7(a) and 7(b)(1), or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the operation of the Plan and to preserve the value of Awards made hereunder, having due regard for the qualification of ISOs under Section 422, the requirements of Section 409A, and for the performance-based compensation rules of Section 162(m), where applicable.

(3) Continuing Application of Plan Terms. References in the Plan to shares of Stock will be construed to include any stock or securities resulting from an adjustment pursuant to this Section 7.

8. LEGAL CONDITIONS ON DELIVERY OF STOCK

The Company will not be obligated to deliver any shares of Stock pursuant to the Plan or to remove any restriction from shares of Stock previously delivered under the Plan until: (i) the Company is satisfied that all legal matters in connection with the issuance and delivery of such shares have been addressed and resolved; (ii) if the outstanding Stock is at the time of delivery listed on any stock exchange or national market system, the shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and (iii) all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the Award, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of such Act. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction on transfer applicable to such Stock, and the Company may hold the certificates pending lapse of the applicable restrictions.

9. AMENDMENT AND TERMINATION

The Administrator may at any time or times amend the Plan or any outstanding Award to comply with applicable law or the applicable rules of any securities exchange or for any purpose which may at the time be permitted by law, and may at any time terminate the Plan as to any future grants of Awards; *provided*, that except as otherwise expressly provided in the Plan the Administrator may not, without the Participant's consent, alter the terms of an Award so as to affect materially and adversely the Participant's rights under the Award, unless the Administrator expressly reserved the right to do so at the time of the Award. Any amendments to the Plan shall be conditioned upon stockholder approval only to the extent, if any, such approval is required by law (including the Code and applicable stock exchange requirements), as determined by the Administrator.

10. OTHER COMPENSATION ARRANGEMENTS

The existence of the Plan or the grant of any Award will not in any way affect the Company's right to Award a person bonuses or other compensation in addition to Awards under the Plan.

11. MISCELLANEOUS

(a) Waiver of Jury Trial. By accepting an Award under the Plan, each Participant waives any right to a trial by jury in any action, proceeding or counterclaim concerning any rights under the Plan and any Award, or under any amendment, waiver, consent, instrument, document or other agreement delivered or which in the future may be delivered in connection therewith, and agrees that any such action, proceedings or counterclaim shall be tried before a court and not before a jury. By accepting an Award under the Plan, each Participant certifies that

[Table of Contents](#)

no officer, representative, or attorney of the Company has represented, expressly or otherwise, that the Company would not, in the event of any action, proceeding or counterclaim, seek to enforce the foregoing waivers.

(b) Limitation of Liability. Notwithstanding anything to the contrary in the Plan, neither the Company, nor any Affiliate, nor the Administrator, nor any person acting on behalf of the Company, any Affiliate, or the Administrator, shall be liable to any Participant or to the estate or beneficiary of any Participant or to any other holder of an Award by reason of any acceleration of income, or any additional tax, asserted by reason of the failure of an Award to satisfy the requirements of Section 422 or Section 409A or by reason of Section 4999 of the Code; provided, that nothing in this Section 11(b) shall limit the ability of the Administrator or the Company to provide by separate express written agreement with a Participant for a gross-up payment or other payment in connection with any such tax or additional tax.

EXHIBIT A

Definition of Terms

The following terms, when used in the Plan, will have the meanings and be subject to the provisions set forth below:

“Administrator”: The Remuneration Committee, except that the Remuneration Committee may delegate (i) to one or more of its members such of its duties, powers and responsibilities as it may determine; (ii) to one or more officers of the Company the power to grant rights or options to the extent permitted by Section 157(c) of the Delaware General Corporation Law; and (iii) to such Employees or other persons as it determines such ministerial tasks as it deems appropriate. In the event of any delegation described in the preceding sentence, the term “Administrator” shall include the person or persons so delegated to the extent of such delegation.

“Affiliate”: Any corporation or other entity that stands in a relationship to the Company that would result in the Company and such corporation or other entity being treated as one employer under Section 414(b) and Section 414(c) of the Code.

“Award”: Any or a combination of the following:

- (i) Stock Options.
- (ii) SARs.
- (iii) Restricted Stock.
- (iv) Unrestricted Stock.
- (v) Stock Units, including Restricted Stock Units.
- (vi) Performance Awards.
- (vii) Cash Awards.
- (viii) Awards (other than Awards described in (i) through (vii) above) that are convertible into or otherwise based on Stock.

“Board”: The Board of Directors of the Company.

“Cash Award”: An Award denominated in cash.

[Table of Contents](#)

“Code”: The U.S. Internal Revenue Code of 1986 as from time to time amended and in effect, or any successor statute as from time to time in effect.

“Company”: New pSivida, Inc.

“Covered Transaction”: Any of (i) a consolidation, merger, or similar transaction or series of related transactions, including a sale or other disposition of stock, in which the Company is not the surviving corporation or which results in the acquisition of all or substantially all of the Company’s then outstanding common stock by a single person or entity or by a group of persons and/or entities acting in concert, (ii) a sale or transfer of all or substantially all the Company’s assets, or (iii) a dissolution or liquidation of the Company. Where a Covered Transaction involves a tender offer that is reasonably expected to be followed by a merger described in clause (i) (as determined by the Administrator), the Covered Transaction shall be deemed to have occurred upon consummation of the tender offer.

“Employee”: Any person who is employed by the Company or an Affiliate.

“Employment”: A Participant’s employment or other service relationship with the Company and its Affiliates. Employment will be deemed to continue, unless the Administrator expressly provides otherwise, so long as the Participant is employed by, or otherwise is providing services in a capacity described in Section 5 to the Company or its Affiliates. If a Participant’s employment or other service relationship is with an Affiliate and that entity ceases to be an Affiliate, the Participant’s Employment will be deemed to have terminated when the entity ceases to be an Affiliate unless the Participant transfers Employment to the Company or its remaining Affiliates. Notwithstanding the foregoing and the definition of “Affiliate” above, in construing the provisions of any Award relating to payment of “nonqualified deferred compensation” (subject to Section 409A) upon a termination or cessation of Employment, references to termination or cessation of Employment, separation from service, retirement or similar or correlative terms shall be construed to require a “separation from service” (as that term is defined in Section 1.409A-1(h) of the Treasury Regulations) from the Company and from all other corporations and trades or businesses, if any, that would be treated as a single “service recipient” with the Company under Section 1.409A-1(h)(3) of the Treasury Regulations. The Company may, but need not, elect in writing, subject to the applicable limitations under section 409A of the Code, any of the special elective rules prescribed in Section 1.409A-1(h) of the Treasury Regulations for purposes of determining whether a “separation from service” has occurred. Any such written election shall be deemed part of the Plan.

“ISO”: A Stock Option intended to be an “incentive stock option” within the meaning of Section 422. Each option granted pursuant to the Plan will be treated as providing by its terms that it is to be a non-incentive stock option unless, as of the date of grant, it is expressly designated as an ISO.

[Table of Contents](#)

“Participant”: A person who is granted an Award under the Plan.

“Performance Award”: An Award subject to Performance Criteria. The Committee in its discretion may grant Performance Awards that are intended to qualify for the performance-based compensation exception under Section 162(m) and Performance Awards that are not intended so to qualify.

“Performance Criteria”: Specified criteria, other than the mere continuation of Employment or the mere passage of time, the satisfaction of which is a condition for the grant, exercisability, vesting or full enjoyment of an Award. For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m), a Performance Criterion will mean an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; total shareholder return; cash flow; operating income; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; employee turnover and/or other human resources activities; acquisitions and divestitures (in whole or in part); collaborations, joint ventures and strategic alliances; spin-offs, split-ups and the like; in-licensing and/or out-licensing; patents; product development; product market share; progress on the Company’s product pipeline; research productivity; movement of programs from research to development; cost reductions or savings; government relations; litigation; management and board of directors composition; leadership development and/or talent management; sales of assets and/or subsidiaries; information services; clinical trials; manufacturing; manufacturing capacity; production; inventory; site development; plant, building or facility development; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A Performance Criterion and any targets with respect thereto determined by the Administrator need not be based upon an increase, a positive or improved result or avoidance of loss. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m), the Administrator may provide in the case of any Award intended to qualify for such exception that one or more of the Performance Criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable Performance Criterion or Criteria.

“Plan”: The New pSivida, Inc. 2008 Incentive Plan as from time to time amended and in effect.

“Remuneration Committee”: The Remuneration Committee of the Board.

[Table of Contents](#)

“Restricted Stock”: Stock subject to restrictions requiring that it be redelivered or offered for sale to the Company if specified conditions are not satisfied.

“Restricted Stock Unit”: A Stock Unit that is, or as to which the delivery of Stock or cash in lieu of Stock is, subject to the satisfaction of specified performance or other vesting conditions.

“SAR”: A right entitling the holder upon exercise to receive an amount (payable in cash or in shares of Stock of equivalent value) equal to the excess of the fair market value of the shares of Stock subject to the right over the base value from which appreciation under the SAR is to be measured.

“Section 409A”: Section 409A of the Code.

“Section 422”: Section 422 of the Code.

“Section 162(m)”: Section 162(m) of the Code.

“Stock”: Common Stock of the Company, par value \$0.001 per share.

“Stock Option”: An option entitling the holder to acquire shares of Stock upon payment of the exercise price.

“Stock Unit”: An unfunded and unsecured promise, denominated in shares of Stock, to deliver Stock or cash measured by the value of Stock in the future.

“Unrestricted Stock”: Stock not subject to any restrictions under the terms of the Award.

How to complete this Proxy Form

1 Your Address

This is your address as it appears on the company's share register. If this information is incorrect, please mark the box and make the correction on the form. Securityholders sponsored by a broker (in which case your reference number overleaf will commence with an 'x') should advise your broker of any changes. **Please note, you cannot change ownership of your securities using this form.**

2 Appointment of a Proxy

If you wish to appoint the Chairman of the Meeting as your proxy, mark the box. If the individual or body corporate you wish to appoint as your proxy is someone other than the Chairman of the Meeting please write the full name of that individual or body corporate in the space provided. If you leave this section blank, or your named proxy does not attend the meeting, the Chairman of the Meeting will be your proxy. A proxy need not be a securityholder of the company. Do not write the name of the issuer company or the registered securityholder in the space.

If you appoint the Chairman of the Meeting as your proxy, or the Chairman of the Meeting becomes your proxy under either of the two scenarios explained immediately above, and you do not provide instructions on how to vote for the item on this Proxy Form, then the Chairman will vote in favour of the item.

3 Votes on Items of Business

You may direct your proxy how to vote by placing a mark in one of the three boxes opposite each item of business. All your securities will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of securities you wish to vote in the appropriate box or boxes. **If you do not mark any of the boxes on a given item, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.**

4 Appointment of a Second Proxy

You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by telephoning the company's share registry or you may copy this form.

To appoint a second proxy you must:

- (a) indicate that you wish to appoint a second proxy by marking the box.
- (b) on each of the first Proxy Form and the second Proxy Form state the percentage of your voting rights or number of securities applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded.
- (c) return both forms together in the same envelope.

5 Signing Instructions

You must sign this form as follows in the spaces provided:

- Individual: where the holding is in one name, the holder must sign.
- Joint Holding: where the holding is in more than one name, all of the securityholders should sign.
- Power of Attorney: to sign under Power of Attorney, you must have already lodged this document with the registry. If you have not previously lodged this document for notation, please attach a certified photocopy of the Power of Attorney to this form when you return it.
- Companies: where the company has a Sole Director who is also the Sole Company Secretary, this form must be signed by that person. If the company (pursuant to section 204A of the Corporations Act 2001) does not have a Company Secretary, a Sole Director can also sign alone. Otherwise this form must be signed by a Director jointly with either another Director or a Company Secretary. Please indicate the office held by signing in the appropriate place.

If a representative of a corporate Securityholder or proxy is to attend the meeting the appropriate "Certificate of Appointment of Corporate Representative" should be produced prior to admission. A form of the certificate may be obtained from the company's share registry or at www.computershare.com.

Lodgement of a Proxy

This Proxy Form (and any Power of Attorney under which it is signed) must be received at an address given below no later than 1.00 pm (AEST) on 4 June 2008. Any Proxy Form received after that time will not be valid for the scheduled meeting.

Documents may be lodged:

the Chairman of the Meeting (mark with an 'X')

OR

If you are not appointing the Chairman of the Meeting as your proxy please write here the full name of the individual or body corporate (excluding the registered Securityholder) you are appointing as your proxy.

or failing the individual or body corporate named, or if no individual or body corporate is named, the Chairman of the Meeting, as my/our proxy to act generally at the meeting on my/our behalf and to vote in accordance with the following directions (or if no directions have been given, as the proxy sees fit) at the Extraordinary General Meeting of pSivida Limited to be held at Stamford Plaza Melbourne, Edinburgh Room, Level 1 West Tower 111 Little Collins Street Melbourne Victoria on 6 June 2008 at 1.30 pm (AEST), or as soon after that time as the preceding Scheme Meeting concludes or is adjourned, and at any adjournment of that meeting.

Voting directions to your proxy - please mark X to indicate your directions

Item 1 Adoption of ESOP

"That, the new pSivida ESOP, the terms of which are contained in, and more particularly described in the Information Memorandum (which accompanies the notice convening this meeting) and in the form submitted to the EGM, and, for the purpose of identification, signed by the Chairman of the EGM, is approved."

For Against Abstain*

In addition to the intention advised above, the Chairman of the Meeting intends to vote undirected proxies in favour of each of the other items of business.

* If you mark the Abstain box for a particular item, you are directing your proxy not to vote on your behalf on a show of hands or on a poll and your votes will not be counted in computing the required majority on a poll.

How to complete this Proxy Form

1 Your Address

This is your address as it appears on the company's share register. If this information is incorrect, please mark the box and make the correction on the form. Securityholders sponsored by a broker (in which case your reference number overleaf will commence with an 'x') should advise your broker of any changes. **Please note, you cannot change ownership of your securities using this form.**

2 Appointment of a Proxy

If you wish to appoint the Chairman of the Meeting as your proxy, mark the box. If the individual or body corporate you wish to appoint as your proxy is someone other than the Chairman of the Meeting please write the full name of that individual or body corporate in the space provided. If you leave this section blank, or your named proxy does not attend the meeting, the Chairman of the Meeting will be your proxy. A proxy need not be a securityholder of the company. Do not write the name of the issuer company or the registered securityholder in the space.

If you appoint the Chairman of the Meeting as your proxy, or the Chairman of the Meeting becomes your proxy under either of the two scenarios explained immediately above, and you do not provide instructions on how to vote for the item on this Proxy Form, then the Chairman will vote in favour of the item.

3 Votes on Items of Business

You may direct your proxy how to vote by placing a mark in one of the three boxes opposite each item of business. All your securities will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of securities you wish to vote in the appropriate box or boxes. **If you do not mark any of the boxes on a given item, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.**

4 Appointment of a Second Proxy

You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by telephoning the company's share registry or you may copy this form.

To appoint a second proxy you must:

- (a) indicate that you wish to appoint a second proxy by marking the box.
- (b) on each of the first Proxy Form and the second Proxy Form state the percentage of your voting rights or number of securities applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded.
- (c) return both forms together in the same envelope.

5 Signing Instructions

You must sign this form as follows in the spaces provided:

Individual:	where the holding is in one name, the holder must sign.
Joint Holding:	where the holding is in more than one name, all of the securityholders should sign.
Power of Attorney:	to sign under Power of Attorney, you must have already lodged this document with the registry. If you have not previously lodged this document for notation, please attach a certified photocopy of the Power of Attorney to this form when you return it.
Companies:	where the company has a Sole Director who is also the Sole Company Secretary, this form must be signed by that person. If the company (pursuant to section 204A of the Corporations Act 2001) does not have a Company Secretary, a Sole Director can also sign alone. Otherwise this form must be signed by a Director jointly with either another Director or a Company Secretary. Please indicate the office held by signing in the appropriate place.

If a representative of a corporate Securityholder or proxy is to attend the meeting the appropriate "Certificate of Appointment of Corporate Representative" should be produced prior to admission. A form of the certificate may be obtained from the company's share registry or at www.computershare.com.

Lodgement of a Proxy

This Proxy Form (and any Power of Attorney under which it is signed) must be received at an address given below no later than 1.30 pm (AEST) on 4 June 2008. Any Proxy Form received after that time will not be valid for the scheduled meeting.

Documents may be lodged:
